War conditions were brought home to England by announcement that meat and sugar rationing will be instituted next month. Plans for bacon and butter rationing already had been announced.

Europe's other war remained quiescent except for brief patrol clashes on the western front and aerial engagements.

The mouthpiece of the German foreign office accused Britain and France of inciting Finland deliberately to resist Russia so that the regular flow of supplies from northern Europe to Germany would be disrupted.

Germany normally receives extensive iron and other basic supplies from Sweden, who now, alarmed at the possibility of Russian troops on her frontier, is unofficially sending supplies, funds and volunteers to help Finland.

WOMAN LEAPS 10 STORIES TO DEATH

Portland, Dec. 28.—(P)—A 23-year-old woman identified as Fay Helen Pally leaped 10 stories to her death from the Heathman hotel this morning.

The body, which crashed to a curb on Southwest Salmon street near Broadway, was identified by an uncle, M. M. Smith, who said the girl had been despondent but he did not know the reason.

Miss Pally was the daughter of D. N. Pally, secretary-treasurer of the Crabbe-Pally Clothing company, and had been employed by the Firemen's Fund Insurance company for two years.

Salem, Dec. 28.—(P)—Public Utilities Commissioner Ormond R. Bean demanded today that the Portland General Electric company and the Northwestern Electric company begin surveys immediately preparing for reduction in commercial rates on next May 1.

Pilot Registry Air Board Order

Portland, Dec. 28.—(P)—The new state board of aeronautics adopted a plan yesterday to discourage airplane thefts and check the movement of pilots. All pilots will be required to register their craft at every landing point.

Board members said the compulsory registration of plane movements would provide authorities with valuable clues in searching for missing pilots.

A revised system of licensing planes used only in intrastate flight and not under federal license was considered. The board appeared inclined to dispense with the services of a state inspector and place responsibility on the licensee.

There has been no inspector since the resignation of Allan D. Greenwood.

Air Chief Gloomy Over Preparedness

Washington, Dec. 28.—(P)—General George C. Marshall, army chief of staff, declared today "the army machine is probably less than 25 per cent ready for immediate action."

Addressing a joint session of the American Historical association and the American Military Institute, Marshall said that "our problem, therefore, involves the development of a war force after the emergency has arrived."

Deny Rehearing

Philadelphia, Dec. 28.—(P)—The U. S. circuit court of appeals has denied the Apex Hosiery company's petition for a rehearing of the decision which set aside a district court verdict awarding the company \$711,932.55 damages against a union for a sitdown strike in 1937.

DIES WOULD BAR NAZI AGENT FROM RETURN TO U. S.

Intermittent Visitor Was German Spy During World War—Spoke to Bunds.

Washington, Dec. 28.—(P)—The Dies committee recommended today that Colin Ross, whom it described as a "nazi propagandist," be prevented from ever setting foot again on American soil.

Ross has been registered at the state department as an agent for various German interests, including a motion picture company, but the committee expressed the opinion in a formal statement he had not reported the full scope of his activities.

World War Spy

The committee reported declared that during the World War Ross was a "German spy and secret service agent." He has been in the United States intermittently in recent years and sailed for Japan last March. He is now believed to be in Germany, and there has been no public indication that he wished to return to this country.

The committee summarized some of its findings as follows: "That many of the speaking engagements in this country featuring Ross were arranged for by the various nazi consular officials situated throughout the nation and that he was promoted by, and spoke for, gatherings of the German-American bund.

"That Fritz Kuhn, fuhrer of the German-American bund, in recent testimony before this committee admitted his acquaintance with Ross.

Toured States

"That Ross was instrumental in having 30 American boys taken to Germany and that the greatest part of the expense of this trip was paid for by various subdivisions of the nazi government and some alleged German-Americans residing in Germany.

"That within the past 12 months Ross toured the United States with his wife, sons, and uniformed chauffeur in a special Mercedes automobile, equipped with motion picture cameras and that he appeared to have funds far in excess of his reported earnings from nazi agencies.

"That he attempted to photograph several specialized industrial plants and that at least one American refused to comply with Ross' requests because they were so extremely derogatory to the best interests of the United States."

RUM CONTROL DELAYS ISSUANCE OF PERMITS

Portland, Dec. 28.—(P)—The state liquor control commission delayed the sale of individual purchasers' permits today until January 2.

Administrator Joseph J. Hague said the action would save expense of employing extra store clerks during the holiday rush.

The commission restated its policy of issuing 1940 beer and wine licenses to 1939 holders whose records were clear of violations.

SABOTAGE AND SPYING DUE FOR INQUIRY BY SPECIAL GRAND JURY

Washington, Dec. 28.—(P)—Attorney-General Murphy said today a special grand jury would be convened here January 2 to investigate espionage and sabotage "on both coasts."

Murphy told his press conference some of the information developed in the proceedings would be "parcelled out," to various areas.

The justice department chief said the jury would hear evidence also in connection with foreign agents' activities and the building trades monopoly inquiry.

Expressing the view it was "difficult to halt espionage," Murphy said that "we can do something about sabotage," through the grand jury.

"I hope the time is not far distant," he declared, "when foreign agents who are aliens and who owe allegiance to foreign countries will be foregathered and placed aboard a ship for the country which sent them here to do their work."

Murphy said evidence of sabotage in the automobile industry had been found in Michigan. He nodded his head in assent when asked whether the airplane and munitions industries were affected also.

How To Relieve Misery of Your CHEST COLD

Massage throat, chest, and back with plenty of Vicks VapoRub at bedtime. Then spread a thick layer on chest and cover with a warm cloth.

VapoRub's double action brings double relief. It acts as a poultice to penetrate the surface skin; and its soothing medicinal vapors are breathed direct to the irritated air passages.

Try it, to loosen phlegm—to clear air passages—check tendency to cough—and also to relieve the tightness and soreness of chest muscles.
