

Stomach Trouble
Cleveland, Ohio (AP)—A coal chute gave way under Patrolman Simon L. Savage. His ample mid-section jammed against the sides of the chute, leaving Savage helpless while an

amused crowd congregated. He was finally hoisted out.
Prayerful Prospect
St. Joseph, Mo. (AP)—DeKalb county's new oil test has been started with a prayer. A group

of people of Greek extraction, financially interested in it, brought a minister from Kansas City to anoint the well with holy water and pray. Then they sprinkled flowers on the ground.

Cooperative Refinery
Phillipsburg, Kans. (AP)—A new oil refinery has been opened here which sponsors claim is the first one in the United States owned and operated by the consumers who buy its products. It

has a capacity of 88,000 barrels of refined fuel daily.
Freshmen Are Taller.
Seattle, Wash. (AP)—Statistics at the University of Washington show that the average

freshman student of today is heavier, taller and younger than the freshman of 1908. Thirty-two years ago the average freshman weighed slightly less than 140 pounds and was 5 feet 8 inches tall.

Don't Miss.
Reno, Nev. (AP)—The fire department believes it has about the most sensitive alarm service in the country. Painters using steam to remove calomine from the ceiling of a hotel room

brought the department. A few weeks previously heat generated by slacking lime caused an alarm. Finally, the department replied to a fire alarm call from next door to the fire house.

- Don't be confused by "give-away" offers ("2nd Tire \$1" or "3rd Tire Free") based on "inflated" list prices!
- Don't be misled when they offer you a cheapened-quality "bargain" tire, masquerading under a formerly-reputable brand name ("Former List Price \$10.65... NOW \$6.66!")!
