NEW 'INCIDENTS' GRAVE THREAT TO BALKANS PEACE

(Continued from Page One.)

occupying Bessarabia and Bucovina, prepared tonight to meet a possible Hungarian invasion of Transylvania which Rumanians feared was imminent.

Trainloads of Rumanian wounded arrived in the capital shortly after noon today for hospitalization. They were understood to have been wounded in clashes with Russian troops on the Prut river.

At the same time military quarters declared the probability of further clashes between Rumanian and Russian forces was heightened by the fact the Russian army was increasing the tempo of its occupation of ceded Bessarabia and northern Bucovina.

Today, it was reported, parachute troops were "rained" on parts of the two provinces not yet occupied.

Rumanian officials returning from the occupied territories declared that Russian military trials were condemning Rumanians in "wholesale batches."

A flurry of land and air fighting over the weekend on the Libyan-Egyptian border indicated a faster tempo to the war in the Mediterranean area.

The Italian high command reported the capture of several British positions, with attacks by British motorized units reported been off. The clashes were officially described as "considerable."

Reports from Khartoum said two British armored cars knifed through Italian defenses on the Eritrea border in east Africa and routed 1,200 cavalymen with heavy casualties.

British R. A. F. bombing planes, striking at Germany in mass attacks in a "warm up" for the expected great battle for Britain, roved over the north, west and south of the reich during the night.

The German high command said the British sky raiders attacked "non-military targets" and that 18 were shot down—an indication that the attackers must have been in considerable numbers.

The Nazi high command also reported a British cruiser of the Orion class (about 7,200 tons) was torpedoed south of Brest, France, and that a German U-boat sank 23,000 tons of enemy merchant shipping.

"Two of the sunken steamers were torpedoed from a strongly protected convoy," the communique said.

The red army, which has been pushing west and south to occupy territory ceded on demand by Rumania yesterday surprised the Rumanian garrison at Reni, where the Danube and Prut rivers join, by landing baby tanks suspended between the wheels of transport planes.

The Rumanians did not even have time to take their rifles off the racks—and Russia thus was in control of the Danube at a spot where a few machine-guns may stop traffic on that artery which is so vital to Germany.

BUS DRIVER CHIEF ABSOLVES UNION

Sam D. Koehler, local chairman of the Pacific Greyhound drivers affiliated with the Brotherhood of Railroad Trainmen, said today he was convinced that "none of the Brotherhood drivers around here had anything to do with the throwing of rocks into stages near Gold Hill last Friday night." Mr. Koehler indicated that he had made an investigation of his own and would continue in an effort to ascertain who threw the rocks. "From the beginning we have preached against acts of violence of any kind against the safety of passengers," Mr. Koehler stated. "The sole purpose of our picketing here has been to direct attention to the danger of riding with inexperienced drivers."

FLOOD OF MISERY STARTED BY REDS

(Continued from Page One.)

Jassy, Rumania, July 1.—(AP)—A flood of human misery poured into here today from Bessarabia as spike-capped Russian troops took control at the frontier bridgehead 14 miles north of this city at 4 p. m. (6 a. m. PST).

The desperate refugees carried their bedding and a stick or two of furniture on their backs while barefooted children trudged alongside their homeless elders on many country roads.

Drenched by rain until their clothes hung as shapeless and aimless as their hopes for the future, this latest refugee horde in Europe streamed endlessly into old Rumania.

It was estimated that at least 55,000 peasants and townspeople, uprooted from the land of their birth, have passed through here since the red army began on June 28 to occupy Bessarabia and Bucovina.

At the same time, new funds became available for the purchase of arms, and the navy needed only President Roosevelt's approval of speed-up legislation to order work started on 50 warships in addition to nearly 100 already in various stages of construction.

Intensive specialized training began for selected army officers and men. Numerous reserve officers, mostly youthful lieutenants, reported for active duty with troops, and long-deferred promotions took effect for hundreds of regular army officers.

ROOSEVELT ASKS STEEP PROFIT TAX

Washington, July 1.—(AP)—President Roosevelt asked congress today to enact a "steeply graduated excess profits tax" applicable to all individuals and corporate organizations "without discrimination."

The tax would be both a revenue producer and a measure to hold down profits on war time business.

The congressional leaders were advised of the tax plan at a regular Monday White House conference with Mr. Roosevelt. Rayburn said the question of a congressional adjournment was not brought up but that the congress probably would recess July 11 for the democratic convention.

G. PASS MARRIAGE MARRED BY COPS

Oakland, Cal., July 1.—(AP)—Eighteen-year-old Maxine Cooper Hoover sobbed forlornly in her hotel room here today while her bridegroom of three weeks, M. A. (Jack) Hoover, 26, awaited extradition to Oregon.

Chief Criminal Deputy Sheriff Harry Adams said Hoover, released in January from San Quentin prison where he served a term for a Los Angeles automobile theft, was held on a telegraphic warrant from Grants Pass, Ore.

The warrant, Adams said, accused Hoover of passing 11 worthless checks in Eugene and Grants Pass. Hoover married his youthful bride, daughter of John Cooper, Veneta, Ore., at Grants Pass, Adams said, but concealed his criminal record.

Seattle Sizzles. Seattle, July 1.—(AP)—The temperature rose to 88 degrees today, highest of the year by two degrees, and equalling the all-time mark for a July 1 in Seattle. Cooler weather was forecast for tomorrow.

NAVY CONTRACTS FOR 45 WARSHIPS IN DEFENSE MOVE

(Continued from Page One.)

Also, the secretary of the navy may negotiate contracts for construction of naval vessels or aircraft, equipment and machine tools, without competition to save time otherwise consumed in advertising for bids.

Army Also Murries. A "national emergency," as defined in the law, is covered by President Roosevelt's declaration of a limited national emergency last September 8.

While the navy defense program was thus expedited, the army also geared up its work to high speed and consumers started doing their bit by paying higher taxes on beer, liquor and cigarettes.

Intensive specialized training began for selected army officers and men. Numerous reserve officers, mostly youthful lieutenants, reported for active duty with troops, and long-deferred promotions took effect for hundreds of regular army officers.

Vivien Leigh and Robert Taylor in Craterian Picture

With Vivien Leigh and Robert Taylor perfectly teamed in the starring roles, "Waterloo Bridge" opened last night at the Craterian theatre as one of the "must see" films of the year.

Balancing a tender and beautiful love story against a powerfully dramatic war background, the picture has everything in the way of brilliant performances, an absorbing romance, spectacular settings, exciting action and unusual photographic.

If Miss Leigh had not already displayed her versatile talent to the complete satisfaction of all in her Academy Award performance of Scarlet O'Hara, her fascinating portrayal of Myra Lester, the little ballet dancer of the Robert E. Sherwood drama, would assure her lasting screen fame. She is completely believable and interesting in every mood of an exacting role.

A pleasant surprise is the work of Taylor in the finest role of his career. He is at his best as a British army officer, a part that requires him to age from 25 to 48, and in which he is always convincing. He wears a mustache for characterization, which gives him both a new maturity and dignity.

The story has been made vitally timely, with its opening scene in the wartime London of today with its blackouts and bombproof shelters, and then flickers back to events in the first World War. The romantic theme is woven around the 24-hour, whirlwind courtship of the petite dancer and the dashing officer, who meet on historic Waterloo bridge during an air raid.

YOUNGSTERS HELD IN COLD BLOODED DEATH OF FATHER

(Continued from Page One.)

Shoshone, Idaho, July 1.—(AP)—Three youths and a girl, near-hysterical, were accused today of the "exposure" slaying of the father of three of them.

In jail were George Sanders, 16; Joseph Sanders, 20, and Mrs. Elsie Phillips, 18, children of the victim, and the girl's husband, Chester Phillips, 22.

The four were arrested a few hours after the decomposed body of Charles Sanders, 48, Burley, Idaho, the hands and feet lashed with rope, was found in the desert six miles from nearby Kamina.

Sanders vanished June 21. The body was found Saturday night, the result of information provided by young George, Sheriff G. M. Brown disclosed.

"From the facts presented to the coroner's jury," Prosecutor C. C. Shaw commented, "this case appears to be about as cold-blooded a murder as anyone could imagine."

The jury decided Sanders died from "exposure and struggle." Shaw said the quartet would be charged with murder.

Phillips said "we tied him up to be sure he wouldn't come back." Brown related, adding that the quartet contended alleged mistreatment by the parent prompted their action.

ANNENBERG GIVEN 3-YEAR PEN TERM

Chicago, July 1.—(AP)—M. L. Annenberg, who climbed from immigrant wealth to one of America's wealthiest men, was sentenced to three year's imprisonment today for evading \$1,217,296 in federal taxes on his 1936 income.

Sentence was imposed on the 62 year old former racing news magnate by Judge James H. Wilkerson.

The judge declared that Annenberg's age and the fact that he had pleaded guilty to one count of an indictment, removing expense of a trial, had been taken into consideration.

Joseph E. Hafner, Annenberg's chief bookkeeper who pleaded guilty to aiding and abetting the evasion, was sentenced to five months in the county jail.

REFUGEE VESSEL LEAVES HONGKONG

Hongkong, July 1.—(AP)—A gray-coated Canadian Pacific liner, carrying the vanguard of some 4,500 British women and children being removed from this colony, nosed out of Hongkong harbor this afternoon.

Other outgoing ships also were jammed. Among their passengers was a sprinkling of Americans, although the majority preferred to remain until definitely ordered to leave.

The American liner President Coolidge remained here on order from Washington and Americans were prepared for the possible necessity of removing their women and children.

Dramatic Role

Richard Arlen, with Andy Devine as his co-star, comes to the New Rialto theatre for tomorrow and Wednesday in "Hot Steel," combining fast action, comedy and rugged dramatic scenes in a gripping story of a giant steel mill. Anne Nagel, Peggy Moran and Donald Briggs are featured.

"Charlie Chan's Murder Cruise," with Sidney Toler in the role of Chan, will hold top spot on the double feature program.

OPEN HEARINGS ARE DEMANDED ON KNOX, STIMSON SELECTION

Washington, July 1.—(AP)—Senatorial demands for open hearings on the Knox-Stimson cabinet appointments greeted congressmen returning to work after a week's recess.

Protesting that a "secret hearing would be very dangerous at this particular time," Senator Holt (D-W.Va.) said he would refuse to be bound by any secrecy pledge.

"They can expel me from the senate, but I won't be quiet about this," added the youngest senator, member of the naval committee which will hear Col. Frank Knox designated secretary of the navy, testily tomorrow on his qualifications.

Chairman Walsh (D-Mass.) had announced that the committee session would be closed to the public.

Hold Slavery Suspect Tacoma, July 1.—(AP)—Don Keller, 28, of Tacoma, was bound over to the federal grand jury today following a hearing before United States Commissioner H. G. Fitch on a charge of transporting a woman here from Salem, Ore., for immoral purposes. Bail was fixed at \$1,000.
