HORRELL TO SIGN FOR FIVE YEARS

West Los Angeles, Dec. 14.—(AP)—The University of California at Los Angeles apparently is going to hang onto the football coaching staff which brought it to the verge of a Rose Bowl game for at least five more years.

William C. Ackerman, graduate manager, recommended to the student executive council that the contracts of head coach Edwin C. (Babe) Horrell, line coach Ray Richards and backfield coach Jim Blewett—which have one more year to run—be extended for four years.

The council adopted the recommendation unanimously and sent it to the board of control, where acceptance, student leaders said, is assured.

Horrell is receiving \$9,000 a season, Richards about \$6,000 and Blewett somewhat less.

BY NELSON GIRDS FOR \$10,000 MIAMI OPEN

Miami, Fla., Dec. 14.—(AP)—Byron Nelson, national open champion, returned today to the scene of his worst golfing slump for a crack at the year's professional supremacy.

By winning the \$10,000 Miami open, which begins today and extends through Sunday, Nelson could overtake Henry Picard and earn the professional golfers association's highest accolade, the Harry Vardon trophy. The 45 first place points in the year's final tournament would assure Nelson of the trophy since Picard now leads by only five points, 459 to 454.

which towers above Weed, Calif., where the two highways separate; Klamath Lake, Crater Lake, Diamond Lake, Crescent and Odell lakes.

When re-aligned, as the highway commission plans now call for, the Pacific highway will be only four miles longer than the Willamette, or 688 miles from Portland to San Francisco as compared to 694 miles. At the present time it is 700 miles from Portland to San Francisco.

The Willamette will have cost \$3,200,000 by the time it is completed in 1941. Up to 1939, the commission spent \$1,250,000 and the forest service \$1,700,000. The commission spent \$200,000 in 1939 and from \$50,000 to \$75,000 remains to be spent before the work is finished.

When the new Pacific highway is completed, which is the most important item on the commission's budget, it should be easier to keep free from snow than the other road. Highway crews have had little trouble
