

NAVY CLAIMS FAULTS IN NEW DESTROYERS HAVE BEEN REMEDIED

Washington, Nov. 10.—(P)—The navy disclosed today over-weight designing had lessened the stability of some of its new destroyers but said "fully adequate" measures to correct the defects already had been taken.

As a result of these corrective measures, Charles Edison, acting secretary of the navy, wrote Senator Vandenberg (R., Mich.), "It can be stated without reservation that these destroyers will be superior to the earlier types and that they will give years of valuable peacetime service and greater reliability and effectiveness in time of war."

LOWER RAIL RATE WILL HELP MALIN

Salem, Nov. 10.—(P)—Southern Oregon farmers, particularly those in the Malin area of Klamath county, want today their long fight for lower freight rates to Willamette valley points when the Southern Pacific railroad announced it would reduce the tariffs.

Public Utilities Commissioner Ormond R. Bean said farmers in the Malin district have been forced to sell in southern markets or else truck their products to the Willamette valley. He said the new rail rates would permit them to enter Willamette valley markets advantageously.

County Agent Robert G. Fowler said the rate reduction would have little or no effect on Jackson county farmers. It was his belief, in the absence of definite information, that the tariff reductions pertained to potatoes.

CITY LEARNS BATHING IN NUDE IS LAWFUL

Cadillac, Mich.—(U.P.)—City Clerk H. L. Worden thinks the nation's nudists should know that Cadillac is a very advanced city. No municipal law forbids nude bathing between 8 p. m. and 5 a. m.

Worden discovered Cadillac's failure to restrict nude bathing when he was asked to prepare a list of city ordinances relating to approved apparel for local beaches.

The only one he found was passed Aug. 10, 1891, and said: "No person shall bathe in any of the public waters within said city in a nude condition between the hours of 5 o'clock in the morning and 8 o'clock in the evening."

NO. 1 TURKEY HENS FETCH 19 CENTS

No. 1 turkey hens were selling at 19 cents per pound, and No. 1 turkey toms at 16 cents per pound on the local market, Swift and Company reported today. This price was reported as about four cents below the opening last year.

Swift and Company have shipped two or three cars to the eastern market this week, and expect the California market to open the coming week. It was reported a number of independent buyers were in the field, but their purchases have been limited to date.

Killing and picking of the Rogue River valley turkey has started and will be in full swing for the Thanksgiving market the coming week. Dealers and the county agents warned growers against marketing their birds before they are in prime condition, and ready for market. They said this would have a tendency to lower the price.
