

RUSSIA SUGGESTED AS INSTIGATOR OF ATHENIA OUTRAGE

Georgetown University Regent Says Soviet Only One That Could Profit by Act

Boston, Nov. 14.—(AP)—The suggestion Russia might have been involved in the sinking of the Athenia and the recent attempt to assassinate Hitler has been advanced by the Rev. Dr. Edmund A. Walsh, S. J., regent of Georgetown University's foreign service school.

Washington Suspicious

"The conviction was voiced in Washington that the sinking of the Athenia was due neither to an English nor a German submarine, but to a Russian craft," Dr. Walsh said. "That horror could have brought no profit to Germany, rather a universal reversion and the loss of the little support she still retains among neutrals. It is unthinkable England should have deliberately massacred her own nationals, as well as Americans."

Asserting Soviet Russia never has abandoned its "dreams of world revolution," Dr. Walsh said that nation could have profited if the Athenia incident caused the United States to become entangled.

The bombing attempt on Hitler's life, he continued, "argues the presence of some secret organization . . . paving the way for schism and confusion best adapted to Moscow's program."

Russia May Repeat

He predicted if Germany were defeated, Russian troops would march in to "rescue" the working class "the same as they did in Poland," and communism then would confront England and France.

Is that why Chamberlain hesitates to unleash an attack on Germany?" the priest asked.

Dr. Walsh attacked Earl Browder, American communist party leader, as "Stalin's agent in the United States" and as "a professional organizer of a conspiracy to overthrow the constitutional government of this country."

START REBUILDING OF HUBER PLANT

Work has started on rebuilding the Huber Packing company plant on Midway road. The structure was destroyed by fire last August. The building is expected to be completed by January 1, according to I. E. Foy, connected with the concern.

Foy said the first construction would be the cooling and killing rooms and installation of the hog-cleaning machine, so as to serve local trade and farmers as soon as possible.

The fire caused loss estimated at \$40,000, including the buildings, machinery and stock on hand. Cause of the blaze has never been definitely determined. It was first discovered by a passing motorist who noticed the roof ablaze and reported to office workers.

PERFECT MURDER FAILS TO INSURE GAS ROOM DEATH

Life Imprisonment Given Man Who Planned Murder to Gain Suicide Substitute

Sacramento, Cal., Nov. 14.—(U.P.)—Albert Ruske, who claimed he spent 24 hours planning a "perfect murder" to insure his death by execution as a substitute for suicide, must remain in prison for life instead of dying in San Quentin's gas chamber as he requested. Gov. Culbert Olson ruled today.

Ruske was convicted of killing eight-year-old Elaine Watson in San Francisco, July 13, 1934. He said he spent a full day and night planning her death so there could be no possible doubt as to his guilt, or that he would be condemned to death.

Ruske confessed he choked the girl and beat her over the head with a whiskey bottle when she came into his basement looking for her pet rabbit, which he had previously killed for stew.

Resentance Asked

Ruske was sentenced to life, but later asked Gov. Olson to resent him to death. In his letter to Olson, Ruske said he planned a murder to accomplish "first, the future happiness of those I loved; second, a means of protecting one I love; and third, what I thought was a sure road to death."

But M. Stanley Mosk, executive secretary to the governor, said there was no legal means by which Ruske could be resentenced, since this procedure would place him twice in jeopardy.

TURKEY PRICES UP SINCE LAST WEEK

Swift and Company reported today a price of 16½ cents per pound for young toms and 20 cents per pound for No. 1 turkey hens, an increase of one-half cent for toms, and one cent for hens over the price of last week.

County Agent R. G. Fowler said he had heard of no extensive buying hereabouts other than by the Swift company.

Four cars of valley turkeys were shipped last week to eastern markets and a fifth car was being loaded today for the Los Angeles territory. Most local shipments from now until Thanksgiving are scheduled for California.

It is expected the peak of Thanksgiving buying would be reached this week. Fowls are being delivered at a brisk pace today, the Swift and company turkey department manager reported.

RED CROSS CALL NOW IN PROGRESS IN RURAL AREAS

Red Cross annual roll call opened last Saturday and will continue throughout the month in locations outside of the Community Chest area. Central Point and Medford are not included in the roll call.

It was pointed out by committee officers that a successful roll call will eliminate special drives for war relief production funds.

Many communities with groups now sewing for war refugees under the war relief production department of the Red Cross, headed by Mrs. Alfred S. V. Carpenter, include: Ashland, Mrs. Sam McNair; Phoenix, Mrs. Jack Spalding; Jacksonville, Mrs. H. K. Hanna; Eagle Point, Mrs. B. A. Clark; Table Rock, Mrs. D. Doran;

Trail, Mrs. E. W. Segessman; Gold Hill, Mrs. Walter Lipes; Reese Creek, Mrs. Mary Redding; Prospect, Mrs. Katie Grieve; Oak Grove, Mrs. Flora Saltmarsh.

Wall St. Report

New York, Nov. 14.—(U.P.)—The stock market today paid little attention to Europe's so-called "sit-down war," and not a great deal to home affairs, but selected issues managed to take a few rallying steps.

Favored steels, aircrafts, motors and specialties were pushed up fractions to a point or so after an irregular opening.

While many issues were able to keep best advances, minor losses were plentiful. Transfers approximated 800,000 shares, with the ticker tape loafing in the final hour.
