WASHINGTON'S COMMONWEALTH BALKS AT F. D. R.

Leader Refuses to Make State's Vote Unanimous for Roosevelt in Chicago

By Frank G. Gorrie

Chicago, July 18.—(AP)—Members of the Washington state delegation to the Democratic national convention expressed bitterness today over their inability to make the vote of the three Pacific northwest states unanimous for the re-nomination of President Roosevelt because Hugh De Lacy "took a walk" last night.

De Lacy, president of the Washington Commonwealth Federation, refused to cast a vote because he said no candidate had been offered the convention who could keep the nation out of war.

Idaho, Oregon and Washington had cast their entire 34 votes for Roosevelt when De Lacy interrupted the proceedings to challenge Elwood Caples' announcement that "Washington casts its 16 votes for President Roosevelt."

De Lacy asked the convention chairman to poll the delegation and when it came his turn to vote said: "There being no candidate who can keep the nation out of war, I am present but not voting."

De Lacy left the convention floor after his statement.

(In Seattle today political observers speculated whether De Lacy's action meant the W.C.F. would bolt the party in the coming campaign. At various times he has threatened that his organization would break with the Democratic party unless a candidate selected at Chicago agreeable to federation leadership.)

The Washington standards were carried in the Roosevelt demonstrations.

David Epps and Stephenson Smith carried the Oregon standards.

Willis Mahoney, chairman of the Oregon delegation, seconded the nomination for Oregon by saying: "The mandate of the people of Oregon demands that we renominate President Roosevelt."

U. S. ARMY TRIES 'CHUTE SOLDIERS'

Washington, July 18.—(AP)—An experiment in the training of parachute troops such as Germany and Russia have used

in the European war was announced by the war department today.

For the first time, the department said, a test parachute platoon of two officers and 48 men has been organized and will be given training during the period of July 29 through August 3.

Secretary Stimson said that Major General G. A. Lynch had organized the platoon at Fort Benning, Ga., and that facilities of the Safe Parachute company, at Highstown, N. J., near Fort Dix, would be used for training.

The platoon will use towers and other equipment of the civilian company, which will lend its instructors. The troops will wear the air corps uniform which is similar to overall suits.

TOWNSEND HALL HAS DEVICE TO AID DEAF IN HEARING SPEAKER

For the benefit of those who are hard of hearing, Townsend club No. 2 has installed a new public address system, making it possible for everyone in the hall to hear with ease.

Club 2 meets Friday night and there will be reports from delegates to the St. Louis convention. An important personal communication from Congressman Mott will also be read. All members and friends of the Townsend plan are urged to be present.

The youth committee of Townsend club No. 2 will hold a free dance at 9 o'clock in the Townsend hall tonight.

The dance will be accompanied by free refreshments for everyone. All youth are urged to bring their friends and enjoy a good time. There will be no meeting preceding the dance. The hall is above the Baldwin Piano Shoppe.

Evangelist Will Speak Tonight on Subject, "Sold Out"

The Rev. Ferris Dodd will give a sermon on "Sold Out" at 7:45 tonight as his special evangelistic services are continued at the Full Gospel church. Tomorrow night at the same hour the visiting evangelist will speak on "What Does It Cost Not to be a Christian?"

These revival services at the Full Gospel church are now in their third week and are proving gratifyingly successful, said the Rev. Leonard Weston, pastor. They are being attended by an increasing number of first and return visitors, he added. The revival is nearing its end, he emphasized.

Vocal and instrumental music rounds out the program each evening.

BURNING MOTOR FIRES SAWDUST AT BOX FACTORY

The sprinkler system of the Timber Products company on North Central avenue went into immediate action when an electric motor burned out yesterday afternoon and set fire to sawdust in a blow-pipe. The fire thus was quickly controlled and kept from spreading. Damage was confined to the electric motor, the loss being estimated by the company at less than \$200.

The fire department answered a ward alarm at 3:43 p.m. and the firemen worked for almost an hour in putting out the sawdust and cleaning out the blow-pipe. A side-head on the large planer inside the planing shed had stuck and engendered heat by friction and after this condition had been corrected and the machine was turned on again it ignited, Edward Canoose, assistant fire chief explained. There was a sprinkler outlet directly over the machine and this turned on immediately and sprayed the machine with water.

The burning sawdust, however, was sucked into the blow-pipe and into a hopper. It was necessary to remove all the sawdust from the hopper and to shoot water through the blow-pipe in order to drench the fire and get it completely out.

ALCATRAZ CONVICTS MYSTIFY WARDEN BY PART HUNGER STRIKE

San Francisco, July 18.—(AP)

Convicts in Alcatraz federal prison have been staging a demonstration since last Monday by refusing to eat all or portions of their meals, and "the situation will bear watching," Warden James Johnston disclosed today. "It's a very queer situation and frankly I don't know what to make of it. The men may be working up to something serious, but so far I can't tell what it means," the warden said.

He said the convicts have been operating in "relays" of about 100 a day in refusing food since Monday morning. At breakfast today at least 100 turned down some of their food. Included in the demonstrators

are some of the nation's most notorious criminals—kidnapers, murderers, bank robbers and other federal prisoners—who have been lodged in the San Francisco bay "rock" for maximum punishment.
