HUBBY ASKS DIVORCE WHEN WIFE LAVISHES AFFECTION ON GHOST

Los Angeles, July 25.—(P)—A ghost figured as co-respondent in a divorce trial before Superior Judge Thomas C. Gould today.

Dr. William A. Boyce, Hollywood eye specialist, in a cross-complaint to his wife's suit for divorce, charged that Mrs. Boyce, becoming interested in spiritualism, told him she had fallen in love with a spiritual soul-mate, "Sho-Sha," who had been with her in previous incarnations.

"It is your intention to name a ghost as co-respondent?" Dr. Boyce was asked in a deposition.

"Yes," he replied. "My wife said she was as much in love with 'Sho-Sha' as if he existed."

Dr. Boyce added in the deposition that Mrs. Boyce offered to obtain for him a soul-mate named "Adina." He accompanied her to a seance, and heard voices of those supposed to be those of George Washington, Robert Ingersoll, Huey Long and Will Rogers—"only when the trumpet was placed close to my face I could usually smell a human breath."

CONSCRIPT ARMY TO COST BILLION IN INITIAL YEAR

Lobbyist Says Passage of Bill Will Be Adolf Hitler's First Victory in America

Washington, July 25.—(P)—The house military committee heard from the army's general staff today that the cost of compulsory military service would be \$1,100,000,000 for the first year of operation and \$800,000,000 a year thereafter.

The estimate, by Major George L. Eberle, followed a declaration from Chairman May (D., Ky.) that "While I am opposed to war as much as any one else, I know that the best way to keep out of war is to be prepared for it."

Benjamin Marsh, veteran secretary of the People's Lobby, and a frequent visitor to congressional hearings, told the committee the pending military service bill was "Hitler's first victory in America."

An objection voiced by Maj. Gen. Milton A. Reckord of the Maryland national guard was that "the day may come when congress may not want to use the guard any more because of the large number of reserves, and may not give us financial support."

He said the bill should be amended to maintain the national guard as an integral part of the service.

Dr. C. S. Longacre, secretary of the Religious Liberty Association of America and a representative of the Seventh Day Adventists said that in time of war the Adventists would serve in "places of danger but would not 'shoot to kill.'"

SHORTER RIVER LONGER

De Lake Ore., July 25.—(P)—The little stretch of water from Devil's lake to the sea, publicized as the "shortest" river in the world, isn't as short as it used to be. Unusual ocean action in throwing up sand has trebled the length and probably cheated the stream out of its distinction.

FOREIGNERS PLAN ALUMINUM PLANT NEAR BONNEVILLE

McNary Reveals One of World's Largest Firms Negotiating for Power

Washington, July 25.—(P)—Senator McNary (R., Ore.) said today important foreign interests were discussing with him the possibility of establishing an aluminum processing plant in Oregon which would utilize power from the government's giant Bonneville hydro-electric plant.

McNary said one of the world's largest and best known firms was involved but that he was not at liberty to divulge its identity.

The senator said the negotiations were the outgrowth of his conferences a week ago with Edward R. Stettinius of the national defense advisory commission. At that conference the senator presented data to show Bonneville not only had ample power for national defense manufacturing but had favorable water and rail rates and good climate. His advocacy of Bonneville was so convincing that a few days later, he said, a national defense commission representative brought to him a representative of the foreign interests with whom he had held a series of conferences.
