

### ALL POSSIBLE AID BEING GIVEN NOW SAYS ROOSEVELT

Request By Reynaud for 'Clouds of Airplanes' Not Yet Received Officially

Washington, June 14.—(AP)—President Roosevelt repeated today that all possible help was being extended to the allies and pointed to Hitler's record in response to a report that the German chancellor had said invasion of the western hemisphere was grotesque.

Mr. Roosevelt was told at a press conference that Hitler had called the possibility of German invasion of the Americas "grotesque" in an interview with a newspaperman.

Asked for comment, the chief executive said he could give none except to say "that it brings up recollections."

He authorized direct quotation.

#### Defense Steps

He added that his remark could be enlarged on with dates and nations, going back over quite a period of years.

Mr. Roosevelt announced two additional steps to bolster the nation's defenses:

The signing of an army appropriation bill carrying about \$1,498,000,000 for expansion of army personnel and fighting equipment.

The formation of a national defense research committee headed by Dr. Vannevar Bush, head of the Carnegie Institution, and of the national advisory committee for aeronautics.

The board, the president said, will have seven additional members but their names are not yet ready for announcement.

The chief executive was asked whether he believed the United States could "extend its material resources to the allies in sufficient volume and sufficient speed to save them."

He did not reply directly, asserting it would take two hours to answer the inquiry.

He said, also, that he had received no second direct appeal from Premier Reynaud of France for "clouds" of airplanes and further assistance against the German foe.

(Reynaud said in a speech yesterday that he needed "clouds" of airplanes from across the Atlantic.)

### NO BURNING PERMITS SATURDAYS, SUNDAYS BALANCE OF SEASON

No permits for burning will be issued on Saturdays and Sundays this year by the state forest department in Jackson and Josephine counties, patrol headquarters here announced today. Nor will a permit be issued for any burning that will extend over Saturday or Sunday, it was stated.

With thousands of recreationists in the forests over the weekends and with additional tens of thousands motoring thru timber lands, the state forest patrol in Jackson and Josephine counties already have their hands full on Saturdays and Sundays, it was explained. The restricted use of burning permits was decided upon as a means of affording greater protection against forest fires over the week-ends.

The burning referred to includes slashings, rubbish, debris and stubble. Camp-fires are not affected by the order, it was emphasized.

### RETAIL TRADE HOLDS TO IMPROVED LEVEL; INDUSTRY AREAS BEST

New York, June 14.—(AP)—The nation's retail trade during the past week held close to the previous week's improved level despite less favorable weather conditions for the movement of seasonable merchandise, Dun & Bradstreet's weekly review reported today.

"Compared with a year ago," said the survey, "retail volume was estimated 7 to 10 percent greater. As a rule gains were broader than this in highly industrialized areas, particularly those devoted to heavy goods. For the fourth consecutive week, the middle west showed the largest year-to-year improvement in the country, the estimated change being between 8 and 16 percent."
