

PAN-AMERICAN GROUP TO CONFER ON BATTLE IN 'NEUTRALITY BELT'

Washington, Dec. 15.—(AP)—Secretary Hull implied today that Pan American consultations have begun toward common action as a result of the German-British naval battle within the western hemisphere "neutrality belt."

He disclosed Uruguay is assembling official facts for transmission to the president of Panama, who has acted as the liaison official among the American republics since the Panama neutrality meeting.

Naturally, Hull said, this on its face would indicate an occasion for collaboration and conference, and concern, on the part of the American nations.

He told his press conference he assumed that, as the official facts developed, the nations would correspondingly go forward with such collaboration and conference as contemplated in the neutrality zone resolution at Panama in October.

The United States government, he emphasized, would undertake in all circumstances to meet the other American nations halfway.

Asked whether the conference with the other American republics he referred to meant a joint-meeting discussion through diplomatic channels, Hull said that had not yet been decided.

LAST INDIAN FIGHTER OF OREGON SUCCEUMBS

Portland, Dec. 15.—(AP)—John W. Cullen, 101, last known survivor of Oregon's Indian wars, died last night.

The former Indian fighter celebrated his 101st birthday last June by refusing to take a nap.

He was born in Indiana and came west with his parents in 1847, settling at The Dalles. Cullen's career ranged from Indian fighting to working as a printer.

Exports of Scrap Show Large Gain

Seattle, Wash., Dec. 15.—(AP) Phillip M. Crawford, acting manager of the bureau of foreign and domestic commerce, said today shipments of scrap metal from the United States increased in October over September's record exportations. Tonnage in October was listed at 336,775, valued at \$16,835,795; for September, 330,860 tons worth \$15,481,548.

FOUL PLAY SUSPECTED AS BODY OF MAN, 40, IS FOUND AT HALSEY

Albany, Ore., Dec. 15.—(AP)—The body of a man about 40 years old, his head battered, was found by a rural mail carrier today on a lonely side road near here.

Sheriff Herbert Shelton said the man undoubtedly had met with foul play and might have been shot.

Carl Peterson discovered the body two miles south of Halsey. It was lying 75 yards east of the Southern Pacific railway's main line. The head was submerged in a flooded ditch.

No identification papers were found. The man was described as five feet, 10 inches tall, having dark hair and wearing a black short slicker raincoat, brown wool shirt and dark trousers.

A large quantity of junk, including an auto radiator and gas tank, was lying near the body. Fresh truck tracks also were discovered, the sheriff said.

The discovery added to Sheriff Shelton's troubles as no identification has yet been made of the hitch-hiker who was killed several days ago after taking a Klamath Falls salesman's car.
