Thirty-fifth Year No. 110

F. R. ASKS POWER TO SUMMON GUARD

(The presidential campaign this year holds special interest for the Pacific northwest because Senator Charles L. McNary is the Republican nominee for vice-president. For the first time, a native westerner and son of Oregon is on the ticket of a major party. Complying with numerous requests, the Northwestern News Service, Inc., has assigned Mr. Kelly to make a survey of sentiment in the agricultural mid-west and the public land states of the far west where Senator McNary is expected to make his strongest contribution to the Republican cause. The survey will be held in August.)

WOULD ALSO CALL OFFICERS RESERVE FOR WAR TRAINING

Letter to Senate Says Security of Nation Demands Immediate Drill for Men.

Washington, July 29.—(P)—President Roosevelt, saying he was "now convinced that the security of the nation demanded it, asked congress today to let him order the national guard and the officers reserve corps into "intensive training."
 "I cannot, with clear conscience, longer postpone this vitally essential step," the President said in a letter read to the senate.
 "This group of men who of necessity must be among the first to fight in the nation's defense have a right to the best preparation that time and circumstance permit," he added after noting that "we know too well the tragedy that ensues when inadequately trained men are assailed by a more skillful adversary."
 Period Not Set
 While the President did not mention in his letter any specific period of active training for the guard, the draft of accompanying legislation would specifically limit such training to one year.
 The extra-ordinary authority which would be given the president would expire June 30, 1942, under terms of the proposed measure. Service of the guardsmen would be restricted to the western hemisphere excepting for possessions of the United States and the Philippine islands.
 Democratic leader Barkley of Kentucky said the bill, as submitted by the president, probably would be introduced by Chairman Sheppard (D-Tex.) of the military affairs committee. He said speedy enactment would be sought in line with the president's request for immediate action.
 Would Train Draftees
 Senator Austin of Vermont, assistant Republican leader, said it was his understanding if the President were given the au-

Mayor F. H. La Guardia of New York (right) pleaded for compulsory military training when he testified before the House military affairs committee at Washington while Norman Thomas (left), socialist leader, opposed it. Japs Accuse British of Spying

Tokyo, July 29.—(P)—The foreign office disclosed today that arrests of Britons Saturday were made by military police under the direction of prosecutors "as the first step" against an alleged "British espionage network covering the entire country."
 Reports in Shanghai said 11 prominent British business men had been seized for undisclosed reasons in raids in five Japanese cities. British circles charged they were partly the result of German pressure.
 The foreign office statement declared the arrests were made "in view of ever-increasing activities of foreign organs of espionage in this country."
 (The arrests were confirmed in London, where it is expected the British news agency said, British Ambassador Sir Robert Leslie Craigie was trying to arrange for release of the arrested men.)
 Domei, Japanese news agency, reported one imprisoned Briton, Neville James Cox, veteran Reuters correspondent, had jumped to his death from the second floor of the Tokyo gendarmerie headquarters while the Japanese authorities were questioning him.
 The foreign office issued a statement purporting to show that Cox (whose detention was separate from the 11 other arrests reported in Shanghai) had committed suicide.
 He was arrested, the statement said, on a charge of espionage and flung himself through a window despite the efforts of guards to restrain him.

First Lady Quotes Nursery Rhyme as Jab At Deserters

New York, July 29.—(P)—Mrs. Eleanor Roosevelt had this to say today in her column, "My Day," about those whom she described as "new adherents" to the campaign of Wendell L. Willkie, the Republican nominee for president:
 "When I read in the newspapers every little while of this or that new adherent to Mr. Willkie's cause, recruited supposedly from the ranks of the new deal, I cannot help but smile.
 "I think I could have named them months ago. They always have been adherents of some cause, but never of the new deal.
 "I feel like repeating over them all, the nursery rhyme: 'Tom, Tom, the Piper's son. Stole a pig and away he run. The pig was eat, Tom was beat, And ran off crying down the street.'"

DESPONDENT BOY UNSUCCESSFUL IN SUICIDE ATTEMPT

Eugene Parks, 24, of 9 East Jackson boulevard was reported by his attending physician today as being in a "more than fair condition," following his attempt, according to city police, to take his own life early Sunday morning by firing a 32-calibre revolver bullet into his chest.
 The doctor said that Parks, who is in Community hospital, was not out of danger, but that he apparently stood a good chance to ultimately recover.
 The bullet entered his chest about an inch and a half and slightly below the center of his breast bone, pierced his left lung and lodged under his left shoulder blade.
 Thomas E. Goldfarb, step-father of Parks, told city police that he and his wife were awakened about 1:15 a. m. Sunday by the sound of a shot, and that when they got up to investigate they found Parks sitting in a chair in the living room, with the bullet in his chest.
 Police quoted the young man's step-father as stating that Parks had been despondent of late because he didn't have a job, and because of the loss of an eye in an automobile accident about two years ago.
 Goldfarb, after discovering his step-son, immediately notified police, who in turn called the Perl ambulance, which took the wounded man to the hospital.

British Skies Churned By Battling Warbirds

RUMANIA WILLING TO GIVE HUNGARY STRIP ON BORDER

Report of Concession Follows Return From Conference with Axis Leaders

Bucharest, July 29.—(P)—The Rumanian government's willingness to cede quickly a narrow border strip of Transylvania to Hungary was indicated in official quarters today.
 The government, it was said authoritatively, will propose that Hungary, which claims Transylvania as historic Magyar soil, content herself with the cities of Satu-Mare, Oradea and Arad and their environs and agree to an exchange of populations in other districts.
 This report followed a meeting between King Carol II and his premier and foreign minister, Ion Gigurtu and Mihail Manoilescu, almost as soon as they returned this morning from visiting the Rome-Berlin axis leaders in Salzburg and Rome.
 It was said in informed quarters that Adolf Hitler had told the Rumanian statesmen at Salzburg that he would arbitrate if Hungary and Bulgaria failed to reach an agreement on their territorial claims against Rumania in forthcoming direct negotiations.

GERMANS SUFFER HEAVY LOSSES IN SUNRISE INVASION

Eight Bombers, Seven Escort Planes Claimed Downed By British; Many Engaged

London, July 29.—(P)—The air ministry announced tonight that 20 enemy planes were shot down around the coast of Britain today.
 By the Associated Press.
 English skies throbbled with the sound of aerial dog fights today as the powerful German air force, repelled with losses in a sunrise raid on the south-east coast, sent hundreds of planes against inland objectives.
 Throughout the day Britain's airmen and anti-aircraft batteries battled the high-flying nazi invaders.
 The British officially fixed the German losses in the sunrise attack at 15—eight bombers and seven escorting fighting planes—but indicated the total might run higher. Unofficially it reached 23.
 Follows Night Foray.
 The German attack on the coast topped off a series of night raids, which the British countered with attacks on German-occupied France and the Netherlands.
 The British said they bombed German oil tanks at Cherbourg, France, and also dropped bombs on a German air base on the Dutch coast.
 In London, the admiralty acknowledged the loss of the 1,200-ton destroyer Wren, 27th to be officially announced.
 While the battle over the English coast raged, the German high command on the continent took action which some regarded as preliminary to the long-awaited final thrust at the British Isles.
 This was a German order published by the French government at Vichy halting rail traffic between German-occupied and unoccupied France and barring the return of millions of French refugees to their homes in the conquered territory.
 Informed German sources in Berlin, however, declared that nazi authorities had opened railway and highway traffic at four points in order to speed the return of refugees and to facilitate harvesting.
 It was recalled as possibly significant that an order giving the army command of all German railways preceded by a day the invasion of Belgium, the Netherlands and Luxembourg.

BOY KILLED BY BULLET INTENDED FOR TARGET

Hillsboro, July 29.—(P)—A bullet from a target rifle fatally injured John Clark, 12, son of W. W. Clark of Hillsboro yesterday.
 The victim and his brother emerged from a thicket at the edge of a target range on which W. R. Manley, Hillsboro greenhouse keeper, was firing from a prone position. Manley told Deputy Sheriff R. H. Busch he did not see the boys.

WILLKIE SAYS DEMOS FOR HIM UNLESS TIED TO PARTY MACHINES

Colorado Springs, Colo., July 29.—(P)—Wendell L. Willkie said today he saw no reason why any Democrat could not vote for him in preference to President Roosevelt, except those controlled by "corrupt and nauseating machines" in metropolitan centers which are supported on funds "supplied by the federal government."
 The Republican presidential nominee made this press conference assertion while being questioned about his prospects of carrying some southern states.
 He emphasized, however, that his attitude on a bolt of Democrats to the G.O.P. standard applied also to northern states.
 "I do not see any reason," Willkie said, "why any Democrat who subscribed to the Democratic platform of 1932, or any Woodrow Wilson Democrat should not vote for me in preference to the president, not on the basis of personalities but on what we respectively believe and advocate."

EASTERN STATES PART AS MIDWESTERN AREA ENJOYS COOLING RAIN

Partial relief from the season's longest and deadliest heat wave came to several midwest plains states today but the eastern half of the nation continued to pant and perspire.
 Widespread rains cooled off Nebraska where the mercury was as high as 105 at Lincoln yesterday. Showers relieved parts of Iowa, eastern Minnesota and western Wisconsin. Cooler weather was forecast for Michigan, the temperature having dropped to 82 at Detroit.
 Fatalities from the heat itself and by drowning in the heat wave which has continued nearly two weeks in some sections with only brief respites soared to more than 650. An Associated Press tally showed 321 heat deaths and 337 drownings.

SLAYER OF FIVE PLEADS GUILTY

Los Angeles, July 29.—(P)—Former junior high school principal Verlin Spencer, 37, of South Pasadena, accused of slaying five school associates and attempting to kill a sixth, changed his plea to guilty today when his trial was called.
 Evidence adduced at his preliminary hearing will be presented to the court to determine whether the charge will be first or second degree murder.
 Deputy Dist. Atty. Arthur Veitch submitted a lengthy statement recommending "sentences of consecutive imprisonment on each count," instead of possible death in the state's lethal gas chamber.

PRESIDENT VIEWS NORFOLK ACTIVITY

Norfolk, Va., July 29.—(P)—President Roosevelt inspected the navy's largest east coast base and the Norfolk navy yard today, picking up first hand information on a vital portion of the nation's defense system and commending the "splendid way" he saw under way.
 Disembarking from his yacht, the Potomac, which had brought him from Washington, the president stopped first at the navy yard, where 500,000 workers had been spent and 4,400 workers added since last September.
 A thousand men at the naval training station staged a formal review before Mr. Roosevelt drove slowly through the reservation to view new building activities and scores of naval aircraft lined up wing to wing.
 One embarrassed gob, standing at salute, sneezed just as his commander-in-chief went by.

NORTHWEST STATES' CASH FARM INCOME UP COMPARED TO '39

Washington, July 29.—(P)—Cash farm income of the four northwestern states increased in the first five months of this year as compared to the same period of the previous year.
 Data issued by the bureau of agricultural economics of the agriculture department showed that such income from livestock and livestock products and from farm markets was larger in Idaho, Washington, Oregon and Utah.
 The cash income from livestock and livestock products was the first five months of 1939 and 1940 as: Idaho \$14,073,000 and \$15,523,000; Utah \$11,285,000 and \$12,276,000; Washington \$22,068,000 and \$23,413,000; Oregon \$18,292,000 and \$20,896,000.
 California's income from the same sources for the periods was listed at \$82,912,000 and \$86,878,000 and Montana's at \$12,377,000 and \$13,320,000.

Liners Bring War Refugees, Duke of Windsor's Luggage

New York, July 29.—(P)—The Cunard-White Star liner Britannic arrived today with 14 pieces of luggage marked with the name of the Duke of Windsor, some of it bearing his crest as Prince of Wales.
 The ship, which left Liverpool eight days ago, carried 778 passengers, 272 of them British children, all accompanied by their parents. Its capacity is 1,500 persons.
 A second British ship, the Cameronia, with a reported 500 passengers, arrived right behind the Britannic, so unexpected that she had to anchor in the harbor several hours while a pier was made ready for her.
 Waiting at the Britannic's pier was J. P. Morgan, to greet three "children of friends of mine in London" who will live for the duration of the war at the Morgan estate, Matinick Point, Locust Valley, N. Y.
 They were: Lord Primrose, 11-year-old son of the Earl of Rosebery; George Vivian Smith, 6, and George's baby sister, one year old. The Smith youngsters are the children of a Morgan partner in London.
 Immediate destination of the Duke of Windsor's luggage remained a mystery. Ship's officers merely disclosed that it was sent unaccompanied, in care of the line.
 Among the passengers were Playwright Noel Coward, on a mission for the British ministry of information, and Mme. Genevieve Taubouis, foreign editor of the French newspaper "L'Oeuvre," a fugitive from nazi military authorities who asked for her arrest after the fall of France.
 "Liberty is dead in France today," she said. She escaped from France on a channel freighter.
 The Cameronia, which sailed from Glasgow a week ago Saturday, carried 445 adults and 100 children.

NAB RODEO QUEEN ON CHECK CHARGE

Seattle, July 29.—(P)—Miss Joan Thompson, 30-year-old rodeo performer from San Angelo, Tex., insisted to police today she won the money in a poker game, but she was being held for Alaska authorities on a charge of forging the name of Juneau's mayor, Harry I. Lucas, to a \$200 check.
 Miss Thompson was arrested as she arrived here from Juneau aboard the Alaska clipper, and extradition proceedings must be taken up with Gov. Clarence D. Martin of Washington as she was charged under territorial law rather than under federal statutes.
 San Francisco, July 29.—(P)—An "economic front" made up of the American nations and the countries of the British empire was suggested today by James A. Farrell, retired steelmaster, to match Europe's prospective totalitarian economic bloc.

Darty Platforms Disgust Townsend

Portland, July 29.—(P)—Dr. Francis E. Townsend, leader of the pension movement, is "thoroughly disgusted" with both the Democratic and Republican platforms, his son, Robert Townsend, told an interviewer here yesterday.
 He asserted that if the successful party in the November election doesn't "give us what we want" the Townsends would form a third party.
