Verdict Wasn't

Trenton, N. J.—If a jury verdict is sensible although a juror is insane, there is no cause for mistrial, Circuit Court Judge William A. Smith believes. Six days after a \$10,000 verdict was returned against an insurance company, the judge said, a male juror was found "acting like a wild man" and was placed in a hospital. "This juror may have been crazy," Judge Smith declared, "but we cannot say that of this verdict."
