A Thanksgiving day service was held by the First Church of Christ, Scientist Thursday morning. The Thanksgiving proclamations by President Roosevelt and Governor Sprague were read, also scriptural selections from Psalms 147:1 to 4, 6 to 9, 11, 12; No. 94-5 to 8; Isa. 55-10 to 14.

Following the scriptural selections the congregation united in silent prayer which was followed by audible repetition of the Lord's Prayer.

The sermon-lesson was "The Servant". Testimonies appropriate to the occasion were given by Christian Scientists in the congregation, the period being completely filled by expressions of gratitude for healing and other help received during the past year.

By HALE WHEELER. SEEMS like this is breeding seasons for pension plans. Anybody who hasn't got a sure-fire idea in his pocket is as out of date as a moustache cup or a Gibson girl. Of course the Townsend Eggers and the Ham and Eggars are as familiar as the landlord; but now some fellow wants to give everyone over 21 a hundred dollars a month, and another fellow named Irving Fig Newton (not to be confused with the cookie of the same name) is talking loudly about financing a pension fund by running lotteries. There was a man in here the other day who advocated giving five hundred a month to everyone over 80—provided they were accompanied by both parents. He wants the government to license pickpockets to finance the scheme—to insure passive taxation. Party time! Did you get grumpy about that formal, suit or dress last time?
