

## ZONTA PRESIDENT GREETES MEMBERS IN MEDFORD VISIT

Mrs. May Moyers McElroy Speaks at Noon Lunch—Dinner at Rogue Tonight

Mrs. May Moyers McElroy, president of Zonta International arrived in Medford this morning and was honored by Medford Zontians at a luncheon this noon in Hotel Medford.

In an informal discussion, Mrs. McElroy brought local members news of other branches of the organization and told of future aims of the club.

The president, whose home is in Washington, D. C., where she is a practicing lawyer, said that the Denmark Zonta club has completely disbanded since the war and that several other clubs in foreign countries have not been heard from since the war started. While mentioning war, Mrs. McElroy stated that the west is peaceful compared with the east where war talk and activities are more prevalent.

Mrs. McElroy is en route north to visit other Zonta clubs in this district before returning to her home. She was elected president of Zonta International at the recent national convention held in Denver, Colo.

A dinner at Rogue River lodge will feté the visiting dignitary this evening. Cars will leave from Hotel Medford at 6. Janie V. Smith, president of Medford Zonta, presided at today's session.

**Sour Cream Blueberry Breakfast Cake**

2 cups flour  
1 teaspoon soda  
1/2 teaspoon baking powder  
1/4 teaspoon salt  
1/2 cup granulated sugar  
2 eggs, beaten  
2 tablespoons fat, melted  
1 cup washed, drained berries  
1 cup sour cream  
Lightly mix ingredients and pour into a greased shallow pan. Sprinkle with the topping.

**Veal Chop and Mushrooms**  
6 loin veal chops  
1/4 cup flour  
1/2 teaspoon salt  
1/4 teaspoon paprika  
6 tablespoons bacon fat (or other kind)  
2 tablespoons finely chopped onions  
2 tablespoons minced parsley  
3 tablespoons minced celery  
1 1/2 cups sliced mushrooms  
1 1/2 cups milk

Wipe off chops with damp cloth, sprinkle them with mixture of flour, salt and paprika. Brown well in the fat heated in a frying pan. Cover, lower the heat and cook about 15 minutes. Pour in other ingredients and cook slowly 10 minutes. Str.

**Grazing Licenses**  
Last year in Oregon the U. S. grazing service licensed 155,918 cattle, 11,953 horses and 536,852 sheep for a total of 704,723 animal units to 1646 livestock operators. These range livestock men with their families, employees and business associates, represent fully 85 percent of the population of southwestern Oregon, according to Nic W. Monte, acting regional grazer.

## PETAÏN TO TRANSFER FRENCH GOVERNMENT TO VERSAILLES SITE

Bern, Switzerland, July 11—(AP)—Marshal Henri Philippe Petain, premier of France, in a broadcast heard here tonight announced plans to transfer his French government to the famous Palace of Kings in Versailles in German-occupied territory.

At the same time, he announced that the new French state—already substantially a dictatorship—would be decentralized and based on the old provincial system of pre-republican France.

The aged marshal, whose radio speech disclosing these plans was interrupted frequently by his coughing, gave the French nation an idea of how he intends to use the power which parliament had given to him to change France's form of government.

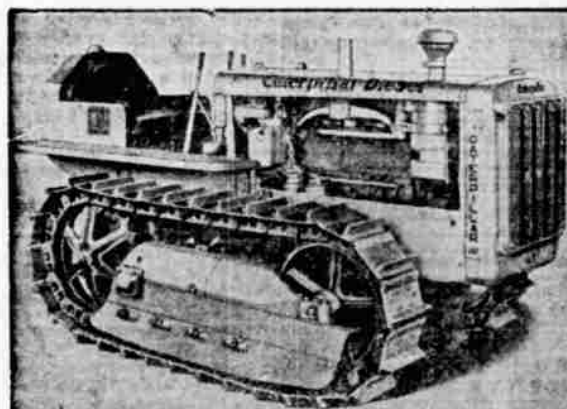

As he outlined it, it appeared the framework would be a totalitarian, though decentralized, unit.

### Crested Wheat Grass

In the five Columbia basin wheat counties in Oregon there are now 139,702 acres of crested wheat grass, planted mostly on marginal or steep wheat land. Last year in these same counties 391,800 acres were handled by the trashy fallow method. Perennial grass and trashy fallow are major factors in controlling wind and water erosion.

## CAN YOU AFFORD—

## NOT to Buy It?

A neighbor who owns a "Caterpillar" D2 Tractor gave us a new thought the other day. He said:

"I put off buying a 'Caterpillar' Diesel for a long time because I thought I couldn't afford it. Say, if I'd known that for every \$100 I spent for fuel before, I'd only spend \$25 on the D2, I wouldn't have put off buying it like I did. I figure now, I can't afford NOT to own it."

A "CATERPILLAR" DIESEL DOESN'T COST—IT EARNS!

Let us show you how a CATERPILLAR will cut the cost of YOUR orchard and farm operation. You simply can't afford to overlook CATERPILLAR economy!

## OREGON FARMS ARE 'PREPARED', REPORT STATES

Corvallis (Sp)—The AAA farm program, with its encouragement of conservation and assistance in marketing, has helped materially in increasing Oregon's "agricultural preparedness," says the newly-released annual report for 1939 of the Oregon agricultural conserva-

tion committee. Four farmers comprise the committee.

"At the time this report is being prepared," says the publication, "the word 'preparedness' is on the lips of everyone. No matter what America's future duties become, Oregon farmers will be well prepared to help with supplying food."

"Since the beginning of the AAA (in 1933), Oregon's farm lands have been improved and farmers have gained in security and efficiency. The AAA organization, having 174 county committees and 1026 community committees in Oregon, would be ready at moment's notice to operate effectively in meeting any demands upon the state's agriculture."

More than 36,000 Oregon farmers participated in the 1939 farm program, representing about 84 percent of the state's crop land. They received about \$6,000,000 in federal payments.

With Oregon's total agricultural income for 1939 well above 100 million dollars, AAA payments were less than six percent of this amount, yet they acted as a powerful incentive to better farming, the report points out.

Among aids to Oregon agriculture in 1939, as listed in the report, were adjustment of wheat acreage in line with demand, crop loans to wheat growers, crop insurance on wheat, financial aid to sugar

beet and fiber flax growers, improvement of water and grass resources on the range and promotion of conservation aids such as lime, phosphate, cover crops, trashy fallow, crested wheat grass, legumes and perennial grasses.

## GARDENS PREPARED FOR STATE COLLEGE

Corvallis.—(Sp)—Visitors to the Oregon State college campus next year will have opportunity to view and study the

Oregon State gardens being established on a plot of ground under the direction of A. L. Pack, head of landscape architecture and campus superintendent. The iris will be planted this summer and the roses and peonies this fall. The gardens are expected to be of particular interest to home owners, as well as serving research and industrial purposes at the college.
