

ARREST 2 MINORS FOR NEW ROBBERY; SOLVES OLD ONE

Two minor Medford boys were arrested by city police yesterday for the robbery of the Severin electric shop Saturday, and with their arrest came the solving of the 10-month-old robbery of the Utopia tourist haven.

The two youths, 13 and 14 years old, went to the Severin electric shop, 1303 North Riverside avenue, Saturday afternoon to get a tire on one of their bicycles filled with air. While the attendant was doing this, they unlocked the cash box and stole \$31, which they later divided, city police said.

In the course of being questioned after their arrest, one of the boys gave the names of two other youngsters, who on September 20, 1939, stole \$30 from the cash register of the Utopia tourist haven, South Riverside avenue and Barneburg road, police explained. This robbery was accomplished when one boy told the attendant the men's rest room was out of order, and while the latter was investigating the money was taken and the boys rode away on their bicycles.

Police said that one of the youths involved in the Utopia robbery no longer lived here, but that the other, and the two who admitted taking the money from the electric shop, would appear in juvenile court. The one boy also confessed to the Utopia robbery, police stated.

Police explained that all three boys had been in trouble here at various times, for petty thievery in stores.

TERM SUSPENDED IN KERR DOG CASE

Alvin Kerr of Rogue River, charged with abandonment of an animal, in a complaint signed by S. W. Richardson, was given a six months' suspended sentence by Justice of the Peace Coleman yesterday, following hearing of testimony in the case. The animal in the case was a female dog belonging to Kerr. The minimum penalty is \$1 and costs, the maximum 60 days in jail or \$100 fine, or both.

The court was informed by the defense there was no intent to abandon the dog, and Kerr further stated he was now trying to find a home for it. It was testified that Kerr had planned to leave the dog with the Humane society, and was told to take it to the county pound near Phoenix. En route, the dog became sick, leaped from the car and later returned to the former home of Kerr in the Bucksport hill section.

LAKE CREEK FIRE QUICKLY QUENCHED

A smoker-caused fire was quickly spotted this morning on the Rogue River national forest. It occurred near the Milo Conley ranch on the Lake creek road in the Lake of Woods district. Mr. Conley and a forest look-out discovered the blaze and it was quickly put out.

About six acres of grass were burned along the S. P. tracks south of Ashland this morning, state forest patrol headquarters reported. The grass was ignited by an S. P. locomotive, headquarters said.

Three of the nine Rogue River national forest fires set by lightning Monday afternoon were reported out today. The other six had not been found and it was believed they went out by themselves.

Wall St. Reports

New York, July 17.—(AP)—The stock market dropped back into the doldrums today after an early attempt to resume an advance fizzled.
When the rally maneuver struck a snag, traders who had brought on the upturn in the previous session, hurried to lighten holdings. Gains of many issues changed into net declines of fractions to more than a point, but some held part of the advantage to the finish. Transactions approximated 375,000 shares.
Down most of the session were United States Steel, Bethlehem, Westinghouse, Du Pont, Chrysler, Douglas, Standard Oil of New Jersey, Loft, Western Union, American Can and Santa Fe.
J. I. Case spurted 2 1/2 on a single transaction. Also higher most of the time were Allied Chemical, Consolidated Edison, Caterpillar, Union Carbide and U. S. Rubber.
A rise in bonds tapered into a narrow sidewise market.
