

JAPANESE FACING SHORTAGE OF RICE COMING SUMMER

Drought in Korea May Cut Usual Large Surplus For Import to Japan Proper.

By Frederick B. Oppen U.P. Staff Correspondent Tokyo.—(AP)—Sending rice to Japan from foreign countries may seem like carrying coals to Newcastle but there is a strong possibility that the country will be forced to import considerable quantities of the grain next summer from Burma, French Indo-China and Siam, to meet a threatened shortage.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows feels like it will tear your chest walls apart. You need reliable and ready help. Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back. (Adv.)

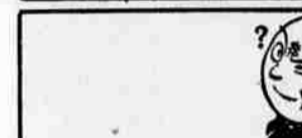

CREOMULSION for Coughs, Chest Colds, Bronchitis

HEY!

What's That Strange Noise We Hear?

REDS' EXPULSION FIRST IN HISTORY OF WORLD GROUP

(continued from page one)

The text of the council resolution read:

"The council having taken cognizance of the resolution adopted by the assembly December 14 regarding the appeal of Finnish government 'First associates itself with the condemnation by the assembly of the action of the U. S. S. R. against the Finnish state, and.

"Second, for reasons set forth in the resolution of the assembly by virtue of article 16, paragraph four of the covenant.

"Finds that by its act the U. S. S. R. has placed itself outside the League of Nations.

"It follows that the U. S. S. R. no longer is a member of the league."

Of the 39 states present at the assembly, nine abstained from voting on the resolution condemning Russia as an aggressor and asking members to aid Finland.

They were the three Scandinavian countries, Sweden, Denmark and Norway; three Baltic countries, Lithuania, Latvia and Estonia; Switzerland, China and Bulgaria.

Egypt and China were elected members of the new council by 37 votes and 34 votes, respectively.

Finns Thankful

After the vote against Russia the assembly received Finnish thanks.

Finland's delegate, the white-haired Rudolf Holsti, walked to the tribune amid loud applause to express the Finnish people's "profound gratitude."

He said the amount of practical aid which Finland would get upon the assembly's action depended upon the capacity of the league's coordinating staff and the cooperation of the civilized world with that staff.

Before the assembly vote, Great Britain informed the league she already was "taking steps to enable the Finnish government to obtain the material required for their defense in England."

A sensation was caused at the start of the session by sight of the bent figure of Ignace Jan Paderewski, pianist and former premier of Poland, who took his place in the diplomatic gallery seat assigned to Poland as an assembly member.

It was the first time in months that the snow-haired musician-diplomat had left his home near Lausanne.

(It was disclosed in Paris yesterday that Paderewski had been named a member of a national Polish council to assist in formulating decrees.)

RESE CREEK

Miss Bell and Dr. Merkel visited school last week and inoculated some of the children for diphtheria and vaccinated some for smallpox. Parents started serving hot lunches

CONVEYOR BELT FOR DAM WORK 10 MILES LONG

Redding, Cal. (U.P.)—The 7,600,000 tons of gravel and 2,800,000 tons of sand needed for construction of Shasta dam will be carried approximately 10 miles to the dam site by means of the world's largest conveyor belt, engineers revealed.

Pouring of the concrete is scheduled to begin next March and construction of the belt will begin immediately, the Columbia Construction company, gravel contractor for the huge reclamation project, announced.

The conveyor will be 36 inches, trough shaped and made of rubber and cotton. It will follow the contour of the land, with the steepest grade to be about 25 per cent.

Shasta dam, being constructed to store waters of the Sacramento river, is the largest unit of California's \$170,000,000 central valley water and power project. Construction of a second dam, at Eriant on the San Joaquin river, is under way and numerous canals, power plants and other facilities are contemplated in the project.

EUGENE TOLD NEED NEW HIGH SCHOOL

Eugene, Ore., Dec. 14.—(AP)—School board officials were pressing proposals here today for a new high school to accommodate 2,000 students after recommendation was heard at last night's board meeting.

The present high school, attended by more than 1,100 students, is overtaxed and is outdated in many respects. The enrollment has climbed steadily for several years.

HONOR FROM CAMPFIRE GIRLS

The highest honor the Campfire Girls can give, the national Wheloe award made annually, went to Mrs. Eleanor Roosevelt shown during the ceremony at New York. She received it because of her service to youth, explain Campfire officials, and here's Mary Byrne, 10, putting the precious ribbon over the head of the nation's First Lady.
