

Mayor Urges Citizens to Join In Tribute to Sugar Industry

Mayor Charles C. Furnas today proclaimed August 2 to 17 as "Oregon Sugar Time," and urged recognition and support by Medford citizens of the rapidly growing beet sugar industry of Oregon.

The Amalgamated Sugar company plant at Nyssa, described as the nation's newest beet sugar factory, began its operations in the fall of 1938, it was pointed out by David W. Evans, of Stevens and Wallis, the firm's public relations counsel.

Last year it produced 728,000 100-pound bags of sugar, and this year will produce between 900,000 and 1,000,000 due to a larger beet acreage and better crop, he said.

With 18,250 acres in the area now growing beets, the factory this year will have a payroll of \$300,000.

In addition, benefits from the new industry will be reflected in the Medford area through the new beet seed industry. Where formerly Germany was depended on chiefly for it, the Oregon seed will go for farms in Idaho, Utah and California, as well as eastern Oregon, Evans said.

Mayor Furnas' proclamation follows:

"It is well recognized that the future industrial growth of Oregon is dependent upon the encouragement of all phases of agriculture throughout the state. Like wise, this industrial

growth, so essential to the ultimate solution of Oregon's unemployment problem, must follow the development of arable lands from the vast acreages that have lain dormant in past years.

"Further recognizing the fact that idle prairie lands under the Vale-Owyhee project have become productive and the growing of sugar beets in this area is now a successful and profitable farm endeavor.

"Therefore, the citizens of Medford extend hearty best wishes to the growers of sugar beets in this new important agricultural area and commend the Amalgamated Sugar company for this company's foresight and enterprise in establishing one of America's most modern sugar factories at Nyssa. This two-and-one-half million dollar plant, manufacturing Oregon's own "White Satin Sugar" will contribute substantially to the wealth of this state, thus:

"I hereby proclaim for Medford a two-week period from August 2 to August 17 as "Oregon Sugar Time" and urge the citizens of this community to join with Governor Sprague and other communities of this state in acknowledging the part which the new sugar industry is playing in the progress and prosperity of Oregon.

"CHARLES C. FURNAS, Mayor of Medford."

Cupid Fails to Capitalize On Conscriptio Expectancy

The possible imminence of military conscription has failed to stampede the American male into marriage as it did in the spring of 1917, a United Press survey indicated today.

Marriage license bureaus throughout the nation reported few gains in applications either since January 1 or since congress began considering a conscription bill which would require millions of eligible bachelors between 21 and 31 to report for military training for one year. Married men would be exempt.

The volume of licenses issued during June this year was the greatest of any month this year in at least 42 states, but license clerks thought that was only because it was June. In some states it was attributed to a desire to avoid newly imposed physical examination requirements for applicants.

Registrar James A. Burke of Boston said 115 licenses were issued at his office on July 29 to set a new day's record. It was 13 more than were issued in April, 1917. He said 99 of the men were of draft age and said a few made inquiries about "time allowances" to avoid conscription.

New Orleans reported an increase of 85 licenses during July—or since conscription has been debated in congress—but bureau officials said the gain was not abnormal. Other minor gains this month were noted at San Francisco, in several Iowa counties and Milwaukee, Wis.

struck Robert on the head. Both boys tumbled 40 feet to the bottom of the cliff. It could not be determined definitely but authorities thought that the rock inflicted the fatal injury.

Condition of the Hilkey boy was reported much improved today. He is under treatment at the Osteopathic hospital. He suffered multiple lacerations, contusions and abrasions and shock. He is the son of Mr. and Mrs. Oliver Hilkey, Butte Falls.

Funeral services for the Schnurr youth will be held at 1:30 p. m. tomorrow in the Perl chapel. Burial will take place in the Butte Falls cemetery. Robert was the son of Mrs. Edward Cook of Butte Falls.

H. W. WHILLOCK TO HIGH NAVAL RANK

Word has been received here of the appointment of H. W. Whillock, former Medford resident as lieutenant-commander in the U. S. naval reserve, with headquarters in Idaho. His duties, according to a Boise, Idaho, newspaper, will be to act as Idaho liaison officer for the navy in selective service activity.

Mr. Whillock, a Medford senior high school and Oregon State college graduate, left here about 10 years ago. He was a shoe merchant in Boise for a number of years and recently was president of the Boise Chamber of Commerce. He formerly held a commission with the army air corps as a lieutenant.

Mrs. Whillock is a brother of Mrs. William Holloway of this city, and has many friends here who will be glad to learn of his naval appointment.

No Authority
Salem—(UP)—Attorney General I. H. Van Winkle has ruled that the governor has no authority to grant reprieves or commutations of sentence to boys in the state training school. The

attorney general said that children sent to the training schools are not classed as criminals and therefore do not come under the governor's pardoning authority.

My Stars!
Los Angeles—(AP)—Some mystery is attached to an old American flag with only 13 stars in the field which a friend gave to Mrs. Winifred Jones 20 years ago. The stars are scattered

over the field instead of being arranged in a circle as agreed by the continental congress.

SKULL FRACTURE CAUSED DEATH OF BUTTE FALLS BOY

Robert E. Schnurr, the 18-year-old Butte Falls boy fatally injured in a cliff accident in the remote Blue canyon region Tuesday afternoon, died of a basal skull fracture, the coroner's office stated today after a post mortem examination had been made.

With his brother, Roy, and Leonard Hilkey, 16, also of Butte Falls, the Schnurr youth was climbing a cliff when the accident occurred. A large rock, which gave way under Leonard's weight, crashed down and

Those in the know ask for **OLD CROW** Bottled-in-Bond Kentucky Straight Bourbon Whiskey

FOR ENJOYMENT: Same fine quality that made Old Crow famous.

FOR THRIFT: A POPULAR PRICE on this great whiskey.

When buying bourbon ask for Old Crow by name.
