Oregon Mothers Club to Entertain

Mothers of University of Oregon students in this part of the state will take part in "University Week" from November 6 to 11, during which time each mother is being asked to open her home for a tea, bridge luncheon, or evening party, to raise this year's quota for the Mothers' Scholarship fund, according to Mrs. C. C. Wintermute of Portland, state president of mothers.

This fund will be presented to Dr. Donald M. Erb, president of the university, at the annual meeting next spring during Mother's day week-end. In addition, through the publishing of 2,000 cook books, the University of Oregon Mothers Revolving Fund was established in 1937. Now in this fund is the sum of \$2700, from which students may borrow emergency loans up to \$30 for a period of 30 days. Last year alone 800 such loans were made, enabling many to continue their schooling.

The Medford club of University of Oregon Mothers will entertain with a tea affair later on this month. A similar event held last year during "University Week" was a very enjoyable and successful event and the proceeds added considerably to the scholarship fund.

Two birthday cakes of pink and white formed the table centerpiece. Guests included Mr. and Mrs. C. E. Olson and daughter Miss Hazel Woods of Chehalis, Wash., Mr. and Mrs. Clare Vinson and son Richard, Mr. and Mrs. Alfred Snyder, Mr. and Mrs. Fred Woods of Roseburg, Miss Lois Snyder, Leslie Snyder, Marion Johnson, Miss Juanita Reter, Mrs. Snyder and Mrs. Johnson.

Local Members to Meet With Ashland

American Association of University Women, International Relations study group will travel to Ashland this evening to hold a joint session with the Ashland A.A.U.W. group. The affair will start at 7:30 in the Lithia Hotel. It is expected that about a dozen local members will make the trip, three of whom will give speeches of interest during the evening.

We like to live on "Main Street" — and we do

WHEN WE do business in a community we try to live there. Our idea, really, is to emulate the home-town boy who makes good — in his own home town. The result is that we have hundreds of home towns where we trade with other local merchants, pay our local taxes, prosper or do poorly as the town does.

Many people realize that our employees spend with the grocer and the butcher in the towns where they live, work, and earn. Not always are they conscious that, as a company, we do exactly the same thing. Wherever we ask the other homefolks to spend with us, we make it a policy to spend substantially with them.

In other ways, too, we practice a business reciprocity which contributes to the commercial well-being of our fellow-townspeople. For we not only live on hundreds of "Main Streets" — we also hope to go on living there year after year after year.

Standard Oil Company of California

Saturday Lunch For Legion Women

One of the features of the American Legion auxiliary activities during the Armistic Day observance will be the luncheon Saturday at 12 noon at the Hotel Medford.

Guests at the affair will include prospective members and mothers and wives of Legion men. Entertainment and music will follow the luncheon.

Mrs. C. E. Kunz is chairman of the entertainment committee. Mrs. Ray E. Wright and Mrs. Maisie Daily have charge of the tables. Mrs. Wright is to be called for reservations.

Mrs. H. J. Meiring, president of the auxiliary, will preside at the event. Membership dues will be collected at this time.

Many Members R. N. Attend G. P. Meet

Mistletoe camp, Royal Neighbors of America traveled to Grants Pass last Thursday to attend a district rally. Medford camp initiated members for Ashland and Jacksonville.

Those attending from here included Irene Shirley, Grace Wakefield, Susanna Braun, Dolores Norton, Myrtle Arnold, Ethel Latham, Cora Bashaw, Blanche Arnold, Joan Beene, Nora Glascock, Gladys Gillman, Freda Kingsley, Alta Nyberg, Pearl Miller and District Deputy Marjorie Pierson.

A covered dish dinner and program by the Grants Pass camp was enjoyed during the evening. The district deputy talked on plans for the ensuing year.

Eagle Card Party Tuesday Evening

The auxiliary of the Fraternal Order of Eagles will entertain this month with a series of card parties the first of which will be held Tuesday evening at 8 o'clock in the Eagle hall on North Front street.

Mary Lucas and Verna Thatcher are in charge of the tables and the following committee is in charge of refreshments: Olga Bowdish, Helen Wetterer and Erma Johnston.

Mrs. Lucas is to be telephoned for reservations.

AAUW Art Group Meets Tonight

Arts and decorations study group of American Association of University Women will gather Wednesday evening at 7:30 o'clock at the home of Mrs. Darrell Huson, 45 Lindley avenue. The meeting was postponed from Tuesday evening.

The evening will be devoted to making Christmas cards, using multiple colored blot printing. Members are asked to bring their card designs.

Mr. Holmes Back From Bay City

David Holmes, Sr., and his daughter, Miss Nanette Holmes, returned by train this morning from San Francisco, where they spent the week-end.

2:30 p. m.—Oregon State Mothers, home Mrs. W. A. Holway, 323 Mae street.
8:00 p. m.—Eagles card party, 42 North Front street.

BLAME CIGARETTE IN BABY'S DEATH

Mill Valley, Cal., Nov. 6.—(U.P.)—Eighteen-month-old Patricia McDonald, daughter of Mr. and Mrs. Stanley McDonald, was burned to death in her crib Saturday night while her parents slept in another part of the house. Deputy Coroner Harry Williams believed the blaze might have started when one of the parents dropped a cigarette into the crib while putting the child to bed. A motorist saw flames in the baby's room on the second floor. He summoned the Mill Valley fire department. Firemen climbed to the second floor, broke in through a window, extinguished the fire, then awakened the parents to inform them of the tragedy.

NOTED EXPERT IN COOKING OF MEAT SPEAKS THURSDAY

The old adage, "There's no accounting for taste," is being disproved by modern science. You can account for taste, definitely, especially when it is a taste or distaste for certain foods.

"There's a reason why we like food 'like mother used to cook,'" according to Miss Jessie Alice Cline, noted food expert who is to discuss and demonstrate the newest methods of meat cookery at the junior high school auditorium next Thursday at 2 p. m., sponsored by the Oregon State college extension service, under the direction of Mabel C. Mack, county home demonstration agent. "We think we select food on account of its taste, but association, appearance and aroma have as much to do with our liking as does flavor. We keep on liking what tasted good to us as children, and we learned to like it because we saw that others liked it."

Home Economics Head.

Miss Cline is professor of home economics at the University of Missouri and since 1929 she has been a member of the committee on cooking of the Co-operative Meat Investigations project instigated by the national livestock and meat board, in which 26 leading universities, colleges, experiment stations and the U. S. department of agriculture have studied all phases of production, processing and cooking meat, as well as its nutritive value and its place in the diet. Miss Cline is on leave of absence from the university, and she has chosen to spend a part of it telling homemakers and the general public what has been learned about meat cookery during these years of investigation.

Old Method Was Guess.

"Of course we taught methods of meat cookery before that, but they were based on guesswork. Certain ways appeared to give better results. Then we set out to learn exactly which ways were best. My university, Missouri, was one of the first to undertake the project. "In order to find out the best ways of cooking meat, we have tested thousands of the various cuts of beef, pork, veal and lamb. We have cooked them covered and uncovered, at various degrees of temperature for different lengths of time. By carefully noting results of these tests, we selected the best methods."

POLICE BULLETS HALT AUTO THIEF SUSPECT

Portland, Nov. 6.—(U.P.)—Emile Schatz, 20, Portland, was arrested Sunday and held on a stolen automobile charge, after police emptied their guns into the car in which he attempted to elude them.

Patrolmen Abraham and Simmons said they spotted Schatz in an allegedly stolen vehicle and fired on him when he refused to stop.

The two automobiles careened through Portland's north residential district, until Schatz swerved his machine into the police car.

Schatz was slightly injured by flying glass. He was held under \$1,000 bail. Neither police officer was hurt.

FREDERICK G. HONNER FUNERAL TOMORROW

Funeral services for Frederick George Honner who passed away November 4, will be conducted from the Perl Funeral Home, Tuesday at 2 p. m., Rev. Werner Jensen of the Zion Lutheran church officiating. Interment will take place in the Siskiyou Memorial park. Friends are respectfully invited to attend the funeral services.

FOR Children's SNIFLES
SPARE your child much of the misery of sniffing, sneezing, and smothery nostrils due to colds by inserting Mentholatum in his nostrils. This gentle ointment soothes and protects irritated mucous membrane, reduces swelling and thus opens breathing passages wide. It soon checks sneezing and sniffing. Also rub Mentholatum on the child's chest, back, and neck. This will improve local blood circulation and help relieve cold discomforts more effectively. Mentholatum helps in so many ways that you should always remember this: For Discomforts of Colds—Mentholatum. Sink them together in your mind.
MENTHOLATUM Gives COMFORT Daily

Livestock

Portland, Ore., Nov. 6.—(AP-USA) —Hogs: Salable 2550, total 2600; market slow, 10@15c below Friday or 35@40c below last Monday; good-hoiced 165-215 lb. drive-ins \$6.25 @ 35; carloads lots mostly \$6.50; 230-260 lb. butchers \$5.75 @ 6; few light lights \$5.75 @ 6; packing some \$4 @ 7.5; choice light feeder pigs quotable to around \$6.50; few 450-550 lb. stags \$4 @ 25.

Wall St. Report

New York, Nov. 6.—(AP)—Aircrafs lost their zooming power in today's stock market and many other leaders found the going a bit rough. Low-priced issues among aviation and other groups again were liveliest performers, but the majority failed to pull out in front. Losses generally ran to two points or so in the forenoon. Modest buying support appeared in the latter part of the proceedings and extreme setbacks were reduced or transformed into minor advances here and there at the close.

Transfers for the five hours approximated 1,300,000 shares. North American Aviation did comparatively well among the aero manufacturing issues as the company voted a dividend of \$1 a share against a 40-cent payment declared last July. Glenn Martin, Boeing, Curtiss-

Scout Troop 8 Will Entertain G. P. Boys

Troop 8 will play host Tuesday evening to Sea Scout Ship 21 of Grants Pass, in the Eagles' hall on North Front street. Object of the visit will be the taking of the "One-Eyed Eagle" totem pole down to Grants Pass. Troop 8 invites all scouts to turn out to see the feat the Sea Scouts will put on. Homer McDonald will also entertain on the occasion. The public is cordially invited. Starting time will be 7:15 p. m.

CHEST COLD MISERY
FIRST—rub throat, chest, and back with Vicks VapoRub at bedtime. THEN—spread a thick layer of VapoRub on the chest and cover with a warm cloth. RIGHT AWAY, VapoRub goes to work—loosens phlegm—eases muscular soreness or tightness—clears air passages—relieves coughing. And often by morning, most of the misery of the VICKS VAPORUB cold is gone.

For More Mildness—Coolness and Flavor

CAMELS

SLOW-BURNING COSTLIER TOBACCOS

Here's luxury and *thrift* together!

TOBACCO'S temperament! Its elements of flavor and aroma are delicate...fragile. And nothing destroys tobacco flavor...nothing turns natural fragrance into tasteless discomfort like...heat! Fast-burning cigarettes can't yield either comfort or delicate taste. They taste...well, like anything but a good cigarette. Camel's slow-burning, costlier tobaccos give you the luxury of milder, cooler, more fragrant and flavorful smoking. And that luxury not only doesn't cost you more...it costs you less! Simple arithmetic shows you how slow burning also gives you the equivalent of 5 extra smokes per pack! (See panel at right.)

A prominent scientific laboratory recently made impartial tests on 16 of the largest-selling cigarette brands. They found that CAMELS BURNED SLOWER THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of

5 EXTRA SMOKES PER PACK!

FAST BURNING—creates hot flat taste in smoke... ruins delicate flavor, aroma...
SLOW BURNING—protects natural qualities that produce mildness, thrilling taste, fragrance... a cooler smoke...
