Roseburg Masons Get Missing Record Book

Roseburg, Ore., Nov. 24.—(UP) The Masonic lodge at Roseburg today came into possession of a complete record of its activities when a long-lost book, containing minutes of meetings between the years 1855 and 1868 was turned over to W. F. Harris, secretary of Laurel lodge No. 113, A. F. & A. M., by D. Rufus Cheney of Portland, grand secretary.

The minute book recently was recovered by Mr. Cheney at McMinnville, where he reported it was uncovered in personal effects of a widow of a former master of the Roseburg lodge.

F. R. SAYS ARMING MADE NECESSARY BY WORLD STRIFE

(Continued from Page One.)

would mean levying some form of new national defense taxes. That, the president said, is a thing the country ought to understand and think about. Nothing has been decided yet, he said.

Reporters sought to lead him into a discussion of types of new taxes or amounts, but the chief executive said he was speaking only of a principle and not of actual dollars and cents.

If congress decided on a pay as you go policy, he said, it would then be time to decide on the kind of taxes.

Reminded congress might be reluctant to impose new taxes in an election year, the president repeated the matter was one of principle, rather than of politics.

Budget Unbalanced
To an inquiry whether the budget would be balanced, aside from defense outlays, Mr. Roosevelt replied in the negative. But he said there would be a very substantial decrease in the deficit, that it probably could be cut more than half, if the budget were lowered, tax revenues continued to rise and defense costs were paid as they were incurred.

The contemplated addition of \$500,000,000 to those costs, Mr. Roosevelt asserted, would be partially for additional persons in uniform.

Asked whether he believed an improvement in business generally was likely to continue for some time, the president smilingly dodged a prognostication by saying he was not playing the market.

The president had hopes the world would be rid of war by next spring, but gave no indication he believed those hopes would be fulfilled.

He wanted the conflict in Europe to end, among other reasons, so he could spend the usual ten days or two weeks at the Warm Springs Infirmary Paralysis Foundation again next spring.

It was in an informal talk at a Thanksgiving dinner at the

foundation last night that Mr. Roosevelt voiced the offhand hope that by next spring "there won't be any war."

Even if it still is going on, he added, he hoped to return, at least for a few days, to "see

how Warm Springs family is getting on."
