

### PACIFIC HIGHWAY ASSN. WILL SPEND TO LURE TOURISTS

#### \$22,500 Voted for 1940 Effort—Rynning and Koozer Among Officers Elected

Eugene, Jan. 16.—(P)—Oregon's year-old Pacific Highway association will spend \$22,500 during 1940 to help place the scenic wonders of the Pacific northwest "on the map" for tourists.

This action was voted last night before delegates from the length of route 99 re-elected its officers and adjourned. Howard Merriam, Goshen, was renamed president; Carl I. Rynearson, Cottage Grove, manager; C. H. Demaray, Grants Pass, treasurer; Paul B. Rynning, Medford, secretary; and H. E. Eakin, Cottage Grove; Ralph Koozer, Ashland, and Clifford Harold, Salem, members of the executive board.

Clyde Edmondson, San Francisco, general manager of the Redwood Empire association and Ted Huggins, also of the bay city, told the delegates of opportunities for cooperation which lie ahead for Oregon and California to "bring America west."

More than 900,000 people traveled the Pacific highway in 1939, they declared in urging the coast to pool efforts to compete with other vacation lands.

Easterners are completely ignorant of the northwest and its wonders, delegates were told by Frank Branch Riley, Portland writer.

### AUTHORITY ON FAR EAST TO LECTURE HERE WEDNESDAY

Robert Norton, associate editor of China Today and writer and lecturer on the relations of the United States with the Far East, will make a personal appearance in the Medford senior high school auditorium at 8 p. m. tomorrow.

Mr. Norton's appearance here is sponsored by the Jackson County League of Women Voters, non-partisan organization devoted to spreading enlightenment on public issues. There will be no charge of any kind for Mr. Norton's lecture. The public is invited to hear him and it was emphasized that men, as well as women, will undoubtedly be interested in hearing Mr. Norton, considered an authority on far eastern affairs.

Mr. Norton will speak on "America's Role in Pacific Affairs," a topic considered of timely interest to both men and women because of the pending trade negotiations between Japan and the United States.

Mr. Norton ordinarily lectures only in large cities and the league feels that he has complimented Medford in agreeing to come here for tomorrow night's talk. His two most recent lectures were given in Portland and San Francisco.

In a telegram to the Jackson county unit, Kathleen O'Daniel of Portland, state secretary of the League of Women Voters, highly recommended Mr. Norton after hearing him in Portland.

Because of Mr. Norton's reputation and his willingness to come to Medford, besides the importance of Far East questions today, the Jackson county league is eager to fill the high school auditorium to capacity.

### Routine Business On Council Slate

Only routine business is on the formal calendar to come before the city council at its regular semi-monthly meeting tonight. The session will be held as usual at 7:30 in council chambers on the top floor of city hall.

### EUGENE TO BUILD OWN PLANT FOR ELECTRIC POWER

#### Council Rejects Bonneville Contracts As More Expensive Than Steam Plant

Eugene, Jan. 16.—(P)—The Eugene water board last night turned down Bonneville's contracts and decided to build its own—standby—power plant to serve the city. The plant will cost \$510,000 and will be completed within 18 months. Construction will be started immediately.

Because the water board's surveys showed that peak-load and stand-by power service would be cheaper and more practical with a steam plant than with a Bonneville source, Eugene will make no contract with the federal agency for the present, McArthur announced.

This action does not eliminate possibility that in future years, Eugene may hook on to the Bonneville lines on some sort of exchange plan, whereby Eugene may help Bonneville in emergencies, and Bonneville would reciprocate to Eugene.

The water board's action settled a question of two years' standing. Several contracts have been offered to Eugene, and each has been the subject for long and sometimes heated discussion.

tion. Eugene's decision to depend on its own resources apparently has settled for many years the problem of power supply.  
"We believe that we can produce power in this area with a standby plant that can take care of all needs of this district for some time," Superintendent J. W. McArthur said.
