JOINT RITES FOR TRAGEDY VICTIMS 3:30 WEDNESDAY

Services for Mrs. Elizabeth Young and Daughter, From Presbyterian Church

Final joint rites for Elizabeth L. Young, 51, and her daughter, Dorothy R. Young, 30, who tragically lost their lives in an automobile accident late Sunday night near the Jackson county poor farm, will be held in the Presbyterian church at 3:30 p. m. Wednesday, Dr. Sherman L. Divine officiating. Interment will be in Siskiyou Memorial park. The Perl funeral home is in charge.

Active pallbearers for Mrs. Young will be Kenneth D. Ross, W. J. Warner, William A. Holloway, Eugene Thorndike, Ralph E. Sweeney and Walter H. Leverette, her employer for the past four years.

Pallbearers for Miss Young, who was a teacher in the Medford senior high school, will be E. H. Hedrick, Leonard B. Mayfield, L. A. Mentzer, Ed Kirtley, J. Russell Acheson and William J. Bowerman.

In respect to Miss Young, and in order that students and faculty members may attend the funeral services, the senior high school will not convene Wednesday afternoon. Miss Young had taught in the school since 1934 and was extremely popular with the pupils and other instructors.

Elizabeth L. Young was born in Julesburg, Colorado, on February 25, 1888. She was married in 1906 to R. C. Young, who died in 1937. For a time she lived in Ogallala, Nebraska, later moving to Los Angeles in 1922. With her family she came to Medford in 1922 and had resided here continuously since then.

She is survived by one daughter, Patricia Young of San Francisco, and seven sisters: Mrs. Ruth Burmode of Fresno, Cal., Mrs. L. L. Aubert of Beverly Hills, Cal., Mrs. Charles Reed of Pomona, Cal., Mrs. Lee Myers of Sterling, Colo., Mrs. Woods of Denver, Colo., Miss Mayme McNew of Los Angeles and Miss Alice McNew of Los Angeles.

Dorothy R. Young was born in Ogallala, Neb., on June 25, 1908, and had lived with her mother until her death. She was a graduate of Medford high school and of Willamette university. She is survived by her sister, Patricia.

Mrs. Young and her daughter suffered fatal injuries when their car left the Pacific highway on a straight stretch and overturned several times. At the time of the accident they were returning from San Francisco, where they spent Thanksgiving Day week-end with Patricia, and although they were rushed to a local hospital they died a short time later. It is believed their car left the highway when the driver dozed at the wheel.

HOLLYWOOD HUNT FOR BURIED GOLD NETS AGED WATCH

Hollywood, Nov. 28.—(AP)—A hole eight feet deep and a rusty watch stood out today as the tangible results of Hollywood bowl's treasure hunt.

The hole represented the combined labors of a half-dozen men yesterday. The watch turned up at the six-foot level. It apparently was of fairly recent origin, but how it got there no one would guess.

Using an excitable device called a "doodlebug" and defying a legend which says a curse has killed eight other searchers, the shovelers dug below the bowl's parking lot, looking for $200,000 which a frightened Mexican sheepherder buried somewhere in Cahuenga pass 74 years ago.

Henry Jones, Seattle mining engineer, is directing the hunt. Frank Hoekstra operates the "doodlebug," a complicated collection of wires, electrodes, dials and a big needle which supposedly agitates in the presence of buried metal.

It "doodled" frequently as the hunters pressed deeper, and at times seemed barely able to contain itself.

A deputy sheriff sat by watching the proceedings—assigned to protect the county's 50 percent of anything found. The bowl is public property and Jones agreed to split any profits.

WHEAT ACREAGE BOOSTED FOR 1940 LOWER PAYMENTS

More Chance For Soil Saving—Seeding Alfalfa Gets Less—Set Year's Goal.

Washington, Nov. 28.—(AP)—The agricultural adjustment administration today set the 1940 goal for soil-depleting crops at 270,000,000 to 285,000,000 acres, the same as this year.

It increased the acreage for wheat and cut the rate of soil conservation payments on that grain to 9 cents a bushel from this year's 17 cents.

The corn acreage goal was lowered slightly and the payments to cooperating farmers set at 10 cents a bushel, compared with 9 cents this year.

"Insofar as authorized funds permit," said R. M. Evans, AAA administrator, "the 1940 program continues the efforts of farmers toward abundance for the nation's consumers, conservation of our vital soil resources, and parity income from agriculture.

"With it, farmers are prepared as never before to meet the shocks imposed by war in Europe and further demoralizaiton of world trade. They have in the program a means of avoiding costly maladjustments such as resulted from the World war."

The 1940 program will offer more opportunity for soil conservation than did this year's, officials said, largely through revised rates of payment designed to encourage practices not normally carried out on many farms. Common practices, such as seeding alfalfa, will be given less credit.

At normal yields, officials said, the 1940 program would provide ample supplies for all domestic needs, export requirements, and an adequate reserve.

Payments for wheat, corn, cotton, tobacco and rice will be supplemented by parity payments from a special $225,000,000 appropriation if the 1939 average price proves to be less than 75 per cent of parity. Those payments are designed to lift the farm purchasing power to the level it occupied before the World war.

DIRECTOR, WRITER HURT IN MISHAP

Los Angeles, Nov. 28.—(AP)—Gene Fowler, writer and wit, and Leo McCarey, prominent film director, were critically injured in an automobile accident near here last night.

Both are under treatment in hospitals. Physicians said Fowler probably will recover, although he sustained serious injuries to his back, left knee and chest and was severely burned by gasoline.

McCarey's condition was described as critical. He was said to have a possible fracture of the skull and numerous burns and wounds. The flesh was virtually torn from his right forearm.

Dr. A. D. Myers said McCarey's recovery is doubtful.

Tillamook Reports Strawberry Picking

Tillamook, Nov. 28.—(AP)—The coast's prolonged Indian summer has fooled the perennials. O. K. Tittle, Tillamook dairyman, has been picking strawberries measuring four inches in circumference.

The garden also produced an abundance of violets and roses.

No Peace Prize.

Oslo, Norway, Nov. 28.—The Nobel prize committee has decided not to award a peace prize this year. The decision to reserve the award until 1940 was announced yesterday.

Chicago Wheat

Chicago

Chicago, Nov. 28.—(AP)—Wheat prices shot up more than a cent a bushel here today due to buying stimulated by continued drought in the southwest and the best European purchases of North American grain since the start of the war.

With approximately 10,000,000 bushels of all grains, mostly Canadian wheat, taken by European countries, Winnipeg wheat prices rose almost 3 cents a bushel, their sharpest upturn since immediately after the start of the war. Strength in securities and war news from abroad also were factors in the buying.

Wall St. Report

New York, Nov. 28.—(AP)—Buying in steels lifted the stock market's recovery temperature a few degrees today, although late profit taking put a decided chill on the attempted comeback.

Gains ran to more than a point for favorites in the forenoon, but slackness of dealings on the upturn tended to stem the enthusiasm of those who had the idea a technical rally, at least, was in the offing.

Transfers were around 600,000 shares for the full session. Final prices were irregular, with top marks of the morning substantially reduced or converted into moderate losses.
