# GERMANS HURLED BACK FIVE MILES

Washington, D. C., June 13.—Not even sending the allies large quantities from the slender stock of army and navy munitions is satisfying the group who are demanding that the United States declare war on Germany. This group is becoming bolder and more vocal daily and petitions are on the desk of the president in the White House telling him to join the fracas. It will require cool heads to keep the United States out of National defense is now interpreted to include France and England.

There are strange goings-on in the national capital. A few weeks ago the president dramatically declared that our defense and supplies of materials were inadequate and congress is now appropriating billions to make up for the deficiency. These materials will not be available for a year or more. Now the president is making available army and navy planes, rifles and other munitions from our small stores. As a result, the United States is more impoverished in its defense equipment today than when the president made his speech.

That delivering our defense material to the allies is approved by millions of citizens is a fact; also a fact that other millions do not approve. But even this sacrifice of weapons falls short of what the warmongers want. They insist on American troops participating. Don't forget the advocates of war are numerous and vocal in Washington.

CONGRESS was advised a few weeks ago that army and navy together had a total of 2700 fighting planes, of which 1128 were obsolete. General Arnold, chief of air corps, said the army has 300 bombers three years old and it is suicide to fly them. There were 168 light bombers obsolete and 160 pursuit planes obsolescent out of 460.

It is unknown how many

## FIREBUG BUSY IN ORCHARD DISTRICT

Wenatchee, Wash., June 13.—(P)—Freely applying the torch over the course of a mile in the Monitor Orchard district, a pyromaniac early today fired three packing sheds, one cottage, a pump house and lean-to, causing damages estimated at several thousand dollars.

Under arrest at the Chelan county jail is William Murphy, 28, itinerant orchard worker from Buffalo, N. Y., who was employed at the L. M. Cundiff ranch for a week.

## SIDE GLANCES

by TRIBUNE REPORTERS

Roland Halper accepting a friend's invitation to visit and then getting recruited into helping the friend move bag and baggage elsewhere, he being very gracious about it all, however.

Rhea Hoover finding time to knit a Red Cross refugee sweater despite the fact she works long shop hours—the committee in knitting charge wishing more Medford women would be like her.

Royal Bebb looking simply stunning and very boyish in a lettuce green play suit.

Fireman Howard Glascock settling down for a pleasant nocturnal conversation with another radio ham in Eugene when the fire alarm bonged and Howard had to be off in the middle of an otherwise interesting sentence.

## PLANES FROM U. S. HELP POILUS IN COUNTER ATTACK

Allied Line Reported Holding Elsewhere Under Out-numbering Nazi Forces

Tours, France, June 13.—(P)—Premier Reynaud in a radio speech late tonight said he had sent a last appeal for help today to President Roosevelt.

He added that it was a "new and final" appeal.

"The soul of France is not beaten," he said. "The life of France, however, is at stake."

Tours, June 13.—(P)—German troops tonight were officially acknowledged as being pouring over three bridgeheads on the Seine in an effort to complete from the west the encirclement of Paris.

Washington, June 13.—(P)—The state department disclosed today that Ambassador William C. Bullitt in Paris, acting at the request of the French, had notified the German government that Paris was an open city and military forces were being withdrawn.

Tours, France, June 13.—(P)—The French council of ministers was reported tonight to have decided to continue French resistance "up to the end." The meeting of the council was attended by British Prime Minister Churchill and British Foreign Secretary Lord Halifax.

By the Associated Press  
 Supported by American-made bombers, Gen. Maxime Weygand's French poilus hurled the Germans back 5 miles north of Paris today, a French military spokesman said, and the allied line was reported holding elsewhere under the onslaught of 120 Nazi divisions.

DNB, the official German news agency, meanwhile carried a brief dispatch under a Paris date-line saying it was officially announced that Paris would not be defended—apparently sparing the city from the devastation of war.

Declared Open City  
 With the beleaguered French capital now declared an "open city"—technically inviolate against bombing and shelling—a French spokesman said the French have no intention of fighting in the streets of Paris itself.

Battle-weary poilus were holding stubbornly all along the 200-mile line, the spokesman said, despite the fact that many of them have not been relieved since Hitler launched his massive offensive from the Somme on June 5.

The attacking Germans, he said, have been relieved two or three times.

Gen. Weygand's deep "quick-sand" system of tank traps has worked and is still working, according to the best available information. But it is another question to withstand the determination to sweep every defense point, regardless of the cost in men and material.

Nazis Pay Dear  
 French dispatches repeatedly emphasize that Hitler's armies are paying dearly for every mile of ground gained, and paying too high a price. It is on this basis that the allies pin hopes

## JAPS HEAR REPORT OF BRITISH TROOPS LANDING IN INDIES

Tokyo, June 13.—(P)—The Japanese foreign office said today it regarded with "extreme gravity" a published report alleging that 2,000 British troops had landed in the Dutch East Indies after the island requested protection.

While both the Dutch legation and the British embassy here denied the report, the foreign office awaited direct word from its own consular representatives.

(In London a war office spokesman said he neither could confirm nor deny the report. British sources said they considered such action unlikely.)

The report was published by the large Tokyo newspaper Nichi Nichi in a dispatch from Surabaya, Java, which said a British officer had disclosed accidentally that he was a member of a force sent from Singapore to East Java.

The status of the Dutch East Indies, rich in rubber, coffee and tin and strategically located between the Indian and Pacific oceans, has been a matter of special concern to Japan ever since Germany occupied the Netherlands.

## BELLIGERENTS TOLD TO REMOVE FORCES STATIONED IN CHINA

Shanghai, June 13.—(P)—The Japanese-controlled "Central Chinese Government" at Nanking published a declaration tonight demanding that all troops, warships and other armed forces of European belligerents stationed in China be withdrawn.

The Nanking regime, headed by Wang Ching-wei and acting under Japanese advice, said it was interested only in avoiding any "unwanted incidents" in China.

It pointed out that Britain, France and Italy all have forces in China—in many cases stationed in the same localities.

"In this critical period," it said, "the presence of belligerent troops is likely to result in conflict which may develop to serious proportions."

## YOUNGSTERS EAGER FOR PILOT, MECHANIC CLASS

Portland, June 13.—(P)—Applicants for training as war industries mechanics and pilots swamped Portland school offices today. Supt. Ralph E. Dugdale said that the rush to fill the government's quota of more than 2000 was so great the flood of calls had to be diverted to the state employment service.

## Postoffice Robbed

Shedd, Ore., June 13.—(P)—Sheriff Herbert Shelton said today the Shedd postoffice and a Halsey service station were robbed last night, "probably by the same men."

## TURKEY, GERMANY SIGN AGREEMENT FOR COMMERCE

Action by Turks Is Bombshell for Allies—Is Result of Long Negotiation

Ankara, June 13.—(P)—The Turkish government today signed a new commercial agreement with Germany.

The accord came as a bombshell, especially since Turkish leaders had insisted Turkey would fulfill her mutual aid pact with Britain and France and the controlled press had severely attacked Italy.

Diplomats flocked to the foreign ministry in an attempt to learn the significance of the move.

The accord, it was announced, provides for the exchange of certain products to the extent of 21,000,000 Turkish liras.

Long Negotiation  
 It was the result of months of negotiations between the government and Franz von Papen, German ambassador to Turkey. (The deal involves about \$14,380,000. The Turkish pound was quoted at .68 in New York today.)

Trade between Germany and Turkey has been at a standstill for months because of credit and other difficulties.

Informed circles said the agreement was of no political significance but the first reaction in diplomatic circles was that it might indicate Turkey was not planning to enter the war immediately.

The agreement was signed by the German trade delegation which negotiated it.

## 3 FOREST FIRES IN KLAMATH AREA

Klamath Falls, June 13.—(P)—Forest fire followed the heat wave into this area yesterday when three blazes broke out. Only one remained out of control today.

A fire reported here to have covered an area of 2100 acres this morning was still spreading in the northwestern corner of Lake county near Fort Rock. Brought under control last night were a 300-acre blaze near Beaver Marsh and a smaller one near Chemult, in northern Klamath county.

Bend, Ore., June 13.—(P)—Cooler weather and absence of wind lent a hand today to the 500 men combating a 2000-acre forest and brush fire in the Wickiup reservoir basin.

## BRITISH, ITALIANS IN LIBYA SKIRMISH

Cairo, Egypt, June 13.—(P)—A British-Italian skirmish on the Egyptian-Italian Libyan border last night in which the British took 62 prisoners was reported today by British authorities here.

The British said they suffered no casualties. Two officers were among the captives. Two machine-guns were reported taken.

## EGYPTIAN BASES OPEN TO ALLIES

Alexandria, Egypt, June 13.—(P)—Egypt placed all her communication systems, air and naval bases and ports at the disposal of Great Britain today and pledged her ally the "greatest possible assistance" in the war against Italy.

Premier Aly Maher Pasha declared the nation would fulfill all her obligations under the Anglo-Egyptian treaty of friendship, but intended to refrain from any offensive action against Italy although diplomatic relations had been severed.

## \$50,000,000 WAR RELIEF FUND HAS SENATE APPROVAL

Must Be Spent in U. S. to Purchase Supplies for Refugees in War Torn Europe

Washington, June 13.—(P)—The senate unanimously voted today a \$50,000,000 war relief fund requested by President Roosevelt.

Senator Adams (D-Colo.) succeeding in attaching the proposal to the relief bill already passed by the house after a brief explanation.

This automatically increased the total of the bill to \$1,123,000,000.

Under terms of the Adams provision the war relief funds must be spent in the United States to buy agricultural, medical and other supplies for refugees of war-torn Europe.

Adjourning Hope Dies.  
 Legislation to reinforce by law this government's vehement opposition to any transfer of sovereignty over territory in the western hemisphere from one European power to another today won quickly a right-of-way to house consideration, while plans for an early adjournment of congress were virtually abandoned.

The rules committee cleared the territorial resolution for house consideration after Rep. Fish (R-N.Y.) asserted that he favored going to war, if necessary, "to uphold the Monroe Doctrine." Fish predicted that the resolution could be brought up in the house Tuesday.

While not specifying any nation in its text, the declaration if approved by both house and senate, would put congress on record as opposing, for instance, transfer of any of the French or British possessions in this hemisphere to Germany should the reich be able to demand them.

## 4-H'ERS ELECT SESSION HEADS

Corvallis, June 13.—(P)—Patricia Clark of Russellville became president of the girl's council and Bob King of Moro chairman of the boy's executive committee at the Oregon State college Four-H club summer session yesterday.

Others named to the two governing groups included Elmer Bierly, Chuck Mowry, Bob Harper, Edward Schirler, Verlie Duke, Frances King, Freda Bucurenci and Wilber Murhammer, all of Marion county; Lyle Knower, Polk county; Lowell Davis and Marjorie Jensen of Lane county; Herbert Parent and Joyce McCubley, Morrow county; David Densley, Baker county; May Belle Strickland, Douglas county; Helen Largent, Klamath county; Phyllis Keith, Josephine county.

## SECOND BATTLEWAGON ADDED TO U. S. DEFENSE

New York, June 13.—(P)—A great grey-painted man-of-war, christened the U. S. S. North Carolina by a daughter of that southern state and heralded as an important unit in national defense, slipped down the ways of Brooklyn navy yard today.

Miss Isabel Young Hoey, daughter of North Carolina's governor, smashed a bottle of champagne against the bow of the \$70,000,000 35,000-ton battleship. Seconds later the vessel, a sister ship of the U. S. S. Washington which was launched at Philadelphia on June 1, struck the water.

## Premature Blast Decapitates CCC

La Grande, Ore., June 13.—(P)—A premature dynamite blast decapitated Seth A. Hover, New Jersey CCC enrollee of Camp Elgin, near here, today.

Hover was standing beside a tree stump while working on a state fire patrol road, seven miles south of here, when the charge exploded. Other workmen escaped death although hit by debris

## Elks Gather For Pendleton Meet

Pendleton, Ore., June 13.—(P)—Elks from all parts of Oregon and Idaho arrived here today for the opening of the annual convention of the Oregon Elks' association.

## Ex-Navy Planes Will Serve Overseas

These war planes, formerly owned by the U. S. Navy are shown at Buffalo, N. Y., as they were painted with Allied colors prior to shipment overseas. Top: workman (left), paints out U. S. air insignia. Bottom: planes at right camouflaged and ready for Allies, those at left as they appeared in navy service.

## R. A. F. Pilots Wreak Wide Damage

By the Associated Press  
 London, June 13.—For the third day of unrelenting air attacks, British fliers dived through anti-aircraft fire today and came back to their bases with accounts of smashed enemy hangars, ships set afire and troop and supply centers blasted in Norway, France and Africa.

Not a single raiding plane was reported lost—but at home one ship plunged in flames, apparently after hitting a balloon cable, and another drew the fire of its own land batteries for a few minutes until it could be identified.

In Norway:  
 Bombers who groped through mist and fog bombed German shipping in Bergen harbor by the dull red glare of the fires they started along the waterfront. A fort, an anti-aircraft battery and ships in the harbor were reported hit. A German airdrome at Vernes also was bombed, wrecking runways and hangars. German ground crews who rushed from their quarters were machine gunned by the diving planes.

In the North sea:  
 Planes "blind bombing" through fog attacked two German destroyers, but could not see whether they were hit.

In France:  
 British navy fliers claimed their bombs blew up a German motor speedboat and damaged other ships and ammunition barges in the German-held port of Boulogne.

Operating from bases in Egypt, the west coast province of Kenya and perhaps other fields, British bombers continued raids on Italian ships, airdromes, and land supply and troop centers in Libya on the Mediterranean, Italian-conquered Abyssinia, and Eritrea along the Red sea. Bleibheim bombers were credited with direct hits on airdromes, forts and munitions dumps in Eritrea, and at Dire-dawa, Abyssinia. Macaca, near Assab, across the lower end of the Red sea from the British protectorate of Aden, and objectives at the towns of Asmara and Gura were attacked. Ports and Libya also were bombed a second time. Meanwhile fliers from Egypt and British South Africa claimed they scored heavy blows in their raids yesterday on troop and supply bases in Abyssinia.

## BANKRUPTCY SEEN IN PICKETING LINE

Portland, June 13.—(P)—The B. F. Johnson Lumber company advised Circuit Judge Robert Tucker today if CIO picketing continued at the Linton plant the firm would be forced into liquidation.

The management, requesting a permanent injunction, asserted several ship loadings had been cancelled and that the company might soon be forced out of business. President Leo Johnson testified a CIO committee promised to withdraw pickets only if he would "tear up his contract" with the AFL. The national labor relations board certified the AFL lumber union a year ago as exclusive bargaining agent.

## BURGLAR VISITS SANDWICH STAND

Dell's hamburger stand, 325 East Sixth street, was burglarized last night of a full carton of cigarettes, several packages of other brands, a few cigars, candy bars and packages of gum, and a small amount of pennies from the cash register. Proprietor Thomas N. Cline reported to city police this morning.

Entrance to the stand was effected by prying the front door hump off its hinge. Mr. Cline discovered the burglary when he went to the stand to open it for business early this morning.

## Italians Beach Ship Chased By British

Santa Cruz de Tenerife, Canary Islands, June 13.—(P)—The crew of the Italian steamer Malta was reported today to have driven their ship aground at Las Galletas beach in the Canary islands yesterday after a French warship in hot pursuit had fired several shells at her.

# Bridges Deportation Voted by House

Washington, June 13.—(P)—The house passed and sent to the senate today a bill to deport Harry Bridges, the C.I.O. maritime leader on the west coast.

The roll call vote for passage was 329 to 42.

The measure would require the attorney-general to take Bridges into custody and deport him. It also carried a declaration that congress deems his presence in this country "hurtful."

Passage came after Rep. Marcantonio (A.L.-N.Y.) read a letter from Bridges in which the labor leader denied charges of labor dictatorship and or irregularities in his citizenship application papers and said "I appreciate and support" American institutions, civil liberties and American democracy.

When it began debate on the Bridges bill earlier in the day the house was told that the Australian-born labor leader was a "troublemaker" who had no business in this country.

Rep. Colmer (D.Miss.), who thus labeled Bridges, called the bill unusual legislation designed to meet an unusual situation.

Reminding the house that the government is spending billions for defense, Colmer said the nation should not wait to rid itself of subversive elements "until we are spilling the blood of our citizens in defense of the country."

Rep. Fish (R-N.Y.) drew a burst of applause from both sides of the aisle when he said his only regret was that "we have delayed too long."

When Rep. Marcantonio (A.L.-N.Y.) protested that the legislation was setting the national government up against one man, Fish retorted that Bridges was "a symbol—a symbol of the fifth columnists in our midst."
