# New Year...New Leaf... Why Not New Car?

**THE** slate's clean, the past is past, you're making a new beginning on a new year you hope will be happier and finer and richer—how about doing the job up right?  
You spot the fun possibilities in this brilliant and buoyant Buick just by watching it flash by, but have you been in to try it?  
Do you know what it's like—first hand, we mean—to have a hundred-plus Dynafash horsepower waiting your treadle-foot's nudge? Have you sampled the thrill in such an engine micro-poise-balanced to smoothness a wrist watch can't hope to equal?  
Today's winter-roughened roads give you swell chance to try out Buick's gentle ride—raw weather emphasizes the stout snugness of Unisteel Bodies by Fisher and the convenience of the Flash-Way Direction Signal.  
Now's when you most need firm new rubber—sure, soft, tiptoos brakes—Buick's automatic choke—stout, taut frames and rugged bodies, and why wait for spring to buy beauty that gives your spirits a lift?  
Then too, driving speeds are naturally lower now and driving distances shorter, making this the best time of all to get a car properly started in life.  
So figure it out! It's a new year. You've turned a new leaf. Ask your Buick dealer what a new Buick will cost you now—and let every month of 1940 contribute to a happy new year!

## NEWS VIEWS

FROM what I remember of natural history, the thing bears are "fond of" is honey—the kind that comes in comb. The trick is to get what you want without getting the bees too excited. However, the Russian bear seems to have fumbled somewhere along the line until now he is getting into more trouble than a toe dancer with corns. Norway and Sweden are joining up with Finland; Rumania is acting nasty on the southern Russian border; and Italy is doing more chest thumping than Tarsan on a cold day. And, of course, Finland is putting the "bee" on the Russian bear worse than any of them—proving that a good little man can lick a big man—especially when the big man's punch has turned to paunch.
