

CRATER LAKE RIM DRIVE TO BE OPEN AROUND JULY 1ST

Sections of Road Circling Water Are Now Clear As Snow Removal Is Pushed

Crater Lake, June 14.—(Spl.)—Rapid progress is being made in removing snow from the rim drive around Crater lake, the office of E. P. Leavitt, superintendent of Crater Lake national park, said today.

State highway 232, known as the East Entrance road, from U. S. 97 to the rim of Crater lake at Kerr Notch, was open to traffic on June 9. With the opening of this road visitors have the opportunity of seeing Crater lake from Kerr Notch, one of the finest observation points on the crater rim, and viewing the formations known as the pinnacles in Wheeler creek canyon. From the east entrance checking station midway between the pinnacles and the crater rim at Kerr Notch, eight miles of the south rim drive is open to park headquarters and the south rim of Crater lake. While this stretch of the rim drive is not hard surfaced, it is dry.

North entrance road via Diamond lake to U. S. highway 97 will be open for traffic June 16. With the opening of this road six miles of the rim drive between the rim village and the north entrance checking station will be available. In the history of the park this road has never been opened as early as June 16. In view of the fact that the north entrance road will not be a two-lane highway for several days after June 16, visitors using the road should drive with caution, making use of the numerous turnouts provided in the deep cuts through heavy snow drifts. Tire chains will not be necessary in traversing the north entrance road.

Ready By July 1 With the opening of the north entrance road, snow removal work will be concentrated on the rim drive between the north entrance checking station and Kerr Notch. With favorable conditions the entire rim drive should be accessible by July 1.

Meal and over-night accommodations are now available at Crater Lake lodge. Automobile service station facilities are available at park headquarters. Cabin and cafeteria facilities will be available June 16.

The park staff plans to have the Crater wall trail open by July 1 when launch and row boat facilities will be available and the lake will be open for fishing. No license is required to fish in Crater lake, the limit being 12 fish per person per day.

Public campground facilities are now available at Annie Spring, Cold Spring and the east entrance checking station. Limited campground facilities in the rim village area will be available the last week of June.

MISS ALASKA SEEKS BATHING SUIT FIRST ON SEATTLE ARRIVAL

Seattle, June 14.—(AP)—Miss Minnie Mutschman, 21, pretty Eskimo graduate of the University of Alaska, at Fairbanks, arrived today as "Miss Alaska," queen of the Fairbanks ice carnival, en route to Washington, D. C., as a guest of the United States Junior Chamber of Commerce. Her companion, "Miss Nome," who is Miss Margaret Scott, daughter of Tolbert Scott, mining man, also will accompany her to the New York world's fair.

It was "Miss Alaska's" first trip to the United States, and her reaction to her first sight of a street car was "My, it's a noisy city, isn't it?"

Miss Mutschman's ambition is to be a dress designer; she worked her way through school as a department store salesgirl. Her first venture here was to shop for a bathing suit.

"A queen" has to have one, doesn't she?" she asked.
