Ashlandite Is Thursday Club Guest Speaker

At the recent session of the Thursday morning study club held at the Girls' Community clubhouse, the program was devoted to poetry. President Mrs. Leland Mentzer presided.

Mrs. Frank Gray gave an interesting review of the biography of Edwin Arlington Robinson as recorded by Hermann Hagedorn. Robinson, who was the forerunner of the modern school of American poets, has been acclaimed by both American and English critics as one of the truly great poets. Mrs. Gray said. He was awarded the Pulitzer prize in 1921, the speaker stated.

Miss Grace Chamberlain of Ashland was a guest of the club during the session. She spoke on "South American Poetry," a topic which she discussed comprehensively.

"South America," she said, "has not only poets who write sentimental verse and poets who write poems of sentiment, but the country has in its present-day poetry a style that is thoroughly modern."

The speaker pointed out that many successful reformers in South America today employ verse to promote their ideas and ideals. Among those she mentioned the Chilean authoress of "Little Feet."

In South America, as elsewhere, Miss Chamberlain said, we find propaganda promoted through poetry, and, at the present time, the spirit of Pan-Americanism pervades the verse of South America.

Contributing greatly to the enjoyment of her listeners was Miss Chamberlain's reading of many poems illustrative of the various types and schools of South American poetry.

WAKE UP YOUR LIVER BILE—

Without Calorie!—And You'll Jump Out of Bed in the Morning!—To Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks pink.

A more liberal movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "top and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Before anything else. At all drug stores. 10c and 25c.
