Claudette Colbert At Rialto

In the film that has set the pace for the screen's funniest and zaniest comedies, Claudette Colbert stars opposite Clark Gable in Frank Capra's "It Happened One Night," which opens for today and tomorrow only at the Cool Rialto theatre as the third in their week of Capra's greatest hits. Winning for the first and only time all five major Academy Awards, "It Happened One Night" tells the story of a young newspaper man en route from Miami to New York by bus. On the road he recognizes Ellen Andrews, a run-away heiress, for whose return her father has offered a huge reward. Their cross-country chase and ensuing romance makes for a grand morsel of screen entertainment that will never be forgotten. The late Walter Connelly and Roscoe Karns head the supporting cast. Due to its length and popularity, this "most popular of all Frank Capra's comedies" is being single billed.

Wall St. Reports

New York, Aug. 22.—(AP)—The stock market pointed selectively higher today for the fifth successive session, apparently reflecting further hopes for cheering war developments and home business prospects. The list tilted forward at the opening, subsided for a while and then came back in the final hour to around the best marks of the day when gains of fractions to 2 points were well distributed. While the pace slowed occasionally, transfers approximated 450,000 shares, livestock turnover since August 13. Steels, motors and a wide assortment of specialties were among the most popular. Sparkling Comedy At Craterian Held Cure For The Blues

A sure cure for the blues, rating a laugh a minute, opened at the Craterian theatre yesterday for an engagement of four days in "I Love You Again," co-starring William Powell and Myrna Loy. The film, presenting a fast-moving, laugh-packed series of situations, deals with the plight of a man who suddenly recovers from an eight-year attack of amnesia and discovers that during that time he has acquired a new personality, a charming wife who is about to divorce him, a spotless reputation as the leader of a community called Habersville, a bank account and the manager's berth in a large pottery firm. Powell has never had a happier screen role. The opportunity to portray a character decidedly different from the suave, polished detective in the early portion of the film, is something to see. Imagine him, if you can, with a frowny moustache, tight pants, white shoes and the hobby of amateur taxidermy. Once again Myrna Loy is cast as his wife, but she's not the perfect spouse on this occasion. As a matter of fact, the usual procedure is reversed, with Powell forced to chase after her instead of the opposite.

TIME ROLLS BY OLD FIRE LADS

Kearney, Neb. (AP)—Modernized fire-fighting equipment, which made obsolete the fire horse, has eliminated a great American pastime of the Gay Nineties—intercity fire department track meets.

Kearney old-timers remember "way back when" and recall that it was 50 years ago that the Kearney extinguishers distinguished themselves as fire-footed fire fighters. It happened during the era when races between fire stations from all over the country attracted as much attention as present day football games and inter-collegiate track carnivals.
