

SHORTER ROAD TO OREGON CAVES IS FOREST PROJECT

New Route Will Cut Over 20 Miles From Present Route Via Grants Pass

Grants Pass, Nov. 10.—(AP)—A new road from the northeast will be constructed to the Oregon Caves national monument, County Judge W. A. Johnson announced today after the county court and engineer H. B. Brown arranged for right-of-way.

He said the Williams CCC camp will build a forest road, about 14 miles in length, from Caves camp near Williams to Grayback Forest camp at the foot of Caves mountain, nine miles from the caverns' entrance. It will join the Oregon Caves highway at Grayback camp.

Take Long Time

The project is expected to take two or three years. The distance from Grants Pass will be longer than the present paved route, 50 miles, but the new construction will greatly shorten the distance from Williams and Medford.

After lying dormant for some time, the proposal to construct such a road gained momentum this year.

The secondary highway from Provoit to Williams was paved, the Williams CCC camp established and the Jackson County Chamber of Commerce asked the Grants Pass and Josephine Chamber of Commerce to endorse such a route.

In constructing the forest road, the Williams Creek CCC camp men will follow a survey made 10 or 11 years ago, said Otto Krueger, in charge of the Oregon-California reversion lands administration here.

The road job is a twin project,

Play for Armistice Day Dance

Archie Legge's recording orchestra shown above, will provide music for the American Legion's Armistice Day dance at the Oriental Gardens Saturday. Dancing will start at 9:30 p. m.

Mr. Krueger explained. The O-C administration, using CCC enrollees, will construct a leg of the proposed road from Williams to the head of the west fork of Williams creek. The Siskiyou national forest will build the other leg of the road from the Caves Junction highway to the head of Grayback creek, the two sections joining at the divide, Mr. Krueger said. The CCC men started about a week ago on the O-C section of the road, he related, adding that the Siskiyou national forest had previously cleared about two miles of its section. The O-C section is 14 miles long, the forest service section about nine, he stated.

20 Miles Shorter

Mr. Krueger estimated the proposed road will cut off 20 to 25 miles from Medford to Oregon Caves. He said it is intended primarily as a means of getting to merchantable timber and as a facility in the suppression of forest fires. Nevertheless, he said, the road will be well constructed, better than most forest roads, and with the thought in mind of eventual touring. For the time being it will be a dirt road, he said. It will be graded to less than 5 per cent and the alignment will be permanent, he emphasized.

Donald Slawson, project superintendent at the Williams Creek CCC camp, is in charge of the road job for the O-C.

COMMUNISTS IN RALLY ATTACKED BY VETERANS THREE SERIOUSLY HURT

Detroit, Nov. 10.—(AP)—A score of persons nursed bruises today as a result of a riot after a communist party rally last night. Three persons were injured seriously and six were arrested.

Police said the fighting started when members of war veterans and patriotic organizations massed outside the hall and charged the communists and sympathizers as they left the building. Fighting spread up and down the street as battling groups detached themselves from the throng.

Riot calls brought several squads of police as the melee got out of hand. One policeman was slightly injured trying to separate the fighters.

The group outside the hall began massing while those who attended the meeting heard William Z. Foster, chairman of the communist party in America, speak in observance of the 21st anniversary of the soviet regime in Russia.

Many of the group bore placards with such slogans as "Save

America—Liquidate the Reds," and "Send These Bolsheviks Back to Russia."

SPRAGUE INVITED TO SPORT DINNER

Gov. Charles A. Sprague, and state game officials and local representatives of the state legislature, have been invited to attend the sportsmen's banquet at the Hotel Medford at 6:30 p. m. November 28, it was announced today by A. W. Lingaas, secretary of the Rogue River Sportsmen's Club, Inc., which is sponsoring the banquet with the Central Point Sportsmen and the Gold Hill Rod and Gun club.

Committees are at present making preparations and plans for the affair and all interested in attending are asked to purchase their tickets early from any sporting goods store or from committee members in Medford, Ashland, Central Point, Gold Hill and outlying districts.

War Over For Flier

Brussels, Nov. 10.—(AP)—A British airplane landed near Courtrai, close to the French frontier today. The pilot and plane were interned by Belgian authorities.

DEATH COMES TO JOHN M. ALLEN ON BT. FALLS RANCH

John Marian Allen passed away suddenly at his ranch home on the Eagle Point-Butte Falls highway, Nov. 9.

In the passing of Mr. Allen, southern Oregon lost one of its oldest and best known pioneers. Mr. Allen was the youngest son of Thomas and Rachel Allen and crossed the plains in a wagon train with his parents, several brothers and sisters, arriving in Portland in November, 1863. His father homesteaded 160 acres of land on the north slope of Mt. Tabor, Portland, and lived there until the fall of 1868 when the family moved to Harrisburg, Oregon, and in the spring, came to Central Point, arriving there June 1, 1869. In August, they moved to the place which has ever since been Mr. Allen's home.

His father passed away at the ranch home in January 1890, and his mother in April 1914.

On October 4, 1893 Mr. Allen was married to Charlotte Edmondson, daughter of Mr. and Mrs. B. F. C. Edmondson, who also were early pioneers.

Mr. Allen, a lover of fine stock, engaged in stock raising when only a boy and continued in this pursuit until his death. Although his health had failed in the last year he still continued

to direct the work on the ranch and up until the day before his death rode his horse over the ranch.

Mr. Allen was dearly beloved by his many friends over the southern part of the state.

He leaves besides his widow, Charlotte, two daughters, Alta Bercholdt, of Butte Falls; Agnes McDonald, of Portland, and one son, Walter Ray Allen, who lives on the home ranch; also one grandson, Allen Bruce McDonald, of Portland.

Funeral arrangements are in charge of the Peril Funeral Home and will be held at 1:30 p. m. Monday, Rev. Sherman L. Divine officiating. Interment in Butte Falls cemetery.

LITRELL CASE IN FINAL STAGE

Testimony in the circuit court damage case of Robert Littrell against Lee Smith, operator of the Yellow Taxi company was completed yesterday, and arguments on the defense motion for a directed verdict, were made today by counsel for both sides. The suit is the outgrowth of an auto-bicycle accident at Main street and Central avenue last July, when young Littrell on his wheel was struck by a taxi driven by an employee of Smith's and sustained asserted injuries, for which through his guardian, he seeks \$3000.

The plaintiff called 12 witnesses to the stand, including a number of eye-witnesses, and the defense five.

Ship Missing

London, Nov. 10.—(AP)—The British admiralty tonight announced that "H.M.S. Northern Rover, a small auxiliary vessel, is considerably overdue and must be presumed lost."

OVERHEARD AT TREASURE ISLAND!

"No wonder the coffee is fresh whenever you buy it!"

"NO WONDER THE COFFEE IS FRESH WHENEVER YOU BUY IT." Naturally visitors at Hills Bros. Exposition Theatre say this for they see how Hills Bros. Coffee is packed in vacuum. They learn that Hills Bros. were first to use this method of keeping coffee fresh. This freshness is one of the things about Hills Bros. Coffee that cause people to say as they drink it, "Now that's what I call good coffee!"

"The Correct Grind SUITS ME PERFECTLY"

"I can make delicious coffee in any type of coffee-maker by using The Correct Grind. Of course, I'm careful to follow directions... also Hills Bros. advice—never regrind The Correct Grind. Regrinding means loss in flavor, aroma, and freshness."

IMPORTANT! Carefully observe time for each method. Measure 2 leveltablespoons of coffee for each cup of water. Vary water slightly for exact strength desired. Keep coffee-maker clean.

Drip Method! 6 to 8 minutes preferred. If less than 2, capacity is made, water will drip too fast giving weak brew.

GLASS VACUUM MAKERS! Put upper bowl on after water boils. Coffee and water should be in contact 5 to 7 minutes.

PERCOLATOR! Start with cold or hot water. "Perk" 10 to 15 minutes after steady pumping starts.

COFFEEPOT! Bring coffee and water to boiling. Stir well. Add small amount of cold water and let stand 5 minutes to settle grounds.

STEERING! Pour boiling water on coffee. Stir well. Stir again in 5 minutes. Steep for a total of 10 to 15 minutes.

SUN OR NO SUN! CLOROX MAKES LAUNDRY SNOWY-WHITE... SANITARY!

It's always "fair weather" with Clorox in the wash! For Clorox in the regular laundering process bleaches more effectively than the brightest sunshine. Whether you dry indoors or out, Clorox makes white cottons and linens snowy-white (brightens fast colors), makes them fresh-smelling, sanitary. Clorox provides protective cleanliness in laundry, kitchen, bathroom... has many important personal uses. Directions on label.

CLOROX

AMERICA'S FAVORITE BLEACH AND HOUSEHOLD DISINFECTANT. BLEACHES • DEODORIZES • DISINFECTS • REMOVES NUMEROUS STAINS. Even Scum and Mildew.
