

# RED CROSS SAYS OVER 5 MILLION HELPS REFUGEES

### American Tourists Also Aided; France Gets Most Funds; Britain Next.

Washington, July 16.—(U.P.)—The American Red Cross, in a recapitulation of its war relief activities, said today that \$7,384,878 has been spent for refugee aid, service to Americans abroad and administration costs.

Actual relief to stricken areas in cash contributions and supplies amounted to \$5,388,604, the report said. In addition, \$1,996,274 worth of supplies have been purchased but not allocated because of uncertainties in the present situation in Europe.

Amounts sent abroad include \$1,204,665 for the inquiry and information service, which locates Americans in Europe, for repatriation of American citizens and for chapters producing supplies to be sent to the war zones. Clothing, surgical dressings and the like, made by volunteer workers, so far have amounted to \$492,797.

The Red Cross broke down its relief distribution by countries as follows:

France—\$1,712,484 in cash expenditures and commitments and \$117,199 in chapter-produced goods. The latter includes 110,602 garments and 626,406 surgical dressings.

Great Britain—\$904,779 in expenditures and commitments and \$62,474 worth of supplies made by volunteers. These goods included 73,241 pieces of clothing and 398,627 surgical dressings. Ten ambulances also have been sent to England.

Poland—\$606,427 in expenditures and \$196,524 worth of chapter goods, including about 180,000 garments and 41,187 dressings.

Finland—\$367,452 in cash outlay and \$116,600 worth of home-made supplies, including 112,292 clothing items and 422,237 pieces for medical aid.

Norway—\$45,000 in cash, of which \$25,000 was administered by the British Red Cross and \$20,000 by the Swedish organization.

Although American Red Cross aid is available to any nation requesting it, officials here said that so far there has been no inquiries from any of the totalitarian countries.

## Orchestra Plays to Cooks To Keep Contract in Force

Asbury Park, N. J., July 16.—(U.P.)—A contract is a contract to the Charles Barrow orchestra, and it plans to continue its nightly performances in the Berkley-Carteret storeroom the rest of the summer.

The room is only 15 by 20 feet, and the nearest thing to an audience are the cooks and kitchen helpers in the adjoining room. The storeroom itself is littered with sacks and cans of food, but the orchestra has a contract calling for \$550 per week until September 2, and none of the eight musicians or the vocalist, Linda Lief, wanted to break it.

From June 29 until last Saturday the orchestra had played in the hotel's terrace garden. When it arrived for work Saturday evening it found another orchestra in its place. Arthur C. Steinback, president of the hotel, said the patrons liked the new orchestra better. When Barrow insisted on fulfilling the contract, Michael Kelly, hotel manager, assigned the Barrow band to the storeroom.

For three nights Barrow's orchestra performed faithfully in its new quarters from 6:30 p. m. to 2 a. m., with Miss Lief rendering an occasional vocalization.

The kitchen help reported it found the music soothing.

## COAST CONCERNS BOW TO RULINGS OF LABOR BOARD

### Consent Decrees End Labor Litigation in Aircraft Packing and Other Cases.

San Francisco, July 16.—(U.P.)—Consent decree ending labor litigation in several important Pacific coast cases involving national labor relations board decisions and orders were announced today in the ninth U. S. circuit court of appeals.

The consent decrees were reached through negotiations between attorneys for companies and associations in N.L.R.B. actions, and the N.L.R.B. They were announced simultaneously. The Douglas Aircraft corporation agreed to cease discouraging membership in the C.I.O. Auto Workers union at its Northrup plant, to cancel an anti-strike agreement which it allegedly required its employees to sign.

**Packing Firms Agree**  
Fourteen leading California packing firms, including the California Packers & Growers association, ended litigation

which started in 1938 when the C.I.O. Agricultural Workers union filed a complaint against them. The packers agreed not to coerce employees. Since the complaint was filed, the packers have signed a closed shop agreement with the A.F.L. Cannery Workers union.

The Milton Box company of Milton, Ore., agreed to cease interfering with AFL Lumber and Sawmill Workers union members and reinstate two employees with back pay. The Pacific Grape Products company of Modesto agreed to reinstate 125 members of the A.F.L. Cannery Workers union with back pay and cease alleged interference with union members.

**To Reinstate Seven**  
The Hammond Redwood company of Humboldt county agreed to reinstate seven members of the C.I.O. Lumber and Sawmill Workers union and cease alleged interference with union members. The West Oregon Lumber company of Eugene, Ore., agreed to cease alleged interference with the C.I.O. Lumber and Sawmill Workers union and reinstate 59 men with back pay.

## ITALY MAY GET TOGETHER WITH RUSSIA IN MEET

### Ciano Will go to Berlin for a Conference in Which Molotov Might Take Part.

Rome, July 16.—(U.P.)—Reliable quarters said today that Count Galeazzo Ciano, Italian foreign minister, would go to Berlin for important conferences in which Soviet Premier Foreign Commissar Viacheslav M. Molotov might participate. Advances by Italian troops in the British African colony of Kenya and great damage to the Palestine port of Haifa by raiding Italian planes were claimed today in Italy's war communique.

General headquarters of the armed forces said that Italian airplanes which bombed the port of Haifa caused fires which could be seen by Italian aviators 125 miles away. In East Africa, Italian troops who last week occupied British Moyale on the Kenya-Ethiopia

frontier, pushed into Kenya, occupying four strategic places, the communique said.

In the Lake Rudolf region, also in Kenya, the Italians, with the aid of native forces, claimed to have repulsed British attacks.

Italian planes which participated in the Haifa raid yesterday returned safely to their bases after hitting oil refineries and other plants, the communique said.

It alleged that British planes unsuccessfully attacked Tobruk.

Italian North African base, but one British plane was shot down and that its crew was captured.
