LLOYD COLBAUGH TO STUDY UNDER HARVARD AWARD

Medford High School Honor Student to Accept \$500 Freshman Scholarship

Lloyd N. Colbaugh, Medford high school honor student, has decided to accept the \$500 freshman scholarship awarded him by Harvard university, the youth's mother said today. Lloyd, son of Mr. and Mrs. C. D. Colbaugh of 609 Dakota avenue, is working with a Copco construction crew and could not be reached directly.

While the scholarship is designated for the freshman year, it is understood that it might be extended from year to year so long as the recipients maintain a good scholastic record.

Lloyd is interested in a career in education. Mrs. Colbaugh said, and if he goes to Harvard will probably study for the teaching profession.

One of Three.

Lloyd was one of only three high school students in Oregon to be awarded this type of Harvard scholarship, the other two being Portland boys.

The scholarship was awarded on the basis of Lloyd's outstanding scholastic record at Medford high school and his grade in the college entrance examination he took early in the spring. Lloyd was an honor student at high school, valedictorian of his class which was graduated a few weeks ago.

M.D. SANITARY NAPKINS

Nazi Artillery in Paris

History repeated itself when Nazis entered Paris. This picture shows a German artillery unit passing the obelisk in the Place de la Concorde in Paris. It was the first picture of the Nazi occupation of Paris and was sent to New York from Berlin by radio. In World war of 1914-1918 the Germans twice threatened Paris, but were turned back. The Germans captured Paris once before, after a three-month siege, in the Franco-Prussian war of 1870.

Swastika Flies in Paris

This photo radioed from Berlin to New York says it shows the German Swastika flag flying on the tower of the Paris city hall after Nazi occupation of the beautiful French capital.

SPEED ON THE LINE—Stepping up airplane production is major undertaking of nation's new defense program, so assembly lines like this one in the Douglas Aircraft plant at Santa Monica, Calif., work full tilt. ROOSEVELT FOR HUGE EXPANSION IN NAVAL FORCE

Naval Committee Chairman Says Bill in Accordance With F. R.'s Program

Washington, June 19.—(AP)—Chairman Vinson (D-Ga.) said today that the \$4,000,000,000 naval expansion bill recommended by the house naval committee yesterday has President Roosevelt's approval.

"I am authorized to state," Vinson said, "that the bill we approved yesterday is in accordance with the financial program of the president."

The measure would merely authorize the expansion. It would carry no funds although Admiral Harold R. Stark, chief of naval operations, who recommended the huge, seven-year program, said that if congress approved it he would ask at this session for \$175,000,000 to start construction.

The senate appropriations committee, meanwhile, approved another item of the president's defense program, the \$1,777,489,788 emergency supply

NEW REVENUE MEASURE TO CARRY PROFIT LEVY IS SEEN BY HARRISON

Washington, June 19.—(AP)—Senator Harrison (D., Miss.) predicted today during debate on the \$1,007,000,000 emergency tax bill that within 30 days another big revenue measure, carrying a war profits levy, would be brought before congress.

In response to questions by Senator Tydings (D., Md.) and Byrd (D., Va.), Harrison, chairman of the senate finance committee, said there now appeared to be no chance of immediate congressional adjournment.

He expressed the belief the house ways and means com-

mittee soon would start consideration of new legislation to set up a system of war profits and excess profits levies.

Byrd and Tydings agreed to withhold their proposals for additional taxes until a new bill comes up.
