

BITTER CONTEST LOOMS IN COUNT MEXICAN BALLOT

Anti-Administration Candidate Prepares for Separate Tabulation of Results

Mexico City, July 11.—(P)—A bitter contest over last Sunday's violent presidential election appeared certain today when representatives of General Juan Andreu Almazan, anti-administration candidate, established separate tabulation quarters in which to count the results of the voting in the federal district and elsewhere. Almazan's men said this move was necessary because of the menace of "imported gunmen and lack of government protection" at ordinary tabulation places.

Followers of General Manuel Avila Camacho, the administration candidate, meanwhile were in complete control of the regular counting places in the federal district, which last Sunday cast a vote described by independent papers as an "overwhelming Almazan victory." Avila Camacho's men had been cast for their candidate. With two separate groups counting the votes, two "victors" naturally are expected to be reported to the chamber of deputies.

NAZI ACTIVITIES SEEN IN SOUTH

Washington, July 11.—(P)—Secretary Hull said today that reported German activities in Latin America in connection with the forthcoming Havana conference apparently was a species of intimidation of nations whose sovereignty was entitled to the fullest respect.

The conference of American nations will meet July 20 to consider methods of joint action on western hemisphere defense and economic unity. Hull's comment was prompted by questions at his press conference about dispatches, particularly from Central American countries, reporting that German diplomats had warned the governments of those countries against any action aimed directly or indirectly at Germany.

ARSENAL WORKERS FOUND SUBVERSIVE

Philadelphia, July 11.—(P)—The Evening Bulletin says three or four employees of the Frankford arsenal here were discharged yesterday "because of proven subversive activity."

The arsenal manufactures shells for the army's big guns and other ammunition for the nation's military forces. It employs about 5,000 men. The bulletin says it learned the dismissals followed reports by federal bureau of investigation agents.

HAPPY RELIEF FROM PAINFUL BACKACHE

Many of those gnawing, nagging, painful backaches people blame on cold or strain are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisons waste out of the blood. They help most people pass about 2 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste stays in the blood. Then, poisons may start nagging backache, rheumatic pain, loss of pep and energy, grinding on nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisons waste from your blood. Get Doan's Pills.

REPUBLICAN SHRINE—Here's the schoolhouse in Elwood, Ind., where Republican presidential nominee Wendell Willkie will formally accept the nomination. G.O.P. stalwarts point out that a sign over entrance reads "The hope of our country."

Woman for Vice President Suggested by Demo Leader

Chicago, July 11.—(P)—Why not a woman for vice president? Mrs. Elizabeth A. Conkey, Illinois national committeewoman asked the question today as delegates began arriving for the democratic national convention. Just to start the ball rolling, Mrs. Conkey, who is official convention hostess, Cook county (Chicago) commissioner and a political worker of 20 years' experience, said: "I would like to see Mrs. Mary T. Norton, representative from New Jersey, vice president."

NAZIS WILL FREE AMBULANCE MEN

Berlin, July 11.—(P)—All American ambulance drivers known to be in German hands are to be freed promptly, some after trying experiences, the German high command informed the U. S. embassy today.

Four who were missing many weeks finally were located in Brussels. After their capture, these men continued to assist British and French wounded behind the German lines until all had been cared for. The high command said all the American drivers would be released promptly, if arrangements could be made to send them home.

The embassy now is wiring relatives for funds. The four who have just been found at Brussels are George F. J. King (a native of Providence, R. I.), Donald O. Coster of Montreal and New York, John Clement of Wayland, Mass., and Gregory H. Wait of Shelburne, Vt.

Red Wine Tasters Too Enthusiastic

Moscow, July 11.—(P)—Wine-tasters on the payroll of the main Soviet wine trust are showing too much enthusiasm for their work. The result, the government newspaper Izvestia complained today, is that their activities are costing the Soviet treasury too much; about \$400,000 annually.

Some of the wine-tasters, asserted Izvestia, have carried their professional exuberance to the point of organizing "collective tasting parties."

Oregon Auto Tags Like Washington

Salem, July 11.—(P)—Oregon's 1941 automobile license plates, with white numerals on dark green background, will be the same colors as those of Washington state. Secretary of State Earl Snell said today. Snell said he doubted that the plates would be confused because the Washington plates will be larger than those of Oregon and will bear an alphabetical prefix to the numerals.

ARMY BOMBER BURNS AFTER CRASHING ON PENNSYLVANIA MOUNT

Somerset, Pa., July 11.—(P)—A twin-motored army bomber crashed late today on Laurel mountain, 10 miles from Somerset, and burst in flames. One passenger was killed in a leap from the ship, his parachute failing to open. Other victims were believed to be in the burning wreckage.

Clark Pritts, a fisherman, reported the plane circled for several minutes with one of its motors sputtering and missing as the pilot apparently sought an opening for a landing.

As the ship glided down to an altitude of about 500 feet, Pritts related, one of the occupants leaped out. The plane sank lower and at 300 feet suddenly nose-dived in the earth.

The gasoline tanks apparently exploded as the plane struck, enveloping the ship in flames. Lettering on the plane was burned off but a scrap of flight plans salvaged from the fire listed the numerals 34-296, organization 55, and the words Mitchell field.

F. D. R. SIDETRACKS EXPRESS WALKOUT

Washington, July 11.—(P)—President Roosevelt, using "last resort" procedure, has deferred the threatened strike of 30,000 employees of the Railways Express Agency, Inc.

The chief executive intervened after a Friday deadline was set for the walkout of the agency's union clerks and terminal workers. Dispute over working hours was the main issue.

In halting the threatened strike and ordering creation of a fact finding commission, Mr. Roosevelt invoked the emergency measures authorized by the railway labor act. George M. Harrison, president of the AFL Brotherhood of Railway Clerks, who previously announced the strike.

RAMBLING SATKOS REACH WRANGELL

Wrangell, Alaska, July 11.—(P)—The rambling Paul Satkos arrived here today with their larder well filled with salmon and lots of blueberries which they got on Anan creek on a stop-over on the way from Ketchikan.

Aside from putting their ark's bow across a log, with the stern on the beach, in Bradford canal, Satkos said the trip was uneventful. He said, however, the accident striped one main gear, which will cause a layover here several days for repairs.

151 ITALIAN AIRMEN KILLED SINCE START

Rome, July 11.—(P)—Military headquarters announced today that 151 Italian fliers were killed or missing and 103 wounded in the first 30 days of the war against Britain.

A list of casualties headed by the name of Marshal Italo Balbo (recently killed in Africa) showed 78 dead and 75 missing up to June 30.

Closing time for Too Late to Classify Ads is 1:30 p. m.

COMPULSORY TRAINING IS HELD ESSENTIAL BY ARMY CHIEF OF STAFF

Washington, July 11.—(P)—General George C. Marshall today urged enactment of compulsory military training to make possible further increases in the army which he said were "essential."

"We must have an increase in our armed forces and can not expect to get it on a voluntary basis," the army's chief of staff told reporters.

General Marshall will testify tomorrow on the pending Burke-Wadsworth training bill which he indicated the war department would accept with amendments he described as "minor."

"One change favored by the war department," Marshall said, was a longer period of combat training than the eight months proposed in the legislation.

His statement at a press conference was the first definite war department pronouncement on compulsory training.

Sky is Limit For Plane Purchases

London, July 11.—(P)—Lord Beaverbrook, minister of aircraft production, said in the house of lords tonight that "the sky is the limit" in the purchase of aircraft from America. "Our program is perfectly simple, everything we can possibly get."
