

COUNTY CENSUS IS EXPECTED TO SHOW INCREASE

Jackson County Chamber of Commerce Waits Report on Territory With Interest

Census returns for the entire county were awaited with interest today by the Jackson County Chamber of Commerce. It was expected that an increase in population over the 1930 census figures would be shown. There will be no definite knowledge on the population, however, until figures are released by headquarters in Eugene, center of the southern Oregon census region.

A preliminary count announced in Eugene last Friday gave Medford a population of 11,548 as compared with 11,007 in 1930, an increase of 541 or 4.91 percent.

Ashland Disappointed
Ashland was said to be frankly disappointed with its showing as revealed in the preliminary count announced by Mrs. Merle C. Stuart, census supervisor at Eugene. The Ashland population was shown in the preliminary count to be 4,617 as compared with 4,544 in 1930, an increase of only 73. Ashland had anticipated a population of more than 5,000. The increase was only 1.6 percent.

Because of the migration of city residents to suburban homes and small farms, it was expected that the county population would show an increase over the 1930 figure but to avert disappointment no one was willing to venture a guess or an estimate pending release of the actual figures from the Eugene census office.

Suburban Move General
The move to suburban home sites is national and American cities are spilling over their municipal boundaries as the movement grows, Newton C. Farr of Chicago, president of the National Association of Real Estate Boards told a regional meeting of Realtors in Portland Saturday. Mr. Farr advocated low-cost housing within city limits as part of a program to keep the migration from lowering mid-town property values.

4-SQUARE CHURCH IN NEW QUARTERS

The Rev. and Mrs. H. E. Schneidau, pastors of the Four-square Wayside church, have leased the old Nazarene church property at Central and Jackson streets. It was announced today. Coming from the Portland Four-square church ten weeks ago, the couple took over the Wayside church and have made such rapid progress that it became necessary to have larger quarters, better Sunday school facilities and more central location. Services this week will be held at the new location on the

JACKSON CO. C-C RECEIVES AWARD FOR HEALTH WORK

The Jackson County Chamber of Commerce was today in receipt of the certificate awarded by the Chamber of Commerce of the United States to Jackson county for its work in health conservation. The award was won in a contest conducted by the national chamber in cooperation with the American Public Health association. Announcement of the award was made a short time ago.

The certificate says: "This certifies that Jackson county, Oregon, has won an award for meritorious achievement in the 1939 inter-chamber rural health conservation contest."

Accompanying the certificate was a letter from James S. Kemper, president of the national chamber, who said in part: "The competition was keen and your health committee, as well as the other organizations and individuals who cooperated with you, are entitled to be commended for the excellent return which you filed in the contest. I trust this award will encourage you and your associates to even greater efforts to improve public health in your community."

Rome, June 11.—(Sp)—Countess Edda Ciano, Premier Mussolini's elder daughter, today was en route to serve as a Red Cross nurse in a field hospital on the Italian western front.

Her husband, Count Galeazzo Ciano, Italy's foreign secretary, also is leaving Rome—to command a bomber squadron.

SUPREME COURT PLANS RECESS ABOUT JULY 15

Salem, June 11.—(Sp)—A member of the state supreme court indicated today the high tribunal would recess for the summer about July 15.

A decision on the constitutionality of Oregon's labor control law was expected before recess.

BETTER PROSPECT ON WINTER WHEAT SHOWN IN SURVEY

Agriculture Department Reports 488,858,000 Bushels Apparent On June 1

Washington, June 11.—(Sp)—The agriculture department today forecast a winter wheat crop of 488,858,000 bushels on the basis of June 1 conditions, and estimated spring wheat production at 239,000,000 bushels.

Conditions a month ago had indicated a winter wheat harvest of 459,691,000 bushels. Production last year was 563,431,000 bushels. Average production during the ten years, 1929-38, was 371,067,000 bushels.

Heavier Planting.
The indicated spring wheat harvest was based on the prospective plantings reported in March, which were 19,425,000 acres, or 10.8 per cent more than the planted acreage of 1939, and the condition of the crop on June 1, which was 88 per cent of a normal. The condition compares with 71 per cent a year ago and 76 per cent, the 10-year average.

Acre yield, indicated by June 1 conditions, was reported as 14.3 bushels for winter wheat, compared with 14.9 bushels last year and 14.3 bushels, the 10-year average; and for rye, 12.0 bushels, compared with 10.3 for last year and 11.4, the 10-year average.

Rye production this year was indicated as 38,640,000 bushels, compared with 39,249,000 bushels last year and 38,095,000 bushels, the 10-year average.

Fewer Peaches, Pears.
The peach crop, indicated by June 1 conditions, was 52,012,000 bushels, compared with 60,822,000 last year, and the 10-year average of 52,723,000 bushels.

Pear production was put at 30,853,000 bushels compared with 31,047,000 bushels last year, and the 10-year average of 26,333,000 bushels.

The indicated acre yield and total production of winter wheat, by important producing states, includes:

Nebraska 11.0 bushels per acre, and indicated total production 24,442,000; Kansas 10.5 and 29,406,000; Oregon 22.0 and 14,080,000; California 15.0 and 12,400,000.

The condition on June 1 of spring wheat, by important producing states, included:

Minnesota 87 per cent of a normal, Washington 89, Oregon 86.

SOUTHERN OREGON WOOL BRINGS 35 CENTS POUND

Roseburg, Ore., June 11.—(Sp)—Sale of approximately 250,000 pounds of wool in the southern

Oregon wool pool to the firm of Adams and Leland of Boston, Mass., was announced here today by John Rohr, agent for the organization composed of approximately 400 growers. The sale, it was reported by Mr. Rohr, will return 35 cents per pound net to the grower, and is the highest price to be received in recent years.

TOWNSEND HALL AIR CONDITIONED

(Contributed)
A special meeting was called Monday night by Townsend Club No. 2 council to discuss further plans for air-conditioning the hall and 123 1/2 W. Main street.

Work will start immediately. The hall has been re-leaded for three years and will continue to be headquarters for all Townsend clubs and their friends in southern Oregon.

Club No. 2 meetings are held the first and third Friday of each month.

Dances will continue under the same management.

This will be the only Townsend hall in southern Oregon to be air-conditioned.

Many activities are planned as soon as improvements are completed.

CHILDREN PLAYING WITH MATCHES SET WOODSHED ABLAZE

Fire late yesterday afternoon destroyed the woodshed, badly damaged another frame utility building and scorched the rear of the residence of Mrs. Christine Dinsmore, 214 North Holly street. Quick action by the fire department was credited with saving the house.

An electric light pole and a telephone pole, on opposite sides of the alley, which the utility buildings were situated, were also scorched, wires were burned and for a time the public light signal system was put out of commission.

The blaze, Chief Roy Elliott said, was evidently caused by children playing with matches in dry grass near the woodshed. The chief implored parents to keep a closer watch over their children to keep them out of the danger of playing with matches. The three most recent fires, he said, were caused by children using matches in dry grass.

The chief pointed out that children do not realize how fast dry grass can become a flaming fuse leading to homes and other buildings. He emphasized that

children playing with matches are in danger of being seriously and even fatally burned themselves and he pleaded with parents to help the firemen protect the city's youngsters.

The chief also again advised residents to have dry grass cut away from homes and other buildings.

Roll Out the Barrels
Portland, June 11.—(Sp)—The barrel shortage that threatened the Oregon strawberry crop last week eased today with resumption of operations at the western coopeage plant. Coopeage unionists and the management recessed the 14-week-old strike at the pressing for two weeks to meet the plant's seasonal need.

Isn't This Why You Are Constipated?

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? White bread, meat, potatoes? It's little wonder you're constipated. You probably don't eat enough "bulk." And "bulk" doesn't mean the amount you eat. It's a kind of food that forms a soft "bulky" mass in the intestines and helps a movement. If this is your trouble, may we suggest a crunchy toasted cereal—Kellogg's All-Bran—for breakfast. All-Bran is a natural food, not a medicine—but it's particularly rich in "bulk." Being so, it can help you not only to get regular but to keep regular. Eat All-Bran regularly, and drink plenty of water. Made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.
