

## HORSEBACK TRIPS, HIKING NOW BEST IN FOREST AREAS

Short Side Jaunts Lead to Remote, Primitive Parts of Stately Timber Land

The following recreational bulletin was issued today by Rogue River national forest headquarters:

"Hiking or horseback trips to the more remote parts of the Rogue River national forest are most enjoyable now because of the unusually cool, clear weather.

"Good saddle horses may be rented at Lake o' Woods and Union Creek. From Lake o' Woods, a one-day trip by horse may be made into the Mountain Lakes primitive area, and shorter ones to other lakes on the Cascade divide. From Union Creek the streams at the head of Rogue river and the peaks and meadows along the Umpqua divide offer many restful rides through the magnificent timber for which this district is noted.

**Surprises In Store**  
"Even short hikes from the roads and camp lead to innumerable areas with surprisingly remote characteristics. The most easily traversed trail of this kind is from the Union Creek camp to Natural Bridge, a distance of three and one-half miles on an almost level route. The trip to Seven lakes is the most popular for the more ardent hikers. At Dead Indian Soda Springs a beautiful trail leads up the south fork of Little Butte, little known to any but fish-

**ALL DRESSED UP AND NO PLACE TO GO**—Slim though the chances are for foreign competition, because of the war, the American Ryder Cup team is on its mark, and ready to go—where? Standing, left to right, at Detroit, where they've been playing matches for charity: Horton Smith, Tom Walsh (P.G.A. president); Walter Hagen, captain; Vic Ghezzi, Sam Snead and Henry Picard. Seated, left to right: Byron Nelson, Jug McSpaden, Ralph Guldahl, Paul Runyan, Dick Metz, Jimmy Hines.

men. These are only a few suggestions — at any ranger or guard station on the forest directions may be secured for many others to meet your desires.

"Fishing continues good in most of the forest lakes and streams. Anglers are especially directed this week to the following:

"Lake o' Woods for bass and perch and silversides by trolling. "Fish lake, which is producing some good catches in spite of low water.

"Fourmile lake, for rainbow with flies, especially in afternoon and evening.

"South and middle forks of Rogue river, using greyhackle flies with yellow bodies.

"Mid, Grass and Cliff lakes in the Seven Lakes group, for deep fishing from raft.

"Mill, Ginko, and Castle creeks and Rogue river above Foster creek.

**Fire Caution Urged**  
"In the Rogue river below Trail, the cool weather has brought a few steelhead and several have been taken with royal coachmen and greyhackle flies; trout fishing continues to be excellent. The main summer run of steelhead has not yet appeared.

"The berry crop at Huckleberry mountain is now at its peak and, although scattered, some good picking is available. Huckleberry lake on Umpqua divide is also popular. At both places the berries are unusually large. They may also be found at Parker meadows and Blue Rock in the Butte Falls district, near the Fourmile Lake road and on Dry creek near Lake o' Woods.

"As the high winds prevalent every afternoon increase the forest fire hazard, it is hoped that the cool weather will not cause a mistaken feeling of safety with the use of fire by recreationists."

**To Build Alaska Base.**  
Seattle, Aug. 2.—(P)—The Post-Intelligencer said today it had learned from a reliable source the new naval air base at Dutch Harbor, Alaska, will be constructed by a Seattle-Spokane-Minneapolis syndicate at an initial cost of at least \$2,900,000.

## COMMITTEE BALKS EFFORT TO LIMIT CALL TO 900,000

(Continued from page one.)

He got final action in a month. Allen pointed out that less than two members from each of the 119 Oregon posts is required to break the record.

**Gene Coy Colored Band At Oriental Gardens Thursday**  
Gene Coy and his "Golden Gate" orchestra of San Francisco is set to play at the Oriental Gardens on Thursday, August 8. This popular colored attraction is making a real hit all up and down the coast, where they have done a surprising business. The band promises to break all records, according to advance ticket sales.

The band consists of 12 musicians and "Pinnocchio" the tap dancing fool.

**Total Defense Needed**  
Declaring he had abandoned long ago the practice of sending up what he called ready-made bills to be rushed through congress, Mr. Roosevelt added that he was leaving to the legislature the age brackets for registrants under a compulsory training law.

The simple fact is, he continued, that the lessons of the present war show defense means total defense. Under modern circumstances, he continued, that means a lot of new machinery and equipment which the nation hasn't got but is beginning to get.

He said that William S. Knudsen, in charge of defense plans for industrial production, told him the other day that a lot of companies were proceeding with \$1,800,000,000 worth of orders for all kinds of materials and machinery without waiting for actual contracts.

The United States, he declared, had learned from the present war that nations without trained man power were in a bad way.

Meantime—proposals to delay congressional action on conscription pending a drive for voluntary one-year enlistments in the army gained new adherents in the senate.

## LEGION NEARING MEMBER RECORD

Grants Pass, Aug. 2.—(P)—The Oregon department of the American Legion is approaching an all-time high mark in membership, Commander Niel R. Allen announced today.

Carl R. Moser, adjutant, informed him the total Friday was 12,038, only 190 members below the high mark set in 1936. The department has until the end of the calendar year to set a new record, but Commander Allen said he was appealing to all posts for a special membership drive before August 14 when National Commander Raymond Kelly will arrive in Oregon.

## STATE PAYS HUGE LIQUOR STOCK TAX

Portland, Aug. 2.—(P)—The state liquor commission dug up \$77,541 on August 1 liquor stocks today to meet the new national defense tax.

Administrator J. J. Hauge explained the outlay will be "softer" in the future because it will be paid by the distillers at 75 cents a gallon and passed on to the commission as stocks are replenished. In turn the tax will be absorbed by the consumer who will pay 25 cents a quart and 15 cents a pint more for liquor.
