

BIG LAND SALES MARK PAST YEAR AT TABLE ROCK

Several Thousand Dollars Expended in Improvement —Crops, Prices Average

Table Rock Jan. 15. — (Spl.) The year 1939 was one of the best since 1929 in this district, in the way of improvements, general crop yields and prospects.

During the year several thousand dollars were spent for improvements including new farm buildings, new roofs, repairs and modernizing of dwellings and leveling of land.

At least three important real estate deals were consummated, including sale of the Wyckoff ranch, one of the largest in the district, to Ben E. Harder, of Medford; part of the Palmer holdings along the river, better known as the Modoc orchard, to Dick Richman, and sale of the Ralph Wilson place to Mr. Westrup, of Chicago. Extensive improvements were begun at once by the various purchasers.

War Hits Peas
A pear crop better than average in quantity and quality started to market with good prices but met reverses with outbreak of the war in Europe. Prices, however, will still net as much or more to growers as in the past year or two.

Crops of wheat, oats and barley were in normal yield and brought prices a little better than usual.

Those growing corn report better than average yield which ripened earlier owing to a favorable corn season. Prices were no better than last year, owing to low prices on hogs and turkeys.

Reports indicate that the highly advertised hybrid corn did not yield as much as the common corn grown here for many years.

Sugar beet seed growing was tried here last year but those growing it report results not sufficiently encouraging to warrant growing it again this year.

Sweet Corn Profitable
Those growing onions and lettuce were favored with good yields and excellent quality but lacked a market and price. Sweet corn did well both as to yield and price.

The hay crop, mostly alfalfa and vetch, was from smaller acreage but a good yield was obtained with normal prices. Much of the crop will be fed to beef cattle and dairy stock.

Very little new machinery was purchased by farmers here, the reason being advanced that there is too much difference between what farmers receive for their products and the prices asked for the things needed.

As the new year advances there seems to be somewhat more optimism among most of the landowners, although considering low prices for some products, and better prices for others 1939 net returns were very little better than the average.

Most improvements were made with money brought into the district by land buyers.

Redding Business Area Has Big Blaze

Flames, which began with an unexplained explosion at 2:50 a. m., destroyed a city business block of seven buildings at Redding, Calif. Fire equipment from Red Bluff and the forestry service was called in to help combat the blaze. Loss was estimated near \$1,000,000. Here the firemen, a few minutes after the alarm (note clock), are struggling with a ladder as their comrades play streams of water on the conflagration.

REV. NOAH D. WOOD CALLED BY DEATH

Rev. Noah D. Wood, a resident of Medford for the last 10 years and former pastor of the Methodist church (then south) passed away Sunday evening at his home, 103 Maple Park drive following an illness of more than six months.

Rev. Wood was born at Baton Rouge, La., April 12, 1871. At the age of 22, he was married at Bethel, Texas to Hattie H. Hurley who survives. There are also six children, Earl Wood and Joyce Pageler, of Portland; J. O. Wood, Longview, Wash.; Harold, Klamath Falls; Emily David, Ashland and Frances Hurst, Myrtle Creek, Oregon. Also two brothers and two sisters, M. L. Wood of Hazelton, Ida; Dr. R. Lee Wood, Salem; Lady Garrett, Dayton, Oregon and Eula Watt of Anity, and 10 grandchildren.

Mr. Wood was ordained as a minister at the West Texas conference in 1892. He began active preaching in 1899, his first pastorate being at Point Rock, Texas. Coming west, he spent practically all his time in Oregon, serving in the ministry at Corvallis, Weston, Tangent, Coquille, McFarland, Myrtle Creek, Franklin, Roseburg, Peoria and Medford. Also at Walla Walla, Wash., and Meridian, Idaho. He retired here in 1936.

The remains will be taken by the Conger Funeral Parlors to Myrtle Creek, Oregon where services will be conducted at the Methodist church with Rev. H. S. Shangle of Freewater, Oregon, officiating. Interment at Myrtle Creek.

Revivalist Roberts Opens Campaign at Nazarene Church

The first day of the revival at the Medford Church of the Nazarene, Holly at First, under leadership of the international revivalist, C. E. Roberts, indicated wide-spread results throughout Southern Oregon.

Speaking last night on "A Revival or a Revolution," the evangelist referred to Roger W. Babson, the great economist and world statistician, as authority that a revival is the only thing that can save America from moral and economic chaos.

The evangelist stated: "There are three outstanding principles necessary to bring about a revival: the Word of God, the Holy Ghost, and the people of God. B. L. Moody shook two continents because God had full possession of him."

Some drove as far as 70 miles to hear the evangelist and Mrs. A. J. Schocke, director of music yesterday.

Tonight at 7:30, the evangelist speaks on "Deep Sea Fishing."

IN THE HEART OF THE CITY

CIVIC CENTER FOR BOYS INSTITUTED BY LOCAL CHURCH

The civic center which was opened to all boys of the community in the early fall, in the basement of Wesley Chapel, the former Methodist Episcopal Church, S. 5th, corner of West Main and Oakdale, has proved very helpful and beneficial to all those who have availed themselves of its workshop and recreational facilities.

In the shop room are two wood-turning lathes, hand tools, and a complete lapidary unit for cutting and polishing stones, which may be used by any boy of 12 years or older.

In other rooms are table tennis, chess, checkers, Chinese checkers, other table games, and a dart throwing game which many of the smaller boys enjoy.

There is also a reading table with good magazines and books which boys like to read.

The center is under personal direction of R. J. Bills four nights in the week; Mondays, Tuesdays, Thursdays, and Fridays; and is free to any boy in the community.

Also Mr. Bills, who has had previous experience in Boy Scout work will be pleased to supervise any Scout in taking Scout tests.

In addition to the four nights mentioned, there is a school for boys in model airplane building conducted by Howard Poffenbarger on Saturday afternoons. The latter has had some years of experience in this line of work and this is a splendid opportunity for any boy who would like to learn to make model airplanes at no cost except for material used in the work.

From time to time Everett Faber will show some interesting and instructive movies at no cost to the boys.

able candidate for speaker of the house. It has been taken for granted by his many friends that Attorney McAllister would seek re-election. At the last session, he was highly regarded for his work.

Demos Plan Ticket

E. T. Newberry of Talent announced last week he would seek re-nomination as state representative from this district, on the Republican ticket.

The Jackson county Democratic warhorses are reported considering a full ticket in the primary, with candidates for all state and county offices.

Nick Young, constable for the Medford district, also reported today he would seek re-election on the Republican ticket in the

primary. Constable Young has served one term, and part of a term to which he was appointed. County Clerk George R. Carter, and County Treasurer Ralph Sweeney announced last week they would seek re-nomination for the offices they now hold.

Throw a dollar out of the window

There's a certain amount of pleasure in throwing a dollar bill out of the window (we suppose — we've never tried it) . . . watching it float through the air . . . guessing where it's going to land . . . seeing it finally settle on a curbstone . . . and perhaps seeing some surprised individual pick it up.

At least, it's certainly more fun than throwing away a dollar bill by paying one hundred cents extra for something you're buying. Yet every year we all part with a goodly sum of hard-earned cash that we might otherwise save—if we knew how to buy!

The quickest, easiest, simplest way to learn how to buy is to read the advertisements in this newspaper. Know values. Know prices. Know quality. Start now to stop throwing dollar bills away!
