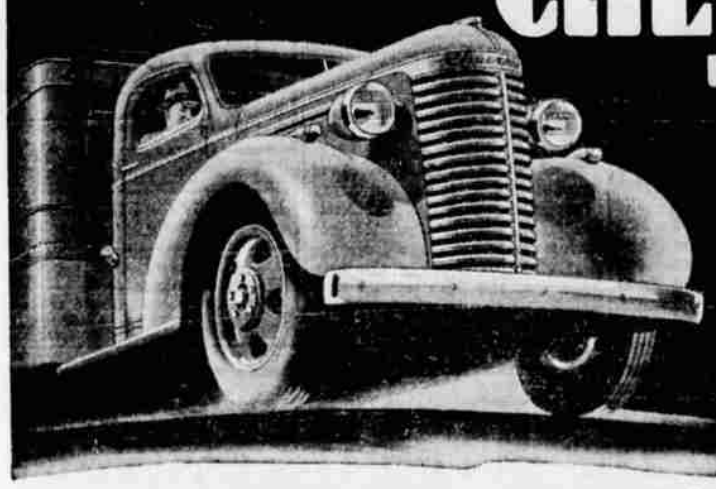
MODERNIZE YOUR MECHANIZED EQUIPMENT WITH CHEVROLET TRUCKS at today's low prices!



YOU KNOW THE LEADER IN TRUCK SALES MUST BE THE LEADER IN TRUCK VALUE

Truck buyers are careful buyers—they thoroughly analyze and compare all types of trucking equipment—they want to make certain that they'll get the make and type of truck best suited to their business requirements.

It is a significant fact that more truck users choose Chevrolet than any other make of truck . . . because Chevrolet trucks could not have established their record of leadership in 1940 and maintained it for six out of the last eight years had it not been that Chevrolet trucks deliver more dollar-for-dollar value than any other make.

All models and types of Chevrolet trucks may still be purchased at today's low price levels, so it would be wise to consider replacing some of your trucking equipment with new Chevrolets *now*.

TRUCK BUYERS DEMAND FACTS—
Chevrolet Gives Certified Proof

Truck buyers are often bombarded with claims about the respective merits of various makes of trucks. But wise truck-buyers say, "Give me facts—give me proof—I must run my business according to actual facts and figures and I demand the same kind of facts about the truck I buy."

WRITE FOR FREE BOOKLET "Says Who?"

In order to provide conclusive proof of the dependability, economy, and value of Chevrolet trucks, Chevrolet recently sponsored a test run of a stock Chevrolet truck which was the longest test run ever conducted under the supervision of the American Automobile Association.

The performance facts compiled from this history-making test run are all contained in an interesting booklet entitled "Says Who?" You may obtain one from your Chevrolet dealer or by writing to Chevrolet Motor Division, General Motors Sales Corporation, General Motors Building, Detroit, Michigan.
