PRESIDENT DOUBTS NATIONAL GUARD WILL SERVE AFAR

Odds 100 to 1 Against Soldiers Ever Leaving U. S. Or Possessions in Peace

Hyde Park, N. Y., Aug. 9.—(AP)—President Roosevelt said at a press conference today the betting odds were 100 to 1 that the national guard never would have to go outside the limits of the United States or its possessions in peace time.

He made that statement in discussing an amendment, defeated before the senate passed a bill to permit him to call out the guard and organized reserves for federal training, which would have limited their service to the continental United States and American possessions.

His remarks were made after a reporter observed that Senator McNary (R., Ore.), the Republican vice presidential nominee, had voted for the amendment.

Acceptance Day Set
The president disclosed that he and Secretary Wallace, the Democratic vice presidential candidate, had decided at a conference yesterday that the secretary should formally accept his nomination in Des Moines on August 29.

"Do you think Wallace might resign (from the cabinet) soon after that?" he was asked.

He said he thought the resignation would come whenever Wallace started on any campaign trip.

But he asserted no plans were made for any trips at yesterday's parley, at which the Democratic candidates discussed campaign issues.

Mr. Roosevelt is starting tonight for New England to inspect defense projects in New Hampshire, Massachusetts, Rhode Island and Connecticut.
