Keep in a GOOD HUMOR Until 10 and . . .
. . . the Whole Day Will Be a HAPPY ONE

Reading time 57 seconds.

HARD to do? Occasionally, yes, but a steaming cup of fresh flavorful coffee with properly prepared toast will give every day a happier start in any family.

FIRST THE COFFEE—An early morning cup of really fresh good coffee actually does something to you—sort of lifts you out of that sleep lethargy we all feel upon arising. The fresher the coffee the better the lift.

That is why we suggest Z-Mor-U—but a few days from the roaster and left unground until we grind it to exactly suit your coffee maker as you buy, it is as fresh as coffee could be. Good? Well we sell it on a money-back guarantee. More, we couldn't say.

NOW FOR THE TOAST—Toast goodness must be baked right into the bread. Parisian Toast Bread baked only at your Groceterias is such a bread. It contains none of the so-called chemical improvers:—ammonium persulphate, potassium bromate or calcium phosphate. It is made of the same ingredients you would use in your own kitchen and no more, except that the batter you make for frying French toast is mixed right into the bread.

A lot of folks like it untoasted—eat it three meals a day. It's mighty good that way, but we like it toasted a lot better than any we've ever tasted.

PORK LIVER
Good Source of
Vitamins A, B1, B6 and D

THIS should be good news to those who have paid the high price for calf liver to get the vitamin content of this valuable food.

Research by the University of Wisconsin showed inexpensive pork liver to be a rich source of all of these vitamins and a very rich source of sunshine vitamin D.

LET'S BUILD
PAYROLLS!

With farm markets and industrial pay rolls our greatest need, common sense tells us we should use none but locally grown and processed meats, especially when the flavor is superior to most outside brands and the cost is naturally less.

A fine industry is possible in Southern Oregon if we will use none but local meats.
