We will probably not have evening services during the hot weather and busy summer time. Then we hope to get a worthwhile preacher and go ahead with the Lord's work.
We have a more friendly and Christ-like spirit lately; though not so large attendance, as we had in cooler weather.
We hope these faithful ones will renew their zeal and former activity. Our success depends upon it. The Lord has given us a new start, so let us not fail Him.
M. Brownrigg (preaching).

MEDFORD GUARDS SUBJECT TO CALL FOR WAR DRILLS

Portland, July 13.—(P)—The young men of Oregon national guards—boys who have held weekly armory drills and gone annually to field encampment—prepared today for their third mobilization in a quarter of a century.
Major-General George A. White of Oregon commander of the 41st division comprising 10,000 men in Oregon, Washington, Idaho, Montana and Wyoming, left for Fort Lewis, Wash., after conferring with regimental chiefs here last night.
It appeared possible 3300 Oregon troops would pack their kits for an indefinite service. Probably at Fort Lewis, the northwest's principal concentration point.
The Oregon guard was called to the Mexican border in 1916, to World War No. 1 and now for defense training.

Subject to the call would be the 162nd and 186th infantry regiments, 41st signal company, 218th field artillery and company H, 118th medical regiment, disposed as follows: Headquarters and headquarters detachment, 41st division, Portland; company H, 118th medical regiment, Lebanon; 162nd infantry regiment, headquarters, headquarters companies E, F, G and H and band, Portland; other companies from McMinnville, Silverton, Corvallis, Dallas, Salem, Eugene, Tillamook and Roseburg; 186th infantry regiment headquarters, company B and band, Portland; other companies from Oregon City, Woodburn, LaGrande, Baker, Pendleton and Astoria; 41st signal company, Portland; 218th field artillery headquarters and headquarters battery and entire regiment, all from Portland except two batteries, one from Hillsboro and the other from Newberg.
The only national guardsmen left in Oregon after removal of the 41st division would be the 249th coast artillery, recently equipped with searchlights and anti-aircraft guns.

Standard Oil Gives Pictures

"Miss Exposition" and Dr. Walter Heil, eminent art authority, at world-famous Fine Arts Palace in San Francisco, join in admiring beautiful color prints of Western scenes now being distributed to motorists by Standard Oil Company of California.
"Like thirsty deer at a brook, the American people drink up fine pictures at every opportunity. The new color-reproductions of Western scenic views now being distributed by Standard Oil Company of California will have a definite influence in art-precipitation and home-decoration for years to come," says Dr. Heil.
The newest Standard Oil picture, Wallowa Lake, is now being distributed to motorists by Standard Service men, L. T. Nygaard, branch manager of the company announced Saturday.
"Every motorist is welcome to have one of these prints, without any obligation," said Mr. Nygaard. "Just drive in and ask for one."

NOTABLES ATTEND CHURCH WEDDING OF HENRY FORD, II

Southampton, N. Y., July 13. (P)—Twenty-year-old Anne McDonnell and Henry Ford, 2nd, grandson of the automobile manufacturer, were married today in a pagan ceremony of the Roman Catholic church.
As they stood at the flower-banked altar of the Church of Sacred Hearts of Jesus and Mary, Monsignor Fulton J. Sheen gave a discourse on the power of love.
"Rings can be broken and lost," he said, "but love is undying."
The pretty blonde bride was smiling as she went to the altar, with her long white veil trailing behind her.
The 22-year-old son of Mr. and Mrs. Edsel Ford was baptized into the Catholic faith, the faith of his bride, by Monsignor Sheen late yesterday, in the presence of his parents, his bride-to-be and her parents.
Long before the marriage ceremony, hundreds of villagers had gathered across the street from the little church to view the notables and to applaud such personages as former New York Governor Alfred E. Smith, Henry Ford, Sr., and William S. Knudsen, head of the nation's fluoride production program.
The bride's 13 brothers and sisters and her 100 first cousins, uncles and aunts formed a cheery family background for her wedding.

NEWS VIEWS

By HALE WHEELER

WELL, Russia has been spreading over the Balkans like soft butter on hot toast—and with no apparent desire to heed Germany's muttered, "Get away boys, I'll bother me." In fact, the followers of the bear brought tanks and toothbrushes—as though looking forward to more than a week-end jaunt. With the Russian invasion, King Carol of Rumania reached the fifth step in the modern royal routine—which seems to follow the pattern of coronation, exultation, penetration, consternation and abdication. Looks like the only safe place for a king these days is in a hand of bridge.

Market reports say the average person in the U. S. consumes 25 dozen eggs per year. Vaudeville comedians, it is presumed, get more than this.
