

RED NEWSPAPERS INCREASE BLASTS AT FINNS' POLICY

Tass Agency Charges Finns Being Taught to Hate Russians — Britain Rapped

Moscow, Nov. 16.—(P)—The Soviet Russian press, intensifying attacks on Finnish foreign policy today quoted an Estonian newspaper as saying Finland's "obstinacy" was impairing her relations with the U.S.S.R.

In a dispatch from Tallinn, Tass, official Russian news agency, said the Estonian newspaper Uus Eesti had criticized Finland's military preparations and urged she "regulate relations with her great eastern neighbor as soon as possible."

"Finland is hurting herself—no one can deny that," the dispatch quoted the paper as saying.

Another dispatch from Helsinki, capital of Finland, Tass charged that Finns were being taught to "hate Russians" with the encouragement of the "English bourgeoisie."

These attacks, reminiscent of Soviet newspaper comment preceding the Russian march into Poland two months ago, were interpreted by foreign observers as part of a campaign to induce Finland to grant Russia's demands for territorial concessions.

At the same time Great Britain was the object of sharp criticism in Pravda, communist party newspaper, which commented on "deplorable conditions" in India under British rule.

Pravda said India had the "largest army of unemployed in the world" and 92 percent of the population was illiterate.

In the Helsinki dispatch, Tass declared Finnish "reactionary elements" were fostering an

"anti-Soviet policy" and preaching a doctrine of "hate" in the army and in the schools.

Dream of Expansion "The leaders of the anti-Soviet campaign of lies are the most reactionary elements, who are dreaming of spreading the boundaries of Finland all the way to the Urals (in Russia)," the dispatch declared, adding that "the English bourgeoisie has supported this anti-Soviet attitude."

Tass denied Russia had made any "impossible demands" during recent negotiations with Finland, which were suspended last Monday by recall of a Finnish mission from Moscow.

In Helsinki, it was indicated the talks would not be resumed unless the Russians provided a new basis for negotiations presumably modification of their demands for readjustment of frontiers near Leningrad and naval bases in northern Finland and at the mouth of the Gulf of Finland.

U. S. Also Scored The Soviet press campaign also scored the United States for her "anxiety concerning Finland."

In a letter to the newspaper Trud, A. N. Bak, oldest member of the Soviet parliament and member of the Academy of Sciences, declared the United States government should show more concern over countries nearer home.

"It is common knowledge," he wrote, "that the United States has been behaving throughout the Americas as if in their own home. Under the flag of the Monroe doctrine they are bossing the entire American continent."

SCRAP IRON BAN FOR JAPANESE IS SET FOR JAN. 26

Rep. Magnuson Says Action Will Follow Expiration of Treaty of Commerce

Seattle, Nov. 16.—(P)—One of the first acts of the state department when the abrogation of the 1911 treaty of commerce and navigation with Japan becomes official in January will be to invoke an embargo on shipments of scrap iron to Japan, Rep. Warren G. Magnuson (W., Wash.) said.

The Seattle congressman told a meeting of the Washington Commonwealth Federation last night Secretary Hull will sign the order on January 26th in the presence of the Washington state congressional delegation.

He pointed out that January 26th is six months to a day following termination of the treaty. A six months period was required before final action could be taken.

His announcement followed a short talk by Yi-Seng Kiang, Chinese consul in Seattle, who asserted that in recent months 5 million and a half dollars in war minerals and materials have been shipped from Seattle to Japan, of which \$300,000 worth of cargo was scrap iron.

In recent months pickets have appeared at various piers in the Pacific northwest when steamships have arrived to load scrap iron for the orient.
