PEACE FOR FRANCE EXPECTED FRIDAY

Washington, D. C., June 20.—Never before has a Republican convention received such a bad break. It cannot compete with the daily sensational developments in Europe. It is like a boy with a tin whistle trying to divert attention from a brass band. Compared with the war, the convention leaves the public cold and indifferent. Managers of the convention realize that at any moment while the deliberations of the convention are being broadcast there may be a news flash from London that will cause the listening millions to forget the convention.

Confronted by such a situation, delegates are converging on Philadelphia, with many pausing for a few hours stop-over in the national capital en route and seeking information as to the strength of the various aspirants. Here, under the dome of the capitol building, is the way the race for the nomination looks as of today:

MOST remarkable development is the meteoric boom for Wendell L. Willkie, a former Democrat. In the past two weeks Willkie talk overshadowed that for any other contender. His candidacy is going up like a skyrocket to the amazement of the professional politicians. At the moment Willkie is a double-threat to Thomas E. Dewey and Robert Taft.

When Willkie's name was first suggested as material for the nomination it received slight encouragement. Outside of the pages of the Wall Street Journal Willkie's name was unknown to the reading public except for a hazy recollection of his controversy with TVA. A utility executive, Willkie was not supposed to have a Chinaman's chance; the idea of offering the head of a private power company as a candidate was absurd. But somehow Willkie caught the popular fancy and is growing day by day.

About the time Dewey visited

CANAL ZONE LISTS WOMEN, CHILDREN

Panama, June 20.—(P)—A census of women and children who might be sent from the Panama canal zone in case of attack was ordered today to be started immediately.

This was the first confirmation of the report circulated for several weeks that the government might remove the civilian population if danger threatened the western hemisphere.

The registration will be handled partly by the Red Cross, partly by government agencies and headquarters of the army and navy.

It was said that one purpose would be to register women who have training that would fit them for emergency service in a first aid motor corps or similar wartime women's organizations.

FRENCH RETURNING TO BORDEAUX WITH DICTATORS' TERMS

Hitler's High Command Announces Capture of Over 200,000 French Prisoners

Bordeaux, France, June 20.—(P)—Informed observers say the word from Adolf Hitler which will govern France's action toward or against an armistice and peace is expected some time during the night.

Bordeaux, France, 7:25 p. m. (1:25 p. m. EST)—(P)—The French government still is in Bordeaux tonight.

By the Associated Press
 Hostilities between France and the axis armies are expected to cease Friday—or Saturday at the latest—the official Italian news agency reported today, asserting that French plenipotentiaries have started back to Bordeaux with the terms dictated by Hitler and Mussolini.

The place of meeting between the French envoys, who arrived in a snow-white plane "somewhere" in German-occupied northern France, was not given. Berlin, blaming "the difficulties of news" transmission via Spain, said a French government communication naming France's four peace plenipotentiaries did not reach the German government until 1 a. m. today (3 p. m., PST, Wednesday).

It could be transmitted to the fuhrer only at 4 a. m., the broadcast said.

The high command thereupon gave the necessary instructions immediately and made preparations for receiving the French armistice delegation.

200,000 Captured
 Hitler's high command meanwhile announced the fall of Lyon, France's third largest city, 200 miles north of Marseille, and the capture of more than 200,000 prisoners, including General Altmeyer, commander of the 10th French army.

Fifty thousand French pollus from the eastern Maginot line surrendered their arms this morning to Swiss soldiers and poured across the Swiss frontier.

The German radio, in a cryptic report, declared that "members of the French government are not at all agreed on the question of laying down arms."

Cyclist Injured.
 Roseburg, Ore., June 20.—(P)—Richard Jensen, 19, of Tacoma, is in the hospital here today suffering from a broken pelvis resulting from a motorcycle accident near Wilbur. Jensen was injured when he was reported to have swerved his motorcycle into loose gravel to avoid collision with a truck.

Petain, Premier of Defeat, Tells Why France Lost War

By the Associated Press

Bordeaux, France, June 20.—Old Marshal Henri Philippe Petain, France's premier of defeat, sadly told his people today they had lost the fight to Germany because they had "fewer friends" than in 1914-18—"fewer young men, less arms, too few allies."

But he promised, in a radio broadcast: "We will learn our lesson from the lost battle." He blamed defeat on the lush years since the World War victory when "our sense of enjoyment predominated over our sense of sacrifice."

Petain disclosed that at the beginning of the "Battle of France" the nation had but 2,780,000 troops, or 500,000 less than after three years of bloody fighting in the World War.

In contrast with 85 British divisions in May of 1918, he added, there were but ten in May of 1940.

Then he compared the 58 Italian World War divisions on

NEW YORK BOMBS INJURE NINE IN GERMAN OFFICES

New York, June 20.—(P)—Two explosions, both apparently caused by bombs, occurred within an hour today—the first in the offices of a German banking firm and the second in the building housing the principal offices of the communist party.

Nine persons were injured in the first blast on the 18th floor at 17 Battery place, which houses the German consulate and other foreign agencies and shipping concerns.

Witnesses said a bomb secreted in a package wrapped in brown paper exploded in the 4-room suite of a German foreign exchange firm.

Persons in the East 12th street building housing the offices of the communist newspaper, the Daily Worker; Earl Browder, general secretary of the communist party, and the national and New York state headquarters of the party, expressed a belief a bomb exploded there in a ground-floor or basement store.

First reports said no one was injured in this blast, but that the sound was heard throughout the building.

Another explosion was reported at 34½ East 12th street, the office of the deputy superintendent of plant operations and maintenance of the city board of education.

GERMANS REPEAT BRITISH BOMBING

London, June 20.—(P)—A Nazi air fleet authoritatively put at considerably more than 100 planes, dumped hundreds of bombs on England, Scotland and Wales last night and early today in the most extensive air raid of the war on this island kingdom.

At least eight civilians were killed and "some sixty" injured, the government announced. It was the second raid in as many days on Britain and, considering the number of bombs dropped, the reported damage was slight.

British airmen exacted their toll of the raiders—downing three bombers while other aircraft were the government reported, wrecking hangars and destroying aircraft on the ground at German-occupied airports in France.

LARGER AIR FORCE FAVORED FOR NAVY UNDER EXPANSION

Rear Admiral Towers Says Former 10,000 Maximum Inadequate for New Plan

Washington, June 20.—(P)—After hearing testimony that 10,000 planes would not be adequate for a proposed two-ocean fleet, the house naval committee recommended today a navy air force of 15,000 planes.

The testimony was given by Rear Admiral John H. Towers, chief of the naval air corps, who recalled that a lately enacted law put a 10,000-plane ceiling on the navy. But that he reminded the committee, was before a new \$4,000,000,000 expansion of the fleet, designed to give it the size of a two-ocean navy, was projected.

The committee agreed to have Representative Maas (R., Minn.), who first advocated the 15,000 plane figure, offer the necessary legislation as an amendment when the bill providing for the new fleet expansion comes up in the house.

The navy now has about 1,800 airplanes, Towers told the committee. There are 1,600 others on order, he added, and bids were opened yesterday for an additional 1,000. He said it was proposed to buy approximately 3,100 with funds which will be available for the year starting July 1.

CRATER RIM ROAD OPEN TO TRAFFIC

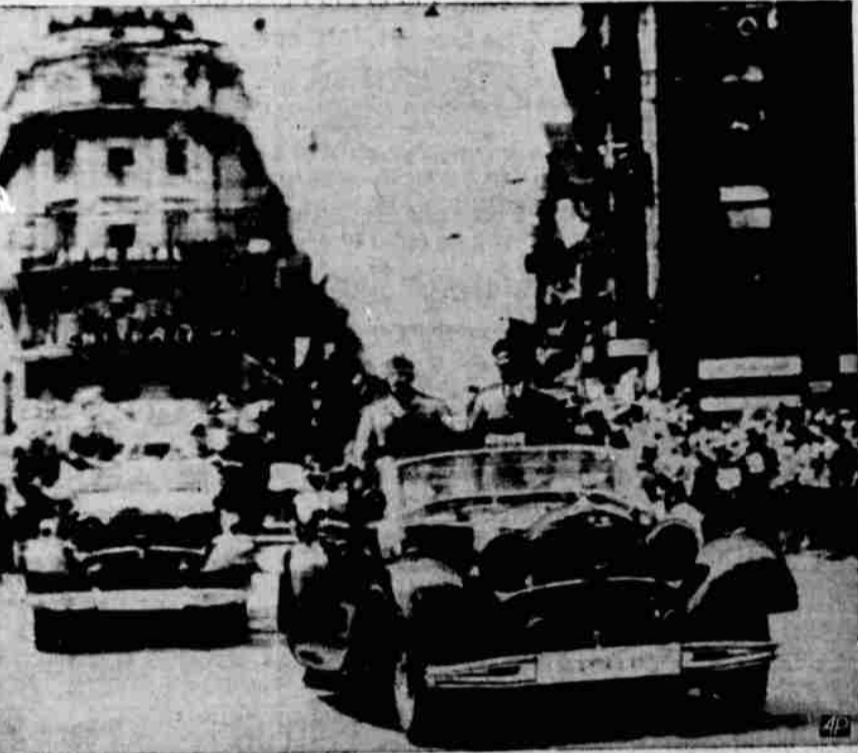

The highway around the rim of Crater lake was to be opened to traffic today, according to a notice received by mail from Crater Lake national park headquarters today.

It is the earliest date in the park's history for the opening of the rim drive. Warm sunshine and fast work by snow removal crews combined to enable the park administration to open the road ten days earlier than had been anticipated.

All public campgrounds in the park are now available for use, though there is still only limited space at the rim campground, the notice said. Progress was reported toward the opening of the crater wall trail.

Because of road construction, the south entrance road between the south boundary of the park and Annie Spring will be closed to traffic in the first week of July. The east entrance road will be used during the closure.

WINDSORS ESCAPE TO NEUTRAL SPAIN, IS MADRID REPORT

London, June 20.—(P)—The ministry of information announced tonight:

"It is a ridiculous suggestion that an order has been made or contemplated for the arrest of the Duke of Windsor."

Madrid, June 20.—(P)—Unconfirmed advices from San Sebastian, Spain, said tonight that the Duke and Duchess of Windsor either have entered Spain or are expected shortly.

The reports said also that former Premier Pierlot of Belgium and former Foreign Minister Bonnet of France also were among fugitives to Spain.

Cannes, France, June 19.—(P)—(5:30 p. m.—11:50 a. m., E.S.T.—delayed)—The Duke of Windsor left his Riviera residence by automobile today headed for Spain. The American-born duchess already had departed.

The duke had been in the south of France since late May, after leaving his post as liaison officer between the French and British armies.

With the duchess, he was staying at their villa at Cap d'Antibes, near Cannes.

Officials in London denied, however, that he had left the army and, on June 8, said he was visiting French troops on the nearby Italian border and would return shortly to "the headquarters of his mission."

This "mission" was not explained. Shortly before the duke departed today, he was reported to have told the British consul at Cannes he did not plan to return to England, but probably would go to Spain.

There are several hundred Americans on the Riviera and they have been besieging the consul at Nice for a means to get out of France. The consul has asked a United States warship to take the Americans away. Many have been waiting months for Spanish or Portuguese visas.

Pickets Give Bail.
 McMinnville, June 20.—(P)—Six pickets arrested on charges of unlawful picketing at the Engle & Worth sawmill here, were free under \$100 bail each today to await grand jury action.

Isolation Hope Dangerous Folly Declares Hull in Harvard Speech

Cambridge, Mass., June 20.—(P)—Secretary of State Cordell Hull, lashing out at what he called "the massed forces of lust for tyrannical power," asserted today there could be "no more dangerous folly" than to think that America's achievements could be preserved by isolation.

Without naming any country or individual by name, Hull declared in an address which concluded Harvard university's 304th year, that already "nation after nation has been crushed into surrender, overrun and enslaved by the exercise of brute force combined with fraud and guile."

"And," he continued, "as the dismal darkness descends upon more and more of the earth's surface, as its menacing shadow falls, blacker and blacker athwart our continent, the very instinct of self-preservation bids us beware."

The secretary of state said this country had "the power to meet that menace successfully if we, at this time, face the task which is before us in the same spirit in which former generations of Americans met the crises that confronted them in their times."

Hull declared his belief that isolation from the rest of the world would be "folly."

"Our American history has not been achieved in isolation from the rest of mankind," he asserted.

FRANCE ACCEDES TO JAP DEMANDS

Tokyo, June 20.—(P)—France had acceded entirely to Japan's demands for the halting of transportation of war supplies through French Indo-China and has agreed to permit Japanese inspectors to enter Indo-China to make sure that the traffic ends, the foreign office announced today.

French Ambassador Charles Arsene-Henry told Vice-Foreign Minister Masayuki Tank that for many months nothing but trucks of petroleum had been passing into China by way of Indo-China and since June 17 these also had been banned.

Drop Resort Plan.
 Baker, Ore., June 20.—(P)—Plans for construction of a lodge and recreational center at Anthony lakes by the WPA have been dropped, Blaine Hallock, president of the Anthony Lakes Playground association, announced today.

Taylor Seriously Ill Because of Overwork
 Rome, June 20.—(P)—The condition of Myron C. Taylor, President Roosevelt's representative to the Vatican, was described last night by attendants as serious, but not alarming. His illness, ascribed partly to overwork, has kept him in bed at his villa in Florence.

KNOX AND STIMSON ARE NOMINATED IN COALITION EFFORT

Roosevelt Announces Woodring's Resignation As War Department Secretary

New York, June 20.—(P)—Henry L. Stimson declined any comment today on his nomination as secretary of war.

Reached by telephone at his Long Island home, he said he did not know the nomination had gone to the senate and added: "I would rather not make any comment at this time and I certainly shall have none until I have been to Washington."

He said he had no immediate plans to go to the capital and would wait until the senate acted on the nomination.

Washington, June 20.—(P)—President Roosevelt took steps today to form a coalition cabinet by submitting to the senate the nominations of Colonel Frank Knox to be secretary of the navy, and Henry L. Stimson to be secretary of war.

Knox, publisher of the Chicago Daily News, was republican vice presidential candidate in 1936. Stimson was secretary of state in the Hoover administration and secretary of war under President Taft.

The submission of the nominations was accompanied by a White House announcement—without amplification—that Secretary Woodring had resigned his cabinet portfolio, effective on senate confirmation of the nomination of his successor.

Letter To Personal
 White House officials did say that Woodring's letter of resignation was "so personal" that the usual custom would not be followed and it would not be made public.

Knox will succeed Charles

(Continued on Page Eight.)

DENTISTS DEBATE ADVERTISING LAW

Portland, June 20.—(P)—The long-debated controversy over dentistry advertisements enveloped the opening session of the Oregon Dental association's 47th annual convention today.

Dr. Leo M. Boire of Portland, association president, condemned "evasion" of the 1933 state amendment and asserted dentists are still allowed to advertise in the most blatant manner the fact that they give credit, and also to emphasize the desirability of dentures.

"The dental board has exhausted all possibilities of regulation under the present law," he said in his annual report. "Further improvement will require more legislation."

WILL CALL 9,000 RESERVE OFFICERS

Washington, June 20.—(P)—The war department disclosed today that plans were being made to order approximately 9,000 reserve officers to active duty, and indicated that additional thousands would be required as the regular army is further expanded.

Most of the reservists are expected to be youthful first and second lieutenants, particularly recent graduates of the reserve officers training corps. They will serve initial terms of six months or one year. Most of them are expected to be ordered to duty July 1.
