

CANADIANS READY BUT WONDER WHAT WAR IS ALL ABOUT

Vancouver Mayor Says European Conflict Economic Insanity—Cites Last One

Seattle, Nov. 16.—(P)—Dr. W. Lyle Telford, mayor of Vancouver, B. C., told the Washington Commonwealth Federation last night Canadians are courageous people willing to readily give their lives "if they know what they are giving them for."

But, he said, "we are not sure yet just what we are fighting for. There's a lot of excitement and some people think they know why there is a war but nobody has told yet what it's all about."

Economic Insanity
He termed the present European war "economic insanity," adding "neither the victor nor the vanquished will win this time. They didn't last time."
"Great Britain," he said, "financed Germany. It loaned them a lot of money. Canada sent millions of pounds of nickel to Germany but now the darn stuff is coming back a lot faster than it went over—in arms and bullets designed to kill those who sent it over."

"British money built Germany's factories and institutions. Now war is declared so we must go over and blow them up. Then eventually when the war is over our taxpayers will be asked for more loans to build up the factories and institutions we have just blown up."

War Reduces Relief
He said that Canada had a population of 11,300,000 of which about 1,000,000 have been on relief.

"But now we haven't so many on relief," he said, "for some who were are going off to war. War—that's a new form of relief. We're afraid of war and we're desperately afraid of peace. Why if we had peace tonight we would have the old relief problem right back again, only worse, because we would have less money. We couldn't properly look after them before the war and we couldn't look after them if peace came tonight."

"You in this nation," he said, "can make no finer contribution to the civilized world than by keeping your heads, keeping cool, keeping your democratic processes working and continuing your efforts to improve the standards and social conditions of your citizens."

'OVER THE COUNTER' LEGAL SERVICE FINDS FAIR PUBLIC DEMAND

Philadelphia, Nov. 16.—(P)—A fair-sized business was reported today by 24 young lawyers conducting neighborhood offices where you can buy legal advice—like your groceries—just around the corner at bargain prices.

The "\$1 and up" service, first of its kind in the country, was tossed on the counter two weeks ago for a year-long experiment by the local chapter of the National Lawyers' Guild.

Sponsors hope to determine whether it is necessary, in addition to providing legal advice at moderate fees, to carry it to clients in neighborhood offices instead of having them come and get it at downtown offices.
"We haven't been swamped with clients," said Robert D. Abrahams, chairman of a supervising committee, "but the initial response has been good. The plan is neither charity nor philanthropy. It is an attempt to reach new clients (with low bracket incomes) who never before have used lawyers' services."

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just minimize and do nothing about them. Nature may be warning you that your kidneys need attention.
The kidneys are Nature's chief way of taking toxins out of your system. They filter out the waste from the blood. They help most people pass about 9 pints a day.
If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging headaches, rheumatic pains, leg pains, loss of sex and energy, getting up twice, swelling, puffiness under the eyes, headaches and dizziness. Frequent or uric acid passages with stinging and burning sometimes shows there is some thing wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes filter out the poisonous waste from the blood. Get Doan's Pills.
