

GOERING POO POOS HELP U. S. PLANES MAY GIVE ENEMIES

German Field Marshal Says Country Is Unbeatable — Keeping War Humane

By LOUIS P. LOCHNER
Berlin, Nov. 8 — (P) — Field Marshal Hermann Wilhelm Goering told foreign correspondents today he regarded Germany as unbeatable and even if the United States built a great number of airplanes "it doesn't mean yet that they are over here."

In exceptionally good humor, Goering submitted to questions by foreign correspondents at a reception given by the new soviet ambassador, Alexander A. Schwarzzeff.

Strange Sequel

"The fact that I am here at this time should in itself tell you better than any words can as to just what the situation is," he asserted. "If anybody had told us in 1933 that our fight with England and France would bring us side by side with Russia we should have been regarding him as crazy."

Goering listened intently when one American correspondent asked:

"Supposing American planes are shipped for the allies? There is talk of 8,000."

"In the first place it isn't possible to build 8,000 so fast," Goering replied. "In the second place even if they were built that doesn't mean yet that they are over here. Anyway if we built only 8,000 we'd be poor aviators."

Unawed by U. S. Planes

Again an American asked, "there are said to be 800 ready at American docks for shipment?"

"Well that's something, but by no means enough," Goering said. "We certainly are not afraid of American planes."

When asked why Germany didn't attack the British coast, but contented herself with attacks on warships, the field marshal asserted:

"Warships are more important strategic objects than the coast."

"But why, if you are in such excellent condition, didn't you open a 'blitz krieg' (lightning war) on England?" a correspondent persisted.

"Because we are humane, Goering quickly replied and, growing serious, added, "please gentlemen, that's no joke."

VILLAGE ENJOYS TAX-FREE YEAR

Milton, Mass. (U.P.)—This community of fewer than 500 persons gets a free ride on the financial merry-go-round for the next 12 months.

Mayor Kenneth H. Simmons told the city council there will be no taxes next year. Reason: The city books are balanced and the state will pay for the ride in the form of state liquor board and highway department allocations.

This relatively simple solution is a permanent one, Mayor Simmons declared.

Furthermore, he added, it was feasible in any city in the state—large or small.

The municipality of Milton is so small that its population is not even listed on the maps. Yet the complete elimination of municipal tax levies will reduce the taxes of property owners about 35 per cent.

MARATHON CYCLISTS AT CANADIAN RANCH

Hazleton, B. C., Nov. 8 — (Cp) — An air and land search for John T. Logan and Charles C. (Slim) Williams, missing in British Columbia's rugged north-land for several weeks, ended yesterday when the pair arrived safely at a ranch 23 miles north of here.

Williams, veteran Alaska musher, and Logan, of Pittsburgh, Pa., who left Fairbanks, Alaska, last May 14 by motorcycle hoping to be the first to traverse on wheels the proposed route of the British Columbia-Alaska highway, were in good health when they reached the ranch.

Worked

Sioux Falls, S. D. (P) — Gabe Caffrey, local newspaper columnist, found a neat way of ducking an overtime parking ticket. He pleaded, and the city prosecutor and Municipal Judge Gibbs agreed that his aged car was not a vehicle. "I cannot dismiss the case," the court said. "There isn't any case — there isn't any car, so the court can not take jurisdiction."

Closing time for too late to class city ads is 1:30 p. m.

Shown above is one of the thousands of Red Cross Emergency First Aid signs which dot all principal highways in the United States and mark the point where victims of accidents may receive emergency treatment under the care of specially trained and supervised personnel. Since the establishment of these stations thousands of lives have been saved through the timely administering of emergency treatment. Each station is equipped with complete facilities and is maintained and supervised by the National Chapter of the American Red Cross for the benefit of motorists.

LEGION MEN SECURE VAUDEVILLE TALENT AS DUGOUT FEATURE

Several high class vaudeville acts will be a feature of the American Legion post's "dugout" on Armistice day, according to Capt. H. J. Meiring, commander.

The local post commander stated that the Legion committee had gone to considerable expense and effort to secure professional stage talent for the "dugout" and he urged all Legionnaires and other ex-service men not to miss the show which will be one of the highlights of the day's entertainment.

An introductory performance will be staged at 1 p. m., and the final performance at 5 p. m.

EDUCATOR FLAYS DEFEATIST VIEW

Schenectady, N. Y. — (U.P.) — America's greatest curse is a theory advanced by "long-faced economists and long-faced psychiatrists" that its people are victims of circumstance, according to Dr. James Dixon Ryan Fox, Union college president.

High school and college students are likely to develop defeatist attitudes or are tempted to consider lines of least resistance in carving careers when they are confronted with the "as God wills" fatalists, the educator believes.

"Anything that saps the sense of individual responsibility will rot the American character," he said. "With rare exceptions one's individual future is in his own hands. The person who tells a youth he is the creature of circumstances is doing him no favor."

ROOSEVELT FUNDS UTILIZED HERE IN PARALYSIS CASES

Health Assn. Board Hears Report On Use of Funds From President's Ball

Continual use of Roosevelt ball funds for Jackson county infantile paralysis cases, was reported at Monday's meeting of the executive board of the Jackson County Public Health association. Braces were recently bought for one case and special shoes for two cases. These purchases constitute just two of the ways in which the funds are used in this county for treatment and cure of the disease.

Plans for the annual Christmas Seal Sale, which finances the association's battle against tuberculosis, were discussed. The sale will open December 1, this year, the change in the Thanksgiving date having been made too late to move forward the nation-wide campaign.

Vote of Thanks

A vote of thanks was extended by the board to J. C. Boyle, chairman of the Community Chest.

Mrs. J. C. S. Weills, president of the Health association, presided at the meeting, and announced that the bi-monthly meeting of the Health association will be held Thursday, November 16. An invitation is extended persons in all sections of the county, interested in health. The program will open at 2 o'clock in the court house auditorium and will be followed by tea, members of the Central Point committee acting as hostesses.

PENDLETON MAN KILLS WIFE, SELF

Pendleton, Ore., Nov. 8 — (P) — Clifford Frederick Hayden, 35, shot his wife through the back at close range with a shotgun here last night, then turned the gun on himself and blew the top of his head off.

Neighbors, hearing the shots, called officers. Hayden died instantly and Mrs. Hayden succumbed en route to the hospital, Police Chief Charles Lemons said.

GRASS VALLEY REGION HAS SHARP TREMBLOR

Grass Valley, Calif., Nov. 8 — (P) — Nevada county residents picked up broken chinaware and bricks from their chimneys today after a sharp earthquake at 7:25 o'clock last night.

The tremor was accompanied by a report resembling an explosion, and startled miners working far underground. Steel head frames of gold mines were set into violent vibration.

There was no report of injury or serious damage.

Up-And-Downer

Butte Mont. — (P) — William Richards, veteran elevator pilot, has traveled 55,395 miles up and down in the last 19 years—eight miles up and down daily. His friend, John Keneally, janitor at the federal building, figured it out.

Married Couple

Walsall, England — (P) — Mr. and Mrs. Pedley, both 89, recently celebrated their 70th wedding anniversary.

NIGHT COUGHS

YOUR CHILD'S coughing at night—caused by throat "tickle" or irritation, mouth breathing, or a cold—can often be prevented by rubbing the throat and chest with plenty of Vicks VapoRub at bedtime.

VAPORUB'S SWIFT poultice-and-vapor action loosens phlegm, relieves irritation, clears air passages, tends to stop mouth breathing, and invites healing, restful sleep. Try it.
