

PRESENT WAR IS CALLED 5TH ERA IN ALL HISTORY

Los Angeles, Cal. (U.P.)—The present war is one of five major periods in history since man first began knocking his neighbor around with a club, according to Dr. Constantine Panunzio, professor of sociology at the University of California.

Dr. Panunzio, author of "Major Social Institutions," lists these five major war periods: 1.—Ancient times when war was a part of the daily routine. 2.—The era of the Roman Empire, when there was a partial realization that war should be controlled. Rome unified the western world and created a 200-year peace.

3.—The rise of Christianity and Mohammedanism, which directly contributed to warlike activities for several centuries—in spite of sporadic efforts of kings and popes to suppress war.

4.—The close of the 15th century to the beginning of the world war, during which the rise of Protestantism and the clash of imperial ambitions brought several centuries of war.

5.—The beginning of the World War to the present time, which has included the Ethiopian and Albanian conquests, the Far Eastern conflict and the expansion of German Nazism.

Panunzio finds that the present war period is characterized by two phenomena.

"Whereas during previous periods," he states, "the will of the personal monarch or of a small ruling clique was sufficient to plunge countries into war, today the declaration of war with most countries rests with the people."

"The second phenomenon consists in the growing employment of propaganda by the governments as a means of forming the sentiments, opinions and prejudices of the people into compliance with the aims of the rulers."

MORTICIANS HONOR STATE PRESIDENT

Southern Oregon funeral directors held a dinner meeting in the Medford Hotel last night in honor of E. F. Fortmiller of Albany, president of the Oregon Funeral Directors' association, who represented the State of Oregon at the annual convention of the National Funeral Directors' association in Oklahoma City, Okla., last month.

Mr. Fortmiller reported that through efforts of Oregon with assistance of delegates from western states, four Pacific Coast men were elected to the highest offices in the national association for the first time in its history. John W. Eberle of Pasadena, Cal., was unanimously elected president and the 1940 convention city will be San Francisco.

Discussions on professional and educational subjects were led by John Perl of Medford, Will M. Dodge of Ashland, Andrew W. Ward of Klamath Falls and Executive Secretary George Ryan of Portland.

The following members were unanimously elected as officers for 1940: President, A. J. Ousley, Lakeview; vice-president, Mae M. Hall, Grants Pass; secretary, Clarence M. Litwiler, Ashland. H. W. Conger and Frank Perl of Medford acted as hosts and past-president Earl Whitlock of Klamath Falls presided.

Preceding the meeting a slight of hand performance was staged by Johnnie Eads of Medford.

Guests included Mrs. C. M. Litwiler, Ashland; Mrs. Margaret Ward and Mrs. E. R. Whitlock, Klamath Falls; C. W. Morris, Medford and A. W. Mundt, Grants Pass.

F. D. R. SAYS FINLAND HAS RIGHT TO BORROW

Hyde Park, N. Y., Nov. 17.—(AP)—Finland has a perfect right to borrow money from American banks, President Roosevelt said today, but he told reporters there was nothing to stories the Baltic republic had stiffened her attitude toward Russia after obtaining promises of economic and financial aid from the United States.

No such help was promised, he said in response to questions.

It was learned in Medford today that Walter Phetteplace, father of Guy W. Phetteplace of 325 South Holly street, died in a Portland hospital Wednesday morning.

LITRELL PLANS AMENDED ACTION

A motion for right to file a second amended complaint in the suit of Robert Littrell, through his guardian ad litem, against Lee Smith, as operator of the Yellow Cabs, for \$6000

alleged personal injury damages was filed yesterday in circuit court by Attorney Charles W. Reames. Notice was served the motion would be called for hearing in circuit court next Monday.

In the trial of the case concluded last Friday, a circuit court jury disagreed after five hours deliberation and was discharged.

The damage suit is the outgrowth of an auto-bicycle accident at Main street and Central avenue last July, in which young Littrell was struck by a taxi, driven by an employee of Smith, and allegedly sustained injuries to his leg, necessitating medical care and hospital treatment over a considerable period.

F. D. R. CHORTLES AT SPECULATION

Hyde Park, N. Y., Nov. 18.—(AP)—President Roosevelt laughed long and loudly today when reporters told him there had been considerable speculation about what he meant when, in laying the cornerstone for the Jefferson memorial in Washington Wednesday, he said he hoped by January, 1941, to be able to return for the dedication of the memorial itself.

at a press conference, the chief executive chortled that he had made the remark deliberately, but he still did not amplify it.

There had been numerous attempts to analyze his statement about January, 1941, to see whether it would throw any light on the third term issue.

The president's present term expires January 20, 1941. The memorial will be dedicated the same month, but Mr. Roosevelt did not indicate Wednesday whether he hoped to return for that ceremony before or after January 20, or as a government official or private citizen.
