

# BEND 20-30'IAN IS NAMED GOVERNOR NORTHWEST DIST.

### Semi-Annual Meet Closed Here Sunday Morning With Election of Officers

William Redeman of Bend was unanimously elected district governor of the Northwest District of the Association of 20-30 clubs at a breakfast and business session at the Hotel Jackson yesterday, which brought to a close the semi-annual convention of 20-30 clubs which opened here Saturday noon. Mr. Redeman succeeds Ed Hallinan of Portland.

At a meeting of sub-district delegates immediately following the regular business meeting Wes Davis of Portland was elected governor for sub-district No. 1, Rodney Winston of Medford was elected governor for sub-district No. 2, and Doug Fredrickson was elected governor for sub-district No. 3.

**30 Attended**  
Approximately thirty 20-30 club members and official delegates from seven Oregon clubs and the Yreka, Cal., club of the northern California district, attended the convention.

Main feature of the meeting was a talk by National Association President M. Abbe Strunk of San Antonio, Texas, who spoke on value of 20-30 club activities and fellowship, and of the importance to youth of being able to voice their opinions in civic and national affairs which can only be accomplished by organization.

He outlined the recent rapid growth of clubs and the new states into which 20-30 has spread.

Mr. Strunk reported the success of the national projects of blood donning, civilian fingerprinting, and "Safety Sally" signs for school crossings. He stated that resulting benefits of the projects to communities to where 20-30 clubs have undertaken the efforts put forth. He also stated that through success of these and the many other community projects many new 20-30 clubs have been chartered and that during the past nine months 32 new clubs, including those in three new states, comprising approximately 1000 new members, have been added to the Association of 20-30 clubs. The total membership now exceeds 5000 members.

**Manno Speaks**  
Anthony R. Manno of Klamath Falls, national trustee of the northwest district, gave a short talk in which he stressed the importance of the efficient fulfilling of duties by various club officials.

Official delegates who cast ballots at the business meeting were William Redeman, Bend; Doug Fredrickson, Klamath Falls; Bob Lange, Salem; Tommy Thompson, Portland; Darrell Haggard, Marshfield; Bill McClusky, Toledo, and Jack Hartley of the Medford club. These delegates also submitted

semi-annual reports of the activities, projects, and business statements of their respective clubs. Eugene Bowen of Yreka, Cal., district governor of the northern California district, was also in attendance and gave a short talk outlining activities and projects of the Northern California clubs.

**Address by Allen**  
On Saturday evening, an exclusive banquet and dance was held at the Chateau for 20-30ians and their invited guests. Guest speaker was Neil Allen, of Grants Pass, state commander of the American Legion.

Mr. Allen stated that his organization, the American Legion, could understand the feeling and mental turmoil of the 20-30ians in regard to the present world conditions. He stated that the American Legion now represents the men who were the youth of 20-30 age confronted with a similar situation 22 years ago when the World was included the involvement of the United States.

He outlined the Legion's stand in regard to European entanglements, the legion's stand for a policy of neutrality and peace, and their support for a national defense organization of adequately trained and equipped military and naval forces which would insure a continuance of peace for this nation.

**Defense Urged**  
He concluded with the statement that the Legion is actively urging immediate action in building up the national defense, elimination of war profiteering by placing property and manpower equally subject to national service in time of emergency, development of all available resources to make this nation self-sufficient, and, most important, to face the issues confronting our nation but not allow hysteria to overweigh sober thought in taking action thereon.

A feature of the banquet was the presentation of a dinner going to the Medford 20-30 club by the Klamath Falls club. John Sandmeyer of the Klamath Falls club made the presentation to President Harold Wall of the local club.

Sunday noon the visiting ladies were entertained at a luncheon at the Jackson hotel. Mrs. Harold Wall was in charge of the meeting and entertainment was provided by accordion selections by Mrs. Harry Prentice Mary Moulton, and Dorothy Schuler.

## WARM WEATHER PUTS DRAG ON IRRIGATION

A fairly heavy draught, due to the warm weather, is now being made on irrigation water, according to Ed N. Judd of the Medford Irrigation district, with regulations as to amounts, and time of using for orchards and hay growers. The mild restrictions went into effect as soon as the flood waters ceased, and have met with co-operation. It is thought with conservative use, and no wasting, there will be sufficient water for the season.

## Ford Discusses Warplanes

Henry Ford, above right, is shown leaning against the tail of an army observation plane at Detroit, Mich., discussing the possibility of mass production of aircraft for the nation's defense with Charles E. Sorenson, general manager of the Ford Motor Co. Ford said in six months his factories could produce 1000 planes a day.

## BURGLAR ADDS TO PITCHER'S WOE BY REMOVING WATCH

Saturday night was an unhappy one for Pitcher Jimmy Rego of the Medford Craters, for after losing a 0 to 3 ball game to Albany he returned home to discover a burglar had entered his room at the Paul T. Pechstein boarding house, 801 East Main street, and stolen a \$60 Gruen wristwatch and a \$5 bill. Rego told city police that the watch and his billfold were in a pocket of a coat hanging in a closet. The burglar removed the \$3 bill from the wallet, took the watch but didn't steal a valuable ring, also in the coat pocket. Jimmy was broken-hearted

over the loss of the wristwatch, a keepsake given to him by his mother.

Police, investigating, discovered faint footprints underneath a window giving into Rego's first-floor room. It was believed probable that the burglar, looking through the window, saw Jimmy put the watch and wallet in the coat pocket when he dressed in his baseball uniform prior to the game. Entrance to the room was effected either through the window or via the door to Rego's room, Police said.

## REYNAUD FLYING TO U. S. IS REPORT FROM BERLIN

London, June 17.—(AP)—A German radio report heard here tonight said former Premier Paul Reynaud had left Lisbon, Portugal by plane, en route to America. The announcer said it was believed Reynaud already was on American soil (There was no confirmation of this from other sources.)

## POILUS CONTINUE DEFENSE DESPITE MOVE BY PETAIN

(Continued from page One.)

old World war "hero of Verdun" and the man who gave France her watchword "They shall not pass!" heralded French capitulation with the declaration: "It is necessary to try to end the fighting."

There was some doubt whether France would be granted a separate peace — except under terms of unconditional surrender—and Hitler prepared to meet with Premier Mussolini to discuss the development.

Germany, it was said, would not permit France to reorganize her broken armies, under an armistice with Germany, to assault Italy on her southern frontiers.

Petaim announced France's readiness to lay down her arms in a broadcast from Bordeaux.

"I made contact with the adversary last night, asking him as soldier to soldier to see with me the means to stop the fight," he said.

Even without knowledge of whether the powerful French fleet, second biggest in Europe, would be involved in the projected French surrender, Britain voiced a grim determination to "fight on to the end."

## Complete Capitulation Aim

Authorized Nazis in Berlin said bluntly: "No separate armistice with France is imaginable, except in terms of complete capitulation."

The Berlin radio broadcast an official announcement that Marshal Petaim "has proclaimed France's capitulation."

Loss of the French fleet would mean a serious blow to Britain's hopes of ultimately forcing Germany to her knees through blockade. Two other small nations in the Baltic area, in the north, felt the tread of invaders' boots as Russia's red armies marched into Estonia and Latvia early today in accordance with Moscow's week-end demands, which were accepted by the little Baltic states. Russian troops occupied Lithuania Saturday.

The Soviet move was apparently two-fold: 1. To halt any possible German thrust into the Baltic. 2. To improve Russia's strategic position for possible offensive operations. Edmond Taylor, a Columbia

## Broadcasting System correspondent, speaking from the same studio in Bordeaux where Premier Petaim spoke, declared:

**Terms Not Hinted**  
"The French intermediary is expected to be the ambassador of Spain. What the German terms will be, if they will give terms, none of us know as yet." Taylor added that German troops at that moment were understood to be "not very far away from the place from which the French radio is now operating."

When and if the Germans will arrive in Bordeaux, the present capital of France, none of us know at the present moment."

Bordeaux is in the far south-western region of France, near the Bay of Biscay. The reported capitulation came as France's great Maginot line—built at a cost of \$500,000,000 and supposedly impregnable—was abandoned except for a skeleton defense force and Germany's armored legions smashed through and around the vast steel and concrete system of fortifications.

## ENGLAND BANS DEALING IN U. S.-CANADA STOCKS

London, June 17.—(AP)—The Bank of England banned today dealings in Canadian and United States stocks and bonds. The new order was the latest in a series to conserve foreign exchange. Permits for non-residents for such trading were canceled.

## MOSS COMPLAINT HEARD IN COURT

Hearing in the cross-complaint in equity of Henrietta Moss against Ira C. Moss, was underway before Circuit Judge H. D. Norton, in circuit court today.

The action involves ownership of the cleaning plant equipment now occupying the corner room of the Allen Hotel, a note, and a lease of present quarters.

In a statement to the court, Attorney Charles W. Reames said, the present legal step "was an outgrowth of a delictory charges filed against Moss, by Mrs. Moss, and dismissed in justice court."

The court during the testimony of Mrs. Moss from the witness stand, cautioned counsel against "acrimonious exchanges." The plaintiff is represented by attorneys Porter J. Jeff and Otto J. Frohnmayer, and the defendant by Attorney Reames.
