

Pound of Coffee Would Be Prized Gift for Berliners

New York, Dec. 7.—(AP)—And you think you have Christmas shopping problems? Be glad you're not in Berlin.

John Raleigh, a National Broadcasting company representative in the German capital described his Christmas shopping expedition in a short-wave broadcast today and said the most appreciated gift in all Berlin would be a pound of coffee—but that was out of the question.

There are toys aplenty in this toy-making country, he said, but most of them are of a mili-

tary nature. Of food and other necessities, Raleigh added, the supply is limited.

The largest sections in the shops, he said, are devoted to military toys.

The German newspapers, he said, which usually carry many pages of Christmas advertising are almost barren. Even with extra food allowances for the Christmas season, he said, the festive boards in Germany this Christmas will be "pitifully laden." There will be no meat, perhaps some extra dried peas or beans and perhaps a little gingerbread.

DAHACK FUNERAL 1 P.M. TOMORROW

Funeral services for Zera Edward Dahack, 70, will be held Friday at 1 p. m., in the Perle Funeral Home chapel. Interment will be in the family plot in the Central Point cemetery. The Rev. D. E. Millard will officiate. Friends are respectfully invited to attend.

Mr. Dahack, who passed away Monday as the result of a gunshot wound, was born in Bloomington, Ill., and spent his early youth there, moving with his family to Jackson county at the age of fifteen. He had made his home at Eagle Point, Medford and Lake Creek since, in 1911 he married Miss Mary McNeil. She passed away five years ago. Since that time he and his brother, Irwin, had made their home at Lake Creek.

He was a lover of nature and the great outdoors and possessed a strong homing instinct. He was taken from our midst while defending what he believed to be his right of "privacy in the home" which the early fathers shed their blood to establish for our enjoyment.

For 20 years Mr. Dahack labored untiringly to develop a place among the hills near Soda Springs which would be worthy the name of home. Strenuous labors were the pleasant pastime of this man known to all as one of sterling character.

At the time of his death he had a farm that was admired by all who saw it. There is a nice family orchard of peaches, prunes, apples, etc., bearing fruit for someone to eat because "he planted a tree." Yes, and a variety of berries which he often shared with his neighbors. He was self-supporting in every respect, living always by the labor of his own hands.

In this way, as in other respects he may well be a worthy pattern for many citizens, both young and old. Flowers from his own garden will be placed on his grave tomorrow.

Besides his brother he is survived by three sisters, Mrs. Dora Kauffman of Bloomington, Ill., Mrs. Minnie Casebeer of Los Angeles, Calif., and Mrs. Ida Mathews of Eagle Point, Ore., also eight nephews.

LEGION TO VISIT NEIGHBOR POSTS

Officers and members of Medford post of the American Legion will go to Grants Pass Monday night and Ashland Tuesday night to attend the regular meetings of the Legion posts in the two neighboring cities. The visits are in the nature of pre-conference rallies to create interest in the district conclave to be held in Medford December 20.

Following the regular meetings of Medford post and auxiliary, December 13, the annual Christmas party will be held with Santa Claus on hand to distribute presents to all members from the tree. All attendees are requested by Commanding Officer H. J. Meiring to bring a ten-cent toy. After the opening of the presents they will be sent to Roseburg for children of veterans in the hospital. Refreshments will follow distribution of the presents.

Members of Medford post wishing to go to Grants Pass or Ashland for the rallies are asked to telephone Commanding Officer Meiring, 1264 or 956-L, at once for transportation reservations.

Members going to Grants Pass Monday are to meet at Hotel Medford at 7 p. m.

NEW DEVICE DETECTS SPIKES IN SAW LOGS

Washington, Dec. 7.—(AP)—The United States forest service, seeking to avert costly and sometimes fatal sawmill accidents, announced today that a device had been developed to detect spikes and other metal objects buried in logs.

The machine, which is electrically operated and easily carried by one man, sets up a howl when moved over metal imbedded in wood.

Philadelphia—(U.P.)—An apparently successful method of treating migraine, severe chronic headache, in men by injection of the female sex hormone has been reported by Dr. Charles W. Dunn, Dunn told the College of Physicians that the treatment was not to be used except in cases where the patient had tried all other forms of therapy.
