

CALIFORNIA 'COMMIE' TO APPEAL CANCELING OF HIS CITIZENSHIP

San Francisco, June 13.—(P)—A showdown in the United States supreme court appeared probable today over the naturalization of William Schneiderman, state secretary of the Communist party, whose citizenship was cancelled yesterday by a ruling of Federal Judge Michael J. Roche.

The judge held that Schneiderman had obtained citizenship illegally because he failed to reveal that during a five-year probationary period he belonged to organizations advocating violent overthrow of the government.

Attorney George Andersen, who defended the 34-year-old communist, said he would appeal the decision and probably take the case before the supreme court.

If the ruling is upheld, it would pave the way for deportation proceedings against Schneiderman, who was born in

HOT SPELL HIKES IRRIGATION USE

Rumanov, Russia, and came to the United States in 1908.

During the last three warm days, there has been an increase in the use of irrigation water in both Medford and Talent districts, the watermaster's office reported today. It is reported the streams in the Butte Falls district are dropping, but in the south part of the county, they are holding their own.

There has been some use of irrigation storage water, of which there is a sufficiency to carry through the season, but there is none to waste, and care in its use is urged. The Talent irrigation district, as far as water is concerned, is in better shape than the other districts.

According to the watermaster's office, the head of the Applegate was the only area in the county that had anything near a normal snowfall last winter and now has an ample supply of water.

AMAZING NEW DARK BREAD DELIGHTS THOUSANDS!

Almost forty years ago, a doctor who was very ill invented a compound cereal food with which he hoped to bring himself back to heartiness and health. This food, which was chiefly composed of whole grain rye and wheat, he called Roman Meal. Because in olden days the ration of a Roman soldier was a pound of wheat and a pound of rye every day.

When this doctor had recovered he placed this amazing food on the market and for more than three decades Roman Meal has been famous as a cereal and as an ingredient in other foods. Now this delicious cereal has been baked into a new, delightful, utterly different kind of dark bread... ROMAN MEAL BREAD... which is delighting thousands of people every day.

Roman Meal Bread is unique. It gives you EXTRA minerals, EXTRA vitamins, roughage that is mild but efficient, and yet this amazing loaf is low in caloric content. This makes it ideal for Diet, Reducing and Roughage; however, Roman Meal Bread is also a splendid bread for general table use... so tasty, so tempting, so genuinely good to eat that your very first golden brown slice will make you cry: "This is the dark bread for me!" And you'll be right! Roman Meal Bread IS the dark bread for you and everyone else!

However, when you buy Roman Meal Bread, be sure you get the genuine. Others, seeking to cash in on the sensational public demand for this loaf, are now wrapping their breads so they look like Roman Meal Bread. Roman Meal Bread cannot be imitated because only one baker in a community is licensed to produce it, so when you buy, look for the Roman soldier on the band and make sure you get GENUINE ROMAN MEAL BREAD!
