

Woman Puts in 50th Year At Huckleberry City Camp

Mrs. Alice Hamilton of Klamath Falls is picking berries at Huckleberry mountain for the 50th consecutive year. She is camped at Huckleberry City in the Rogue River national forest with her brother, Lee Harrington.

Mrs. Hamilton plans to stay at her Huckleberry City camp until the berry season ends. Rogue River national forest headquarters said. She established her camp the latter part of June, picking out an advantageous site, staking off the best berry patch and otherwise getting the jump on the pickers who wait until it's time for the berries to ripen.

How many berries Mrs. Hamilton has picked this year no one in the forest service would estimate. She sells the berries to the Union Creek resort and to stores in Klamath Falls, making deliveries in her pickup truck.

Her brother doesn't care much about picking berries; so he spends most of his time fishing.

Mrs. Hamilton's camp was described by forest headquarters as being exceedingly well kept. During the rest of the year Mrs. Hamilton operates a boarding house in Klamath Falls; in the summer a friend takes charge of the business so that Mrs. Hamilton might take her annual pilgrimage to Huckleberry mountain.

After the day's picking, Mrs. Hamilton sits around her camp and plays pinochle or pitches horseshoes with her brother and other campers. She packs a .22 rifle wherever she goes in the forest.

A skilled hunter, Mrs. Hamilton follows her berry picking with hunting in the fall, and she has the reputation of never failing to get the limit bag of deer. She is part Indian and so she is permitted to hunt on the Klamath reservation without a license, but usually she procures a license anyway so that she might hunt wherever she chooses.

No one in the forest service would venture a guess as to her age, and Mrs. Hamilton doesn't tell.

Extra Song Period At Camp Meeting For Tindley Duo

A special feature is scheduled tonight at the indoor camp meeting at the Medford Church of the Nazarene, Holly at First St. In answer to the desire of many to hear Professor and Mrs. Eibert T. Tindley sing more than can be worked in during the nightly services, the church has arranged an extra 15-minute period of singing by them, beginning at 7:30. Professor Tindley is a vocal student of Eugene D'Avengne, of New York city. Mrs. Tindley, a coloratura soprano, took her training in the Pittsburgh musical institute in Pittsburgh University.

The ministry of Dr. T. W. Wilingham, evangelist for the series, is meeting with high commendation by those who hear him nightly.

There will be services also Friday and Saturday nights of this week at 7:45. The public is invited.

GEN. WHITE EXPECTS 41ST DIVISION WILL JOIN MOBILIZATION

Camp Murray, Wash., Aug. 8.

(P)—Major General George A. White, commander of the national guard's 41st division, revealed today he has "every evidence" that his unit, comprised of guardsmen from Oregon, Washington, Idaho, Montana and Wyoming, will be mobilized.

"In view of scores of telegrams I have received, and as the result of trips to Washington D. C., I know the 41st is going to be mobilized," Gen-

eral White said in an interview.

However, he added, 41st division troops, now being concentrated here for fourth army maneuvers, will return to their home stations August 24 "because the mobilization order will not come during the present encampment."

The 41st was one of the divisions listed in President Roosevelt's recent mobilization plans.

As more than 5,000 sweltering troops rolled in today by truck and train, principally from Idaho and Montana, General White pointed out that for the first time since world war days "guardsmen are not 'combed in for a picnic.'"

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 12 million of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pain, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 12 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
