

REPUBLICANS HEAR KNOX ASSURED OF 'NO THIRD TERM'

Authoritative Reports Say Information Given Knox When Navy Post Offered

By D. Harold Oliver
Philadelphia, June 21.—(AP)—Philadelphians reported that in Republican circles today that President Roosevelt had assured Colonel Frank Knox that he would not run for a third term at the time he first offered Knox the navy secretaryship.

The reports were that Knox had relayed such information to four men some time ago, and that these four included Alf M. Landon, the 1936 Republican presidential nominee on a ticket with Knox, and R. B. Creager, Texas national committeeman.

While Landon could not be reached for comment, Creager told reporters here, "There is nothing I can say at the present time."

The "no third term" assurance were reported to have been given by the president in May when Colonel Knox was believed to have been offered the navy portfolio a second time after he had once declined it.

The third term reports were hinted at in Landon's statement yesterday in which he spoke highly of the ability and patriotism of Knox and Henry L. Stimson but added that he hoped they had not been misled by such third term assurances as might have been given them.

BLAME CAMPERS FOR SMALL FOREST FIRE IN BT. FALLS REGION

Rogue River national forest headquarters this afternoon reported discovery of a small fire near the shore of Red lake on the mountain summit of the Butte Falls district. The blaze was caused by an unextinguished camp-fire, headquarters said, and an investigation was being made of recent campers in the primitive area.

The fire was discovered by Ranger Waldo I. Petterson as he was riding range on an inspection. He reported there was evidence the campers had put some water on the fire but not enough to put it out. There was no excuse for the negligence, for the whole lake was close by and thus there was plenty of water available, headquarters said. The area is covered with mountain hemlock.

Rogue River forest headquarters were asked this afternoon if a time-keeper could be provided from here if needed to help work on a forest fire on the Chetco in the Siskiyou national forest. A time-keeper was being held in readiness pending further request from Siskiyou headquarters.

Men with back pumps were being sent this afternoon to a small fire in old logs off the Short Creek road near the Dead Indian Soda Springs in the Rogue forest. Headquarters said the fire probably was caused by lightning several days ago.

LABOR FEDERATION PICKS ASTORIA AS CONVENTION SITE

Nomination of Officers Completes State Meeting—Approve Defense Committee

Klamath Falls, June 21.—(AP)—Astoria was selected today for the 1941 convention of the Oregon Federation of Labor as delegates adjourned their 38th annual convention with nomination of officers.

Up for election by referendum ballot will be the following: President Paul E. Gurske, Portland, opposed by Phil J. Brady, president of the Portland central labor council; executive Secretary Dell E. Nickerson, Portland, opposed by Bonn R. Mathis, secretary of the Portland Building Trades Council; executive board member G. O. Hunter, district one, Portland, opposed by John O'Neill, Portland; O. E. Kinney, district five, Marshfield, opposed by C. A. Doane, Marshfield, and C. D. Long and G. C. Tatman, Klamath Falls, candidates in district six.

Vice President J. D. McDonald, Portland, and six of the nine district executive board members are unopposed except by possible write-ins.

For Defense Plan
The delegates concluded action on resolutions this morning by approving the national defense committee of 15 to cooperate with the president of the United States and the governor of Oregon.

Baker lost the 1941 convention to Astoria by a vote of 173 to 6.

A constitutional amendment making citizenship necessary for delegates was adopted yesterday.

The amendment also prohibits a delegate from being "a believer in the precepts" or a member of any subversive organization.

Another amendment increased the term of state federation of officers from one year to two years, effective in 1941.

FRENCH RECEIVE PEACE TERMS IN HISTORIC COACH

(Continued from Page One.)

read Hitler stepped down from the car, saluting stiffly.

Military Precision
The fuhrer's historic visit to Compiegne was conducted with military precision. He arrived at 3:15 p. m. with his top military leaders as well as Rudolph Hess, his deputy for party affairs, and Foreign Minister von Ribbentrop.

The fuhrer surveyed with interest the railway car, which had been moved out of the special building where the French had enshrined it at the exact spot where it stood when Foch dictated the 1918 armistice terms.

Inside Hitler occupied the same seat that had been occupied by Foch.

As he looked out the railroad car window he could see a nearby marble bust of Foch. When Hitler left the car, a band played "Deutschland Uber Alles" ("Germany Above All") and the Nazi party hymn, the Horst Wessel song. The French representatives were left behind to consider the terms handed them.

Tent For French
The French officers had been provided a tent for their quarters outside the railway car. Telephone facilities were installed to permit them to call their government.

The French listened silently while Keitel read.

Then they filed out to their tent to telephone their government.

Hitler reviewed an honor guard outside the car while the band thumped out German anthems; then left Compiegne as swiftly as he had arrived.

When the French delegates entered the old car, Hitler and his staff rose to greet them—in contrast, German officials asserted, to the manner in which the German delegates were greeted in 1918. Then, it was declared, the victorious French did not rise.

Hitler and his staff gave the Nazi salute and the fuhrer asked Keitel to read the preamble. The general immediately began.

Beside the officials present, the only others to witness the ceremony were German and foreign newspapermen and officials

of the foreign office and the propaganda ministry.

Details Undisclosed
Only the preamble, with its statement of broad purposes, was made public immediately.

The detailed terms for the armistice which the French took to their tent were not disclosed at once.

German authorities previously had said the terms would not be published until France had accepted or rejected them.

After Hitler's departure Keitel and the general staff officers remained in the railway coach to discuss technical details of the capitulation. The French left the car for the nearby tent where telephone, writing and other facilities were provided them.

German sentries stood at all paths leading into the forest and the entire zone was blocked off.

Hitler was taken swiftly from the forest, streaked by the hot sun, its trees shattered anew by artillery fire, its soil again soaked with French and German blood.

The World war corporal presumably returned to his army headquarters to await the fateful word from the French government.

Thus the day he had promised the German people was partly realized. There still remained the war with Britain, another participant in the "shame of 1918".

At 6:10 p. m. the French envoys returned to the historic Foch railway car. DNB said this was to allow them to continue discussions with Keitel and other representatives of Adolf Hitler.

MILK CONTROL BOARD DECISION WAITED ON HEARING HELD HERE

A decision was expected from the state milk control board soon on matters brought to issue at the board's public hearing in the Jackson county courthouse auditorium last Wednesday.

Principal proposal was for a reduction in the price of milk sold in gallon lots, it being argued by producers such a reduction would take care of the surplus supply in Jackson county.

The price of milk per quart and the release of certain parts of the county from the controlled market area also were discussed. All matters were taken under advisement by the board.
