

HAROLD WOODS IS ORDERED TO ARMY DUTY, UTAH POST

Cpts. Green and Holberton Also Assigned—National Guards Orders.

Several U. S. army reserve officers here have been ordered to active duty for various periods.

Capt. Harold Woods of the quartermaster corps reserve has received instructions to report to the regular army for duty for a year at Hill field, Ogden, Utah. He will leave here by car for Ogden July 26.

Capt. Terry H. Holberton and Capt. Fred W. Greene, infantry reserve, have been ordered to active duty for two weeks at Fort Lewis, Wash., to engage in 4th army maneuvers. The national guard will participate in the maneuvers.

Lieut. William Bowerman, infantry reserve, Medford high school coach, has been on active duty with the C. M. T. C. at Vancouver Barracks, Wash., and will complete the month on that duty.

Captain Woods received orders Friday to report at Ogden. He understood that a new army air corps field was being constructed and surmised he would be assigned to construction quartermaster work.

Captain Woods said that his father, Wallace Woods, would resume active management of the Woods Lumber company here, the captain having been in charge for some time. The Eagle Point Lumber company, which Captain Woods owns himself, will continue to operate as now under management of Rudy Weidman.

Captain Woods said he appreciated the patronage of his friends and he assured them and the public in general that both lumber companies would be operated during his absence in the same friendly and efficient manner as in the past.

Company A, 186th Infantry, and headquarters detachment, Oregon national guard, will depart by special train at 12:01 p. m. August 4 for Camp Murray, Fort Lewis, to take part in the annual three weeks' encampment.

Other national guard units will get on the train at Grants Pass, Roseburg, Eugene, Junction City and Albany. The train will be composed of 21 cars and will transport 562 men to the camp, said Capt. Carl Y. Tengwald, Company A commander. The entire 41st division and 40th division (California) will engage in the maneuvers.

The Medford branch wired the association's national headquarters in Washington, D. C., last night for precise information on the plan, particularly about transportation of the children from England and distribution of them in this country.

Meanwhile anyone able and willing to assist in any way in providing placements for the British children was asked to communicate with members of the local committee in charge of the plan. Committee members are Mrs. C. Reese Braley of Valley View Drive, telephone 889-J, Mrs. Justin B. Smith of 1013 South Oakdale avenue, telephone 349-W, and Mrs. Allen R. Smith of 906 West Fourth street, telephone 966-L.

In an urgent cablegram, the British Federation of University Women recently asked the American Association of Uni-

versity Women if it could provide homes in this country for children of British members during the war. It is this call for specific help that the American association is now trying to answer, the local committee emphasized. It was a direct appeal for help that no merciful American organization could refuse or ignore, the committee said.

They can't get along without it!

The life we lead, the work we do, the pleasures we enjoy are materially influenced by what's going on in the world. It's only natural, therefore, that reading the newspaper should be as much a part of everyday life as eating and sleeping.

Most people, as a matter of fact, can't get along without it . . . and practically everybody reads a newspaper every day, not only for the news it brings, but for the interpretation it presents, the pictures it prints, the entertainment it provides, the advice it offers.

Small wonder that the newspaper should be the forceful, profitable advertising medium that it is. Small wonder, too, that today, when the news plays so important a part in people's lives, the newspaper is an even more vital and profitable advertising medium than ever before.
