

MARY SHREVE IS QUEEN ELIZABETH OF PLAY FESTIVAL

Medford Girl 'Good-Will Ambassador' of This Year's Shakespearean Court.

Miss Mary Elizabeth Shreve, pretty 19-year-old Medford high school graduate, has been selected as the official "Queen Elizabeth" to reign over the Sixth Annual Shakespearean Festival in Ashland this summer.

Succeeding Miss Lillian Davis

of Klamath Falls, the new queen will be attended by a court of three princesses, one from Ashland, another from the Pelican City and a third from Grants Pass. Selection of the princesses is underway at the present time and names will be announced by the middle of the week.

A prominent member of the younger set here, the new queen will be dressed in full Elizabethan costume of 300 years ago and with her court, will be the official "good-will ambassador" of the festival. Plans are being made for her appearance in a number of cities throughout Oregon and northern California during the festival.

Plan Salem Trip
A special trip to Salem during the Centennial celebration there late in July and early in August, is planned. An interview with Gov. Charles A. Sprague, prominent state and city officials of Salem and visiting governors, is also being arranged.

Possibilities of a special appearance at the San Francisco world's fair are being discussed. Last year, a group of Shakespearean actors and actresses presented a radio version of one of the plays over a nationwide NBC hook-up and also gave a stage presentation in the Hall of Western States.

COAST POWER HOOKUP AS DEFENSE MEASURE SUGGESTED BY RAVER

Washington, May 28. — (AP) — Paul J. Raver, Bonneville power administrator, suggested to Secretary Ickes today that all private and public power facilities in the Pacific northwest be interconnected as a national defense measure.

He made the suggestion in a formal statement, saying that the hook-up would involve the Bonneville power development on the Columbia river 40 miles east of Portland, Ore., and the Grand Coulee project on the Columbia river in central Washington.

Neither Raver nor Ickes offered any plan for the hook-up nor made any public estimates of the cost.

"If we are prepared to meet the power demand of the national defense program, with its inherent industrial expansion," Raver told Ickes, "it is necessary that we accelerate the completion of the interconnection of the Columbia river plants on the Columbia river with all existing (private or public) utilities in the area."

LOGGING COLONY NOT JOBLESS, IS OFFICIAL'S WORD

Letter Received From Secretary of Group Planning Co-op Near Grants Pass.

A letter from the Pioneer club of Long Beach, Cal., today stated that some erroneous information about the group's plans had been published in a Long Beach newspaper from which the Mail Tribune recently ran a reprint. This is the group that proposes moving to the vicinity of Grants Pass, there to establish a cooperative.

The letter from the Pioneer club's secretary, R. C. Parcells, said that in the first place the Long Beach people planning the cooperative enterprise are not unemployed, as was stated in the newspaper story. "At least 95 per cent of the membership is working," Mr. Parcells wrote.

Logging Only.
The group already has title to sufficient timber land to meet immediate needs and there is no intention at present of doing any milling, so that there will be no plant or manufacturing investment and overhead to take care of, the letter said.

For the present, according to Mr. Parcells, the group will do only logging and the quoted price of \$14 a thousand board feet would allow a handsome profit. Lumbermen pointed out that to do even logging expensive equipment, such as tractors and heavy trucks, is invariably necessary. It is the general practice to deliver logs to the mills and that requires trucking facilities, it was emphasized.

To Pharmacy Board
Salem, May 28. — (AP) — Gov. Charles A. Sprague today reappointed A. K. Berman of Corvallis to the state board of pharmacy for a five-year term.

Correct Constipation Before—Not After!

An ounce of prevention is worth a pound of emergency relief. Why let yourself suffer those dull lifeless days because of constipation, why bring on the need for emergency medicines, when there may be a far better way? That way is to KEEP regular by getting at the cause of the trouble.

If it's common constipation, due to lack of "bulk" in the diet, a pleasant, nutritious, ready-to-eat cereal—Kelllogg's All-Bran—goes straight to the cause by supplying the "bulk" you need. Eat this crunchy toasted cereal regularly, drink plenty of water, and see if you don't forget all about constipation. All-Bran is made by Kelllogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.
