New Laurel-Hardy Comedy

Uproarious fun and side-splitting laughter will be the outstanding feature of the new Laurel and Hardy fun hit, "Saps at Sea," which opens a three-day run today at the new Rialto theater. As two horn testers in a horn factory, the two, after a complete breakdown from the noise, go out to sea for a rest cure that proves to be a laugh-getter for their many southern Oregon fans. Ben Turpin, the cross-eyed star of silent days, plays in support of the "thick and thin" of howlerity. Roy Rogers, one of the screen's most popular western stars, plays in the added feature, "Young Buffalo Bill," a rough and ready action film based on the younger days of the famous character of the west.

Loretta Young In New Comedy Role

Infectious laughter is the delightful product of the contagious comedy to be found in "The Doctor Takes a Wife," hectic hilarious, happy new hit at the Craterian theater. With Loretta Young appearing in her first all-comedy role—and appearing to greater advantage than ever before!—with Ray Milland as her dashing co-star, and a splendid supporting cast which includes Reginald Gardiner, Gail Patrick, Edmund Gwenn and Georges Metaxa. "The Doctor Takes a Wife" is a sure cure for the blues! As a young author who writes books in praise of spinsterhood, Miss Young brings to the screen an entirely new conception of herself, as an actress, and of career women in general. And fun-packed fireworks result when America's favorite spinster suddenly "marries" a young doctor to whom all women are poison, with the fond exception of his own fiancée!

"Llano Kid"

Tito Guizar and his guitar will be seen in the title role of "The Llano Kid," which comes to the Roxy theater tomorrow and Saturday only. As the added feature with "Legion of Lost Flyers," starring Richard Arlen and Andy Devine.

DEFIANT SENATE PUTS PROFIT TAX IN WAR LEVY BILL

Amendment to House Measure Would Place Excess Profit Tax on Corporations

Washington, June 20. — (P) — A defiant senate ignored administrative pleas for a non-controversial revenue bill last night and approved defense tax legislation only after voting stringent levies on those who would profit from war.

The income tax exemptions and most of the excise tax boosts, which the house passed in an effort to raise an extra \$1,007,000 a year. Then the senate added: 1. An immediate excess profits tax on all corporations to produce between \$400,000,000 and \$500,000,000 annually. 2. War profits taxes which Senator Connally (D-Tex.), the sponsor, estimated would raise about \$8,000,000,000 a year from individuals and possibly a like amount from corporations. The levy would go into effect only upon a congressional declaration of war.

"This amendment," Connally said, "milks the old cow down to the point of exhaustion, but it doesn't quite put her out of business." The legislation now goes to a joint senate-house committee, which many lawmakers predicted would throw out the senate proposals.
